Author of *The Disappearance of Childhood*

Amusing Ourselves to Death

Public Discourse in the Age of Show Business

"This comes along at exactly the right moment . . .
We must confront the challenge of his prophetic vision."

—Jonathan Kozol

Private Death Of Public Discourse

John Anthony Tercier

Private Death Of Public Discourse:

The Private Death of Public Discourse Barry Sanders, 1998 An expansion on the author's argument for literacy in A for Ox *Private Lives, Public Deaths* Jonathan Strauss, 2013-07 Private Lives Public Deaths draws on classical studies Hegel and modern philosophical analyses to describe how Sophocles' tragedy Antigone expresses a key concern of ancient Greek culture the value of a living individual

Re-Imagining Public Space D. Boros, J. Glass, 2014-12-09 Public space both literally and figuratively is foundationally important to political life From Socratic lectures in the public forum to Occupy Wall Street and the Arab Spring public spaces have long played host to political discussion and protest The book provides a direct assessment of the role that public space plays in political life

Celebrity and Mediated Social Connections Neil M. Alperstein, 2019-05-16 Celebrity and Mediated Social Connections is a critical examination of the multiple realities of the mediated culture we traverse extending from our imaginary inner worlds to the imagined communities of digital media Chapters explore the dialogic at work when we connect with celebrities and internalize aspects of their personas due to the various social roles they serve within our everyday lives What might begin as strong identification and internalization within our imaginary worlds in this digital age sometimes seeps out as we connect to celebrities their fans friends and followers in ways that were not formerly possible The book contains topics that range from the degradation of micro celebrities the role of celebrities in promoting prescription drugs and their role in contemporary social movements The common thread that runs through the book presents a mediated world that paradoxically allows if not encourages people to daydream engage in stream of consciousness thinking and fantasize about celebrities all while concurrently compelling us to engage in a digitally based objective world The possibility of interaction on and through digital media intensifies the emotional connection between celebrity and fan The more personal details one gives up the closer we feel we become digital intimacy based on the excessive self Digital media entice us to engage and remain tethered to technology staying continuously connected so as not to miss the latest post or meme To suggest we should build a proverbial wall between the two imaginary and objective worlds runs counter to the reality of an always on always connected culture in which we presently live

Managing Records as Evidence and Information Richard J. Cox, 2000-12-30 For the past three decades policies regarding a variety of information issues have emanated from federal agencies legislative chambers and corporate boardrooms Despite the focus on information policy it is still a relatively new concept and one only now beginning to be studied The subject area is wider than believed archives and records policies information resources management information technology telecommunications international communications privacy and confidentiality computer regulation and crime intellectual property and information systems and dissemination This is not a compendium of policies to be used but rather an exploration in a more detailed fashion of the fundamental principles supporting the setting of records policies Records policies are critically important for records professionals to develop and use as a means of strategically managing the information and evidence found in the millions of

records created daily provided that the policies are based on comprehensible principles This is a series of discourses on the fundamentals of archives and records management needing to be understood before any organization attempts to define and set any policy affecting records and information The chapters concern defining records how information technology plays into policy compiling the fundamental tasks of identifying and maintaining records as critical to records and information policy public outreach and advocacy as a key objective for such policy and the role of educating records professionals in supporting sensible records policies *Public Discourse and Private Lives* Elizabeth A. Constantine, 2001 **The**

Contemporary Deathbed John Anthony Tercier, 2005-04-15 How do we picture ourselves dying A death with dignity the darkened room and a few murmured farewells Or in the lights flashing siren wailing chest pumping maelstrom of the back of an ambulance hurtling towards an ER Over the last decade the two most robust vehicles of popular culture film and television have opted for the latter scenario This book examines the hi tech death of the twenty first century as enacted in our hospitals and as portrayed on our TV screens Death, Dying and Bereavement Donna Dickenson, Malcolm

Johnson, Jeanne Katz, 2000-09-28 The fully revised and updated edition of this bestselling collection combines academic research with professional and personal reflections Death Dying and Bereavement addresses both the practical and the more metaphysical aspects of death Topics such as new methods of pain relief guidelines for breaking bad news and current attitudes to euthanasia are considered while the mystery of death and its wider implications are also explored A highly distinctive interdisciplinary approach is adopted including perspectives from literature theology sociology and psychology There are wide ranging contributions from those who come into professional contact with death and bereavement doctors nurses social wo A Pragmatist's Progress? John Pettegrew, 2000 In this volume a host of distinguished scholars examine Richard Rorty s influence on twentieth century American pragmatism and its commitment to achieving social democracy Rorty s reclaiming of the pragmatist tradition and his contribution to the discipline of intellectual history are highlighted at the same time each essay finds Rorty s pragmatism most fully enunciated in Contingency Irony and Solidarity lacking in its privatist vision of the good life This criticism is drawn out through explicit comparisons between Rorty and his grandfather Walter Rauschenbusch William James John Dewey Randolph Bourne Richard J Bernstein and other twentieth century pragmatist thinkers This volume offers the most complete historical treatment of this controversial intellectual to date

Managing Multiculturalism and Diversity in the Library Mark Winston, 2014-06-23 Discover ways to raise staff awareness regarding diversity Managing Multiculturalism and Diversity In the Library Principals and Issues for Administrators is an academic guide to diversity issues such as affirmative action career development of minorities in the library science profession racism and scholarship solutions to increase the diversity of people in the library and information science profession From this manual you will gain a deeper understanding of diversity and its implementation in your library Scholarly and poignant this book is recommended to academics administrators library professionals and students who want

Les idées en mouvement Michel Ducharme,Damien-Claude Bélanger,Sophie Coupal,2004 *Advanced Public Speaking* Michael J. Hostetler,Mary L. Kahl,2017-01-12 *Advanced Public Speaking A Leader s Guide* is a comprehensive textbook designed to serve as a speech making reference for upper level undergraduate students Now in its second edition this volume offers brand new classroom tested chapter assignments updated examples and new content on speaking to international and remote audiences An instructor s manual and test bank are available for download on the book s companion website offering everything from guidance in constructing a syllabus to lecture suggestions to classroom activities This student engagement focused and flexible text offers students the opportunity to increase their speaking abilities across a variety of more specific and complex contexts

Defiant Publics Daniel Drache,2013-08-23 Social activism and dissent have become global phenomena for our times Ordinary people across the world are fighting back This newly potent political force has defeated governments in India and Spain and has brought down the EU draft constitution Disaffected by the triumph of markets public goods public interest and public spaces are regaining political ground Daniel Drache argues that feeding off distrust and suspicion of governments and assisted by the new cultural flows of people ideas and information this is a political phenomenon without historical precedent No one owns the new public elites remain baffled by its power and impact No one can contain its innovative inclusive and rapidly evolving organizational style No one can determine when the current cycle of dissent will peak This lively and engaging book is a must read for anyone interested in the role of protesters and publics in contemporary politics

Dead But Not Lost Robert Goss,Dennis Klass,2005 The dead are still with us Contemporary therapists and counselors are

coming to understand what's been known for millennia in most religions and in most cultures outside the Western milieu it's important to continue bonds between the living and the dead Taking these connections seriously Goss and Klass explore how bonds with the dead are created and maintained In doing so they unearth a fascinating new way to look at the origins and processes of religion itself Examining ties to dead family members teachers religious and political leaders across religious and secular traditions the authors offer novel ways of understanding grief and its role in creating meaning Whether for classes in comparative religion and death and dying or for bereavement counselors and other trying to make sense of grief this book helps us understand what it means to feel connected to those dead but not lost

First Amendment Rights Nancy S. Lind, Erik T. Rankin, 2012-11-21 This two volume work addresses every key cutting edge issue regarding the First Amendment including subjects such as freedom of religion freedom of press freedom of speech and freedom of organization *First Amendment Rights An Encyclopedia* provides both historical information and current 21st century topics in First Amendment issues Volume 1 addresses the subject through the lens of past decisions and precedent updated to include controversies between new social media and civil liberties Volume 2 examines the current state of First Amendment rights addressing the changes in interpretations of the First Amendment by the Roberts Court as well as in vogue issues such as Occupy Movements as well as student rights and responsibilities in freedom of religion and speech cases Key cases are highlighted throughout the text to further comprehension of the underlying issues and subtle complexities The information is presented so that readers can examine cases in the Roberts court and draw their own conclusions Coverage is also provided of the challenges and opportunities that arise with the adoption of new technologies and their impact on the interpretations of the First Amendment

Virtual Afterlives Candi K. Cann, 2014-06-24 For millennia the rituals of death and remembrance have been fixed by time and location but in the twenty first century grieving has become a virtual phenomenon Today the dead live on through social media profiles memorial websites and saved voicemails that can be accessed at any time This dramatic cultural shift has made the physical presence of death secondary to the psychological experience of mourning *Virtual Afterlives* investigates emerging popular bereavement traditions Author Candi K Cann examines new forms of grieving and evaluates how religion and the funeral industry have both contributed to mourning rituals despite their limited ability to remedy grief As grieving traditions and locations shift people are discovering new ways to memorialize their loved ones Bodiless and spontaneous memorials like those at the sites of the shootings in Aurora and Newtown and the Boston Marathon bombing as well as roadside memorials car decals and tattoos are contributing to a new bereavement language that crosses national boundaries and culture specific perceptions of death Examining mourning practices in the United States in comparison to the broader background of practices in Asia and Latin America *Virtual Afterlives* seeks to resituate death as a part of life and mourning as a unifying process that helps to create identities and narratives for communities As technology changes the ways in which we experience death this engaging study explores the culture of bereavement and the ways in

which it too is being significantly transformed **Where These Memories Grow** W. Fitzhugh Brundage, 2015-12-01

Southerners are known for their strong sense of history But the kinds of memories southerners have valued and the ways in which they have preserved transmitted and revitalized those memories have been as varied as the region's inhabitants themselves This collection presents fresh and innovative perspectives on how southerners across two centuries and from Texas to North Carolina have interpreted their past Thirteen contributors explore the workings of historical memory among groups as diverse as white artisans in early nineteenth century Georgia African American authors in the late nineteenth century and Louisiana Cajuns in the twentieth century In the process they offer critical insights for understanding the many communities that make up the American South As ongoing controversies over the Confederate flag the Alamo and depictions of slavery at historic sites demonstrate southern history retains the power to stir debate By placing these and other conflicts over the recalled past into historical context this collection will deepen our understanding of the continuing significance of history and memory for southern regional identity Contributors Bruce E Baker Catherine W Bishir David W Blight Holly Beachley Brear W Fitzhugh Brundage Kathleen Clark Michele Gillespie John Howard Gregg D Kimball Laurie F Maffly Kipp C Brenden Martin Anne Sarah Rubin Stephanie E Yuhl **A Speaking Aristocracy** Christopher Grasso, 2012-12-01

As cultural authority was reconstituted in the Revolutionary era knowledge reconceived in the age of Enlightenment and the means of communication radically altered by the proliferation of print speakers and writers in eighteenth century America began to describe themselves and their world in new ways Drawing on hundreds of sermons essays speeches letters journals plays poems and newspaper articles Christopher Grasso explores how intellectuals preachers and polemicists transformed both the forms and the substance of public discussion in eighteenth century Connecticut In New England through the first half of the century only learned clergymen regularly addressed the public After midcentury however newspapers essays and eventually lay orations introduced new rhetorical strategies to persuade or instruct an audience With the rise of a print culture in the early Republic the intellectual elite had to compete with other voices and address multiple audiences By the end of the century concludes Grasso public discourse came to be understood not as the words of an authoritative few to the people but rather as a civic conversation of the people **The Global Sixties in Sound and Vision** T. Brown, A. Lison, 2014-05-01

Despite the explosion of interest in the global 1968 the arts in this period both popular and avant garde forms have too often been neglected This interdisciplinary volume brings together scholars in history cultural studies musicology and other areas to explore the symbiosis of the sonic and the visual in the counterculture of the 1960s **Greek Identity and the Athenian Past in Chariton** Steven D. Smith, 2007

I Chariton of Aphrodisias secretary of the rhetor Athenagorus shall relate a love story that took place in Syracuse Thus begins the earliest of the canonical Greek romances the 1st century CE historical novel known as Callirhoe Chariton's erotic tale is about the constancy of love in a world where virtue is always in danger of being corrupted Chaereas and Callirhoe fall in love but then are tragically separated after the

heroine believed dead is buried alive Each is eventually sold into slavery in the East and Callirhoe herself contemplates the abortion of her unborn child when she is forced to marry a man she does not love Hero and heroine are finally reunited in the foreign city of Babylon only to be plunged into a war between Persia and Egypt Classical Athenian historiography philosophy oratory myth and drama were all integral in shaping this timely work of fiction set in the years following Athens doomed Sicilian Expedition 415 413 BC Chariton s novel is more though than just a romanticized representation of a famous episode from Greek history The novel is clearly meant to be read for pleasure but it also has a political edge By imaginatively redeploying Athenian literature and political discourse in the construction of his fictional world Chariton gives voice to contemporary concerns about freedom tyranny the ever expanding meaning of Greek identity and the role of Greek culture in a world dominated by Rome This is a book that will be of value to anyone interested in Greek literature the classical tradition and the complex relationship between art and empire
