Religion Ethnicity And Self Identity Nations In Turmoil:

Religion, Ethnicity, and Self-identity Martin E. Marty, R. Scott Appleby, 1997 The role of religious and ethnic identity in individual behavior and international conflict *The Ambivalence of the Sacred* Scott R. Appleby, 2000 This text explains what religious terrorists and religious peacemakers share in common and what causes them to take different paths in fighting injustice *Global Security Watch—Central Asia* Reuel R. Hanks, 2010-10-21 This volume is the only current treatment of security issues in Central Asia for the nonspecialist as well as specialists and policy makers Global Security Watch Central Asia is the first authoritative examination of the security issues affecting and affected by the region where Russia South Asia China and the Middle East meet The author provides a comprehensive account of the strategic importance and challenges facing Central Asia written for policymakers students researchers and interested general readers alike Global Security Watch Central Asia goes behind the scenes to explore both the internal factors and global influences affecting the stability of region and the nations that comprise it Coverage includes the dynamics of each country's domestic politics the allure of the region's natural resources Central Asia's role in U S Russian relations and the renewed focus on the region in the aftermath of the attacks of September 11 2001 **Under the Banner of Islam** Gülay Türkmen, 2021 How do religious ethnic and national identities interact in religiously homogenous ethnic conflicts Is it possible for religion to act as a resolution tool in such conflicts Why Why not In search for answers to these questions Under the Banner of Islam focuses on the ambivalent role Sunni Islam has played in Turkey's Kurdish conflict both as a conflict resolution tool and as a tool of resistance in the last two decades Relying mainly on participant observation in Civil Friday Prayers and 62 interviews conducted in three different cities in Turkey Istanbul and the majority Kurdish Diyarbakir and Batman between June 2012 and June 2013 it demonstrates that Sunni Islam has had a very limited impact as a conflict resolution tool in Turkey Blending interview data with a detailed historical institutional analysis that goes back as early as the nineteenth century it argues that the strength of Turkish and Kurdish nationalisms the symbiotic relationship between Turkey's religious and political fields religious elites varying conceptualizations of religious and ethnic identities and the recent political developments in the region particularly the establishment of an autonomous Kurdish region Rojava in Syria have all contributed to this outcome The resulting narrative is not only a record of religion ethnicity and nationalism in Turkey's Kurdish conflict but also an investigation of how ethnic and religious identities are negotiated in conflict resolution and how symbolic boundaries are drawn in ethnic conflict zones **Teaching for Diversity and Social Justice** Maurianne Adams, Lee Anne Bell, Pat Griffin, 2007-05-11 For nearly a decade Teaching for Diversity and Social Justice has been the definitive sourcebook of theoretical foundations and curricular frameworks for social justice teaching practice This thoroughly revised second edition continues to provide teachers and facilitators with an accessible pedagogical approach to issues of oppression in classrooms Building on the groundswell of interest in social justice education the second edition offers coverage of current issues and

controversies while preserving the hands on format and inclusive content of the original Teaching for Diversity and Social Justice presents a well constructed foundation for engaging the complex and often daunting problems of discrimination and inequality in American society This book includes a CD ROM with extensive appendices for participant handouts and facilitator preparation

Quoting God Claire Badaracco,2005 Quoting God charts the many ways in which media reports religion news how media uses the quoted word to describe lived faith and how media itself influences and is influenced by religion in the public square The volume intentionally brings together the work of academics who study religion as a crucial factor in the construction of identity and the work of professional journalists who regularly report on religion in an age of instant and competitive news This book clearly demonstrates that the relationship between media culture and spiritual culture is foundational and multi directional that the relationship between news values and religion in political life is influential and that the relationship amongst modernity belief and journalism is pivotal

Buddhist and Protestant Korean Immigrants Okyun Kwon,2003 Kwon explores how Korea s two major religious groups Buddhists and Protestants have emigrated and how their religious beliefs affect their adjustments after immigration Kwon bases his study on a survey of 114 Korean congregations participatory observation of a Buddhist temple and a Protestant church and in depth interviews with 109 devout immigrants He finds that non religious variables urban background educational level and social class have a greater effect on adjustment to the host society than religion does Religious congregations promote members social capital for adjustment but at the same religious participation serves as a barrier to assimilation

China's Minorities Mahesh Ranjan Debata,2007 Xinjiang Uyghur Autonomous Region XUAR on the North Western Border of China is one of the most important regions of China In terms of area XUAR is the largest province of China with Uyghur Muslims as the majority Uyghur Separatists have been demanding an independent state out of China Publisher

Edward Said's Rhetoric of the Secular Mathieu E. Courville,2011-10-20 Edward Said s Rhetoric of the Secular provides an important new reading of Edward W Said s work emphasizing not only the distinction but also the fuzzy borders between representations of the religious and the secular found within and throughout his oeuvre and at the core of some of his most customary rhetorical strategies Mathieu Courville begins by examining Said s own reflections on his life before moving on to key debates about Said s work within Religious Studies and Middle Eastern Studies and his relationship to French critical theorists Through close attention to Said s use of the literal and the figurative when dealing with religious national and cultural matters Courville discerns a pattern that illuminates what Said means by secular Said s work shows that the secular is not the utter opposite of religion in the modern globalized world but may exist in a productive tension with it

Reforging the White Republic Edward J. Blum,2015-06-15 During Reconstruction former abolitionists in the North had a golden opportunity to pursue true racial justice and permanent reform in America But after the sacrifice made by thousands of Union soldiers to arrive at this juncture the moment soon slipped away leaving many whites throughout the North and South more racist than

before Edward J Blum takes a fresh look at the reasons for this failure in Reforging the White Republic focusing on the vital role that religion played in reunifying northern and southern whites into a racially segregated society A blend of history and social science Reforging the White Republic offers a surprising perspective on the forces of religion as well as nationalism and imperialism at a critical point in American history

Encounters for Change Dagmar Grefe,2011-11-14 Weaving together insights from social psychology theology and experiences of interfaith religious leaders Dagmar Grefe develops practical strategies that support interreligious contact at a grassroots level She shows that by working together religious communities can more effectively address global and local problems that all people face poverty environmental destruction and armed conflict Grefe describes interreligious cooperation at work in local communities She develops tools that equip religious leaders with the interreligious competence needed for spiritual care and counseling with individual persons in crisis Cooperation is not only effective in the care for communities and persons in crisis it also heals distant and strained interreligious relationships In the process of working together perceptions of each other can transform

Religious Credibility under Fire Leif-Hagen Seibert, 2018-02-05 Leif Hagen Seibert carries out a three step praxeological analysis of empirical data from field studies in the research project The ethos of religious peace builders that allows for novel assessments of societal conjuncture field theory subjective meaning habitus analysis and the mutual rules of engagement of religious practice the religious nomos Over the course of this three step argument the sociological concept of religious credibility i.e. the determinants of religious legitimacy gains more and more contours and facilitates the reevaluation of risks and chances in a peace process where religion is a vector for both peace and division

Encyclopedia of Hinduism Constance Jones, James D. Ryan, 2006 An illustrated A to Z reference containing more than 700 entries providing information on the theology people historical events institutions and movements related to Hinduism

Regimes and Repertoires Charles Tilly, 2010-02-15 The means by which people protest that is their repertoires of contention vary radically from one political regime to the next Highly capable undemocratic regimes such as China's show no visible signs of popular social movements yet produce many citizen protests against arbitrary predatory government Less effective and undemocratic governments like the Sudan's meanwhile often experience regional insurgencies and even civil wars In *Regimes and Repertoires* Charles Tilly offers a fascinating and wide ranging case by case study of various types of government and the equally various styles of protests they foster Using

examples drawn from many areas G8 summit and anti globalization protests Hindu activism in 1980s India nineteenth century English Chartists organizing on behalf of workers rights the revolutions of 1848 and civil wars in Angola Chechnya and Kosovo Tilly masterfully shows that such episodes of contentious politics unfold like loosely scripted theater Along the way Tilly also brings forth powerful tools to sort out the reasons why certain political regimes vary and change how the people living under them make claims on their government and what connections can be drawn between regime change and the character of contentious politics

Dynamics of Contention Doug McAdam, Sidney Tarrow, Charles Tilly, 2001-09-10 In recent decades the study of social movements revolution democratization and other non routine politics has flourished And yet research on the topic remains highly fragmented reflecting the influence of at least three traditional divisions The first of these reflects the view that various forms of contention are distinct and should be studied independent of others Separate literatures have developed around the study of social movements revolutions and industrial conflict A second approach to the study of political contention denies the possibility of general theory in deference to a grounding in the temporal and spatial particulars of any given episode of contention The study of contentious politics are left to area specialists and or historians with a thorough knowledge of the time and place in question Finally overlaid on these two divisions are stylized theoretical traditions structuralist culturalist and rationalist that have developed largely in isolation from one another This book was first published in 2001

The Path to Salvation Heather Selma Gregg, 2014-01-01 In the wake of 9 11 policy analysts journalists and academics have tried to make sense of the rise of militant Islam particularly its role as a motivating and legitimating force for violence against the United States The general perception is that Islam is more violence prone than other religions and that scripture and beliefs within the faith such as the doctrines of jihad and martyrdom demonstrate the inherently violent nature of Islam Here however Heather Selma Gregg draws comparisons across religious traditions to investigate common causes of religious violence The author sets side by side examples of current and historic Islamic violence with similar acts by Christian Jewish Buddhist and Hindu adherents Based on her findings Gregg challenges the assumption that religious violence stems from a faith s scriptures Instead Gregg argues that religious violence is the result of interpretations of a religion s beliefs and scriptures Interpretations calling for violence in the name of a faith are the product of individuals but it is important to understand the conditions under which these violent interpretations of a religion occur These conditions must be considered by identifying who is interpreting the religion and by what authority the social political and economic circumstances surrounding these violent interpretations and the believability of these interpretations by members of religious communities
