Militocracy vs. Democracy in West Africa 1960s - 1990s Godfrey Mwakikagile, This is a historical narrative and analysis of the unconstitutional changes of government in most West African countries where military rule became institutionalised more than in any other part of the continent from the sixties to the nineties There is no specific reason why the region has suffered from usurpation of power by soldiers more than any other part of the continent besides the desire by soldiers to rule recently demonstrated by coups in Mali in 2020 and 2021 Guinea in 2021 and Burkina Faso in 2022 Governments in West Africa are no more unstable or weaker than their counterparts in other parts of the continent Overthrowing governments became a continental phenomenon when military rulers went on to legitimise their seizure of power through rigged elections by turning themselves into civilian rulers They civilianised themselves not only to claim that they were no longer military rulers but were democratically elected leaders a manipulation of power that triggered counter coups by their opponents to end their rule resulting in many deaths in many countries where this violent change took place Military rule in Africa started soon after independence in the sixties The most ambitious goals in the postcolonial era were consolidation of the state and nation building with varying degrees of success in different parts of the continent Military rulers proved to be no better than their civilian counterparts they had replaced In most cases they were even worse and used coercive power of the state to perpetuate themselves in office just as their civilian counterparts did The result was consolidation of the state as an instrument of oppression the most oppressive apparatus being the executive branch itself invested with all the powers which evolved into the imperial presidency a phenomenon that persists in some African countries legitimised through rigged elections enabling leaders to remain in office under the guise of democracy in the name of the people Truth Between the Lies Aaron McDaniels, 2016-02-26 This remarkably eye opening book for anyone interested in comparative religion history and human psychology may find many surprises that challenge what many once believed to be absolute truths This work reflects a meticulous and painstaking effort to present the findings clearly concisely and thoroughly as a result of the study of comparative religious ideas history and the psychological effects which impact adverse results in our present day thinking and correcting errors that crept into history This effort is not intended to deride people and certainly not to mock anyone's beliefs The intent is obviously to point out false charges misconceptions and outright lies are in themselves deriding and mocking and a most odious thing This book should prove to be a very valuable asset to mankind People should be aware of what in fact has been taught to mankind as a result of studying this book which efforts to dispel darkness upon us all May Gods Peace and Blessings Be With You All **14 -** اسلام كوتوب, **The Next World War** Grant R. Jeffrey, 2008-05-20 The first warning shots of WW III have already been fired The escalating terrorist attacks in the Middle

East and in major cities in the West are not isolated acts of extremism They are the first warning shots fired in a coming world war For decades prophecy expert Grant R Jeffrey has been analyzing geopolitical developments through the lenses of history religion and prophecy As current events unfold according to the prophecies of the Bible Jeffrey says Islamic extremists are preparing to attack Israel and conquer western civilization destroying our freedom Drawing from firsthand interviews intelligence reports and ancient prophecy Jeffrey reveals Saddam Hussein s role in the 9 11 attack on America Where Iraq hid its Weapons of Mass Destruction How Russia and extreme Islam will launch World War III The Bible s prophecy of the destruction of extremist Islam How Israel will rebuild the Temple in Jerusalem With Grant Jeffrey s incisive and sometimes surprising analysis you can understand the hidden agenda and powerful players behind today s news headlines

Muslim Christian Dialogue Hasan M. Baagil, 1984 C Why have there been in the last decade many discussions held between Christians and Muslims about their beliefs M I think because we both have several things in common We believe in the One Creator Who sent many Prophets and in Jesus as the Messiah as well as the Word of God who was denied by the Jews Our Holy Qur an mentions in Surah 3 45 Remember when the angels said O Mary Verily Allah gives you the glad tidings of a Word from Him his name will be Messiah Jesus the son of Mary held in honor in this world and in the hereafter and of those who are near to Allah Dialogues have been held everywhere in Europe Canada the United States and Australia Even the Vatican has participated discussions were held between Vatican theologians and Egyptian Muslim scholars in Rome in 1970 and in Cairo in 1974

Диалог о религии Хасан Мухаммад Баакиль, **Ethnic Politics in Kenya and Nigeria** Godfrey Mwakikagile, 2001 This book is more than just a study of ethnic politics in Kenya and Nigeria The two countries are a microcosm of the entire continent the problems it faces its successes and failures and the hope and despair of hundreds of millions of its people

whose aspirations have been frustrated by decades of corrupt leadership that has skilfully exploited one of Africa's biggest weaknesses tribalism But the people themselves are also responsible for that They have allowed tribalism to flourish and destroy the countries And they have allowed unscrupulous politicians to use and abuse them without storming the Bastille What they are not responsible for is dictatorship African leaders instituted to perpetuate themselves in office by exploiting tribalism These despots have been so good at it and have done it for so long since independence that many African countries are now on the brink of collapse with the people at war against themselves Library Journal, 1985 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **New Serial Titles**, 1990 A union list of serials commencing publication after Dec 31 1949 *Books in Print*, 1991 **Serials for Libraries** John V.
