accurate may often conflict with the need to produce a work that goes beyond the mere depiction of events in order to excite the interest of readers and to hold that interest At the same time there is a developing emphasis on historians to write well in clear accessible prose which may involve using the novelists techniques How much license may be given to writers of fiction and filmmakers in their depiction of historical characters and events This book begins to answer this question while inviting further discussion     Encyclopedia of American Popular Fiction Geoff Hamilton,Brian Jones,2015-04-22 Provides information
