Privacy And Technologies Of Identity:

Privacy and Technologies of Identity Katherine J. Strandburg, Daniela Stan Raicu, 2005-09-16 Privacy and Technologies of Identity A Cross Disciplinary Conversation provides an overview of ways in which technological changes raise privacy concerns It then addresses four major areas of technology RFID and location tracking technology biometric technology data mining and issues with anonymity and authentication of identity Many of the chapters are written with the non specialist in mind seeking to educate a diverse audience on the basics of the technology and the law and to point out the promise and perils of each technology for privacy The material in this book provides an interface between legal and policy approaches to privacy and technologies that either threaten or enhance privacy This book grew out of the Fall 2004 CIPLIT r Symposium on Privacy and Identity The Promise and Perils of a Technological Age co sponsored by DePaul University s College of Law and School of Computer Science Telecommunications and Information Systems The Symposium brought together leading researchers in advanced technology and leading thinkers from the law and policy arenas many of whom have contributed chapters to the book Like the Symposium the book seeks to contribute to a conversation among technologists lawyers and policymakers about how best to handle the challenges to privacy that arise from recent technological advances

Privacy and Identity Management for Emerging Services and Technologies Marit Hansen, Jaap-Henk Hoepman, Ronald Leenes, Diane Whitehouse, 2014-05-02 This book contains a range of keynote papers and submitted papers presented at the 7th IFIP WG 9 2 9 5 9 6 11 7 11 4 11 6 International Summer School held in Nijmegen The Netherlands in June 2013 The 13 revised full papers and 6 keynote papers included in this volume were carefully selected from a total of 30 presentations and 11 keynote talks and were subject to a two step review process The keynote papers cover the dramatic global changes including legislative developments that society is facing today Privacy and identity management are explored in specific settings such as the corporate context civic society and education and using particular technologies such as cloud computing The regular papers examine the challenges to privacy security and identity ways of preserving privacy identity and identity management and the particular challenges presented by social media

Identity and Privacy in the Internet Age Audun Jøsang, Torleiv Maseng, Svein J. Knapskog, 2009-09-30 The NordSec workshops were started in 1996 with the aim of bringing together searchers and practitioners within computer security in the Nordic countries thereby establishing a forum for discussions and co operation between universities industry and computer societies Since then the workshop has developed into a fully fledged international information security conference held in the Nordic countries on a round robin basis The 14th Nordic Conference on Secure IT Systems was held

in Oslo on 14-16 October 2009 Under the theme Identity and Privacy in the Internet Age this year's conference explored policies strategies and technologies for protecting identities and the growing flow of personal information passing through the Internet and mobile networks under an increasingly serious threat picture Among the contemporary security issues discussed were security services modeling Petri nets attack graphs electronic voting schemes anonymous payment schemes mobile ID protocols SIM cards networks embedded systems trust wireless sensor networks privacy privacy disclosure regulations financial cryptography PIN verification temporal access control random number generators and some more As a precursor to the conference proper the Nordic Security Day on Wednesday 14 October hosted talks by leading representatives from industry academia and the government sector and a press conference was given

Privacy, Identity Theft, and the Protection of Your Personal Information in the 21st Century United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Technology, Terrorism, and Government Information, 2003 Privacy in the Information Society Philip Leith, 2016-12-05 Information society projects promise wealth and better services to those countries which digitise and encourage the consumer and citizen to participate As paper recedes into the background and digital data becomes the primary resource in the information society what does this mean for privacy Can there be privacy when every communication made through ever developing ubiquitous devices is recorded Data protection legislation developed as a reply to large scale centralised databases which contained incorrect data and where data controllers denied access and refused to remedy information flaws Some decades later the technical world is very different one and whilst data protection remains important the cries for more privacy oriented regulation in commerce and eGov continue to rise What factors should underpin the creation of new means of regulation The papers in this collection have been drawn together to develop the positive and negative effects upon the information society which privacy regulation implies Privacy and Identity Management. Data for Better Living: AI and Privacy Michael Friedewald, Melek Önen, Eva Lievens, Stephan Krenn, Samuel Fricker, 2020-03-10 This book contains selected papers presented at the 14th IFIP WG 9.2.9.6.11.7.11.6 SIG 9.2.2 International Summer School on Privacy and Identity Management held in Windisch Switzerland in August 2019 The 22 full papers included in this volume were carefully reviewed and selected from 31 submissions Also included are reviewed papers summarizing the results of workshops and tutorials that were held at the Summer School as well as papers contributed by several of the invited speakers The papers combine interdisciplinary approaches to bring together a host of perspectives which are reflected in the topical sections language and privacy law ethics and AI biometrics and privacy tools supporting data protection compliance privacy classification and security assessment privacy enhancing technologies in specific contexts The chapters What Does Your Gaze Reveal About You On the Privacy Implications of Eye Tracking and Privacy Implications of Voice and Speech Analysis Information Disclosure by Inference are open access under a CC BY 4.0 license at link.springer.com
