Private Dicks And Feisty Chicks An Interrogation Of Crime Fiction:

Private Dicks and Feisty Chicks Cathy Cole, 2004 No Marketing Blurb *Lesbian Detective Fiction* Phyllis M. Betz, 2006-07-24 This work examines how lesbian detective and mystery fiction represents lesbian characters and experience within the confines of the genre As this book points out such fiction reveals the lesbian s increasing visibility in the wider society Nevertheless it can still be difficult to find a complete representation of lesbian life in mainstream literature Often the best place to find the lesbian represented in books is within the pages of genre fiction especially the detective story This book looks at how the lesbian characters public and private lives intersect often at the point of coming out or of moving from isolation to connection with the community Also considered is the lesbian detective s typical confrontation with two crucial elements of the investigator s role the use of violence and the acquisition and expression of authority within police systems Other topics of discussion include the cultural environments in which the stories are situated and the use of humor as a key weapon in the lesbian detective s investigative arsenal *The Ethical Detective* Rachel Haliburton, 2018-02-28 Detective fiction and philosophy³ 4moral philosophy in particular³ 4may seem like an odd combination Working within the framework offered by neo Aristotelian virtue ethics this book makes the case that moral philosophers ought to take murder mysteries seriously seeing them as a source of ethical insight and as a tool that can be used to spark the ethical imagination Detective fiction is a literary genre that asks readers to consider questions of good and evil justice and injustice virtue and vice and is consequently a profoundly and inescapably ethical genre Moreover in the figure of the detective readers are presented with an accessible role model who demonstrates the virtues of honesty courage and a commitment to justice that are required by those who want to live well as a virtue ethicist would understand it This book also offers a critique of contemporary moral philosophy and considers what features a neo Aristotelian conception of autonomy might display Crime Fiction since 1800 Stephen Knight, 2010-04-09 Since its appearance nearly two centuries ago crime fiction has gripped readers imaginations around the world Detectives have varied enormously from the nineteenth century policemen and a few women through stars like Sherlock Holmes and Miss Marple to newly self aware voices of the present feminist African American lesbian gay postcolonial and postmodern Stephen Knight s fascinating book is a comprehensive analytic survey of crime fiction from its origins in the nineteenth century to the present day Knight explains how and why the various forms of the genre have evolved explores a range of authors and movements and argues that the genre as a whole has three parts the early development of Detection the growing emphasis on Death and the modern celebration of Diversity The expanded second edition has been thoroughly updated in the light of recent research and new developments such as ethnic crime fiction the rise of thrillers in the serial killer and urban collapse modes and feel good cozies It also explores a number of fictional works which have been published in the last few years and features a helpful glossary With full references and written in a highly engaging style this remains the essential short guide for readers of crime fiction everywhere The

Crossroads of Crime Writing Meghan P. Nolan, Rebecca Martin, 2024-03-05 This volume argues that we must examine the boundaries in fiction and non fiction crime writing with an awareness of and turn toward the unseen structures and spatial uncertainties that so often lead to and reflect collective fears and anxieties Drawing upon the insights and expertise of an international array of scholars the chapters within explore the interplay of the literary historical social and cultural in various modes of crime writing from the 1890s to as recent as 2017 They examine unseen structures and uncertain spaces and simultaneously provide new insights into the works of iconic authors such as Christie and iconic fictional figures like Holmes as well as underexplored subjects including Ukrainian detective fiction of the Soviet period and crime writing by a Bengali police detective at the turn of the twentieth century The breadth of coverage of both time and place is an indicator of a text in which seasoned readers advanced students and academics will find new perspectives on crime writing employing theories of cultural memory and deep mapping

Murder in a Few Words Charlotte Beyer, 2022-02-22 The clue puzzle legal thriller and classic whodunit are just a few of the subgenres within the widely popular crime fiction genre However despite its popularity among readers the crime short story genre has yet to be fully explored by scholars This book offers a deep dive into crime short stories written by a wide range of authors tracing the history and evolution of the crime short story The book offers an accessible and original examination of crime short stories focusing on compelling themes such as miscarriage of justice feminism environmental crime and toxic masculinity

With(Out) Trace: Interdisciplinary Investigations into Time, Space and the Body Simon Dwyer, Rachel Franks, Reina Green, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2015 This book With out Trace Inter Disciplinary Investigations into Time Space and the Body unpacks many of the issues that surround the idea of trace what we intentionally an unintentionally leave behind as well as how trace can help us to move forward In particular this volume looks at how an interdisciplinary approach can suggest new ways of seeing and subsequently exploring interconnections between time space and the body The papers within this work accomplish more than tracing a theme a theory or discipline within the study of time space and the body Moreover the collection does not simply trace past debates about the relationship between the three

Indeed the interdisciplinarity of this collection will it is hoped suggest other ways of seeing the field and of tracing new paths through it Exploring those new perspectives and new paths will undoubtedly enrich future thinking about the interconnections between time space and the body *Seabirds Crying in the Harbour Dark* Catherine Cole,Cathy Cole,2017 The room rustled as the children looked around They knew no one had been to the coast but they checked in case for liars for the too dumb to know the difference between the real world and the television for the dreamers A young boy yearns for a rabbit a man battles for his father s love a group of middle class Australians find themselves in a newly renovated house and an elderly refugee worries about his daughter s sea voyage *Seabirds Crying in the Harbour Dark* is about seeking refuge about how we define home and what makes us feel safe The stories in this collection ask a simple question what does it mean to live with compassion and kindness Cole writes without the guilt that has been so debilitating to our political and intellectual culture She doesn t engage with debates about guilt or blame neither fending them off nor joining the chorus of mea culpa She brings an awareness to attitudes of mind that Australian readers will recognize Drusilla Modjeska The Monthly Subject Fiction **Sold by the Millions** Louise Lightfoot,Amit Sarwal,2011-12-08 Australian genre fiction writers have successfully exploited the Australian landscape and peoples and as a result their books are today sold by the millions across boundaries They have created stories that are imaginative visionary and diverse They appeal to local and international readerships and most importantly are thoroughly entertaining thus making them a strong presence in the popular fiction bazaar *Sold by the Millions* Australia s Bestsellers is the first collection to concentrate on Australia s best selling material that forms the armchair reading of many Australians Leading experts of popular fiction provide introspective pieces on Romance Horror Crime Science Fiction Western Comics Travel Sports and Children s writing so that a wholesome picture emerges of the wide range of reading and research options available for scholars **Killing Carmens** Shelley Godslan,2007 Focuses on women s crime writing from Spain and offers an approach to Spanish crime fiction combining literary criticism with sociological and criminological theory This multidisciplinary study analyses how female authors use crime and detective genres to analyse the role and position of their countrywomen **Australian Slavonic and East European Studies** ,2004 **Torn between Two Genres** Inga Simpson,2015-11-02 Lesbian detective fiction s radical origins took the mystery genre to the extreme of the rape of the detective More contemporary works foreground lesbian sex romance and identity As a result lesbian detective fiction has not continued to develop and failed to engage a wider audience The author s analysis includes works by M F Beal Stella Duffy Katherine V Forrest Clare McNab Barbara Wilson and Eve Zaremba This article originally appeared in *Clues A Journal of Detection* Volume 27 Issue 2 *Books and Bookmen* ,1986 **Mars Investigations** Julie Eglington,2008 *The Brave, Bad Girls* Thomas B Dewey,2020-09-02 Dewey s story twists are fresh and the violence is realistic rather than sensational Mac is one of our best private eyes and this adventure is honest and exciting San Francisco Chronicle Thomas B Dewey is one of detective fiction s severely underrated writers Bill Pronzini P

I s are not easily surprised but Mac was surprised The girl was too lovely the price she was willing to pay too high and her story didn t ring true But she was badly frightened so Mac ever the gentleman agreed to take the case Mac has been called one of the most believable and humane PI s in crime fiction He is reluctant to use either his gun or his fists but will do so when the situation demands it or in self defense he doesn t merely solve his clients cases but provides moral support and sympathy as well and perhaps most notable of all Mac feels and is not afraid to show it pain loss sorrow loneliness
