selling student's guide *Reading & Writing Chinese Simplified Character Edition* William McNaughton, 2015-11-24

Reading and Writing Chinese has been the best selling standard reference text for foreign students and teachers of Chinese for the last 25 years. Now completely revised with modern simplified characters, it draws on the lessons learned from the use of the book in classrooms to provide a convenient and up-to-date introduction to the Chinese writing system. Materials are organized in units of progressive difficulty and complexity with clear definitions of the individual characters presented in a logical and systematical sequence. For each of the basic 1,067 characters, the pronunciation and core meanings are given along with examples of its use in common compounds and a stroke order diagram showing how to write it correctly. Memorization tips and cross references to look-alike characters are also provided. Charts of modern and traditional radicals necessary to look up words in comprehensive Chinese dictionaries are printed inside the front and back covers. **Second**

100 Chinese Characters: Simplified Character Edition Alison Matthews, Laurence Matthews, 2013-02-26. The *Second 100 Chinese Characters* adopts a structural approach that helps students to learn recognize and write the second 100 most common Chinese characters. Intended for beginning Chinese students, the characters listed have been carefully selected and sequenced for rapid and effective learning. Each Chinese character is shown separately on a single page along with its English definitions, pinyin romanization, alternate form, if any, a stroke order guide, and ample space for writing practice. Printed in gray lines, the stroke order guides introduce the student to the standard stroke sequence used in writing the characters by tracing them. After learning the correct stroke order, the student can then practice writing the characters on their own, thus reinforcing the recognition and memorization. Large boxes with grid lines for correct proportions are provided. Related compounds and phrases containing each character are also included to assist in vocabulary building. Three indexes, alphabetically arranged by the English meanings, by pinyin romanization, and by radicals, are provided at the back of the book for quick and easy reference. This Chinese character book features the second 100 most frequently used characters, Foundation characters for HSK Level 1 test, Standard pinyin romanizations, Step-by-step stroke order guides, and ample space for writing practice. Special practice boxes with grid lines, Lots of extra practice sheets, Over 500 words and phrases containing the basic characters, Concise English definitions. **Reading and Writing Chinese** William McNaughton, Li Ying, 1999. *Reading and Writing Chinese* has been the standard text for foreign students and self-teachers of the Chinese Writing System since Tuttle first published it over 20 years ago. This new completely revised edition offers students a more convenient, efficient, and up-to-date introduction to the writing system. **First 100 Chinese Characters: Traditional**

Chinese Language Education and Second Language Chinese Acquisition Jing Jin, Sihui (Echo) Ke, 2025-01-14

This edited volume presents the latest scholarly endeavors to synergize Chinese linguistics with Chinese language education and L2 Chinese acquisition, a direction of inquiry that has emerged as a rapidly developing area and attracted both teaching practitioners and linguists' interests in recent years. The studies presented in the volume approach a diversity of issues ranging over linguistics informed Chinese language education in the contexts of Hong Kong, mainland China, and overseas countries; language pedagogies along various linguistic approaches; L2 Chinese development of different linguistic properties; bilingualism and multilingualism among adult and school learners; as well as linguistically grounded Chinese language learning and teaching via digital means. The volume offers to deepen the reader's understanding of the existing theories on Chinese language education and L2 Chinese acquisition and the linguistic theories regarding the nature, component modules, and development of the human language faculty. It also offers new pedagogical inspiration based on cutting edge empirical research for Chinese language teaching in different educational settings. Of interest to scholars in the fields of Chinese language teaching and learning, second language acquisition, or applied linguistics, this volume contributes to the emerging field of educational applications of linguistics and presents an overarching framework that bridges a long lasting division between language teaching practice and linguistic research.
