Her activism and generosity are exemplary, and this book celebrates the beauty of community giving and the power of collective action. Ayesha Curry Sweet July Books Through compelling and diverse stories about the power of giving circles, Hali Lee demonstrates that true philanthropic impact comes from collective action and community engagement; she fosters deeper connections and paves the way for a more equitable future for all. Jamia Wilson award-winning author of *Young Gifted and Black* and coauthor of *Road Map for Revolutionaries* and *Together We Rise*. Drawing from the experiences of real-life giving circles, philanthropy leader Hali Lee challenges our traditional understanding of giving, showing how everyday people can take back philanthropy from the billionaires and make the world a better place. When you think of philanthropy, what do you envision? Uber-wealthy donors. Extravagant galas. In recent decades, philanthropy has come to be seen as something exclusive to those with an abundance of resources. But giving doesn't have to mean donating millions of dollars. It can be as simple as a group of people who come together to do something good in their community. In *The Big We*, Hali Lee argues that the future of philanthropy belongs to

community action specifically giving circles groups of people who come together to pool their resources to make positive change Born of traditions of generosity rooted in many of our ancestral cultures giving circles provide a way for us to overcome our sense of overwhelm at the many problems we face by learning acting and giving together Through stories of real giving circles around the country including her own experience starting the Asian Women Giving Circle Lee shows us a more expansive vision for the future of philanthropy One led by people who are refocusing on community who care about rebuilding the civic space and who are yearning for connection purpose and shared vision Through these giving circles do we see not only the immense impact we can have in our own backyards but also the tremendous scope of change we can achieve through the power of collective action
