The Religious Situation Donald R. Cutler, 1968 **The Religious Situation: 1968** Donald R. Cutler, 1968 **The Religious Situation. 1968-1969**, 1968 **The Religious Situation. 1968-**, 1968 The Grammar of Social Relations Louis Schneider, This collection of the writings of Louis Schneider an exceptionally gifted sociologist of religion the history of ideas provides a sensitive but rigorous view of the place of ideas in social life Di vided according to the principal areas in which Schneider con ducted research history of social thought principles of social the ory sociology of religion are es says on evolution styles of re search and moral choice in human relations His knowledge of systems of thought dialec tical functional and phenomenological was peerless The unifying theme in his work is the place of cultural formations in so cial structures as a result his writings are alive with persons no less than systems A Religious History of the American People Sydney E. Ahlstrom, 2004-01-01 This classic work winner of the 1973 National Book Award in Philosophy and Religion and Christian Century s choice as the Religious Book of the Decade 1979 is now issued with a new chapter by noted religious historian David Hall who carries the story of American religious history forward to the present day Praise for the earlier edition An unusual and praiseworthy book It takes a modern almost anthropological view of history in which worship is a part of a web of culture along with play love dress and language B A Weisberger Washington Post Book World The most detailed most polished of the works in its tradition Martin E Marty New York Times Book Review An intellectual delight that one does not so much read as savor America The definitive one volume study by the leading authority Christianity Today No one writing or thinking hereafter about America s past will be able to ignore Ahlstrom s magisterial account of the religious element American Historical Review **African American Religious Studies** Gayraud S. Wilmore, 1989 This anthology provides a coherent interdisciplinary theoretical base for students of African American religious studies and will assist in the design of programs and courses for lay theological education and training To this end the editor has assembled material from Old and New Testament studies theology church history pastoral counseling worship and social action **Cycles of Faith** Robert S. Ellwood, 2003 Can the histories of the great religious traditions help us to predict their futures Are broad common patterns discernable within the developments of Hinduism Chinese religion Buddhism Christianity and Islam In Cycles of Faith noted historian of religion Robert Ellwood makes the case that the five largest world religions all move through the stages of Apostolic Imperial Devotional Reformation and Folk Religion Cycles of Faith is a completely revised edition of Ellwood s 1988 book The History and Future of Faith Ellwood s readable text can provide a useful theoretical framework to many classes in religious studies *African-American Religion* Timothy Earl Fulop, Albert J. Raboteau, 1997 African American religions encompass a broad spectrum of beliefs practices This book brings together in one forum the most important essays on the development of these traditions to provide an overview of the field its most important scholars Sociological Amnesia Alex Law, Eric Royal Lybeck, 2016-03-03 The history of sociology overwhelmingly focuses on the winners from the classical canon

Marx Durkheim and Weber to today's most celebrated sociologists This book strikingly demonstrates that restricting sociology in this way impoverishes it as a form of historically reflexive knowledge and obscures the processes and struggles of sociology's own making as a form of disciplinary knowledge Sociological Amnesia focuses on singular contributions to sociology that were once considered central to the discipline but are today largely neglected Chapters explore the work of illustrious predecessors such as Raymond Aron Erich Fromm and G D H Cole as well as examining exceptional cases of reputational revival as in the case of Norbert Elias or Gabriel Tarde Through understanding the obstacles of recognition faced by female sociologists like Viola Klein and Olive Schreiner and public intellectuals like Cornelius Castoriadis the volume considers the reasons why certain kinds of sociology are hailed as central to the discipline whilst others are forgotten In so doing the collection offers fresh insights into not only the work of individual sociologists but also into the discipline of sociology itself its trajectories forgotten promises and dead ends

All Faithful People Theodore Caplow, Howard M. Bahr, Bruce A. Chadwick, Dwight W. Hoover, 1983-10-17 All Faithful People was first published in 1983 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions In 1924 Robert and Helen Lynd went to Middletown Muncie Indiana to study American institutions and values The results of their work are the classic studies Middletown 1929 and Middletown in Transition 1937 In the late 1970s a team of social scientists returned to Middletown to gauge the changes that have taken place in the fifty years since the Lynds first visit The Middletown III Project by replicating the earlier work in some cases by using the same questions provides an unprecedented portrait of a small American town as it adapts to changing times Its first report Middletown Families was published by Minnesota in 1982 This book explores the role of religion in the life of Middletown Using the Lynds magnificent cache of empirical data as a base social scientists on the Middletown III Project attempted to gauge how religious beliefs and practices have changed For the most part their findings show that the current perception of a trend toward a more secular society is not true In Middletown religion seems to be more important than ever All Faithful People also covers the history of Middletown's churches the differences between the town's Protestants and Catholics religious participation among young people and the role in Middletown life of private devotions and public rituals In conclusion the authors of All Faithful People evaluate Middletown as a representative community They attempt to explain the myth of the death of organized religion and briefly compare religion in America to religion in other Western countries Fifty years after the Lynds first made Middletown famous a team of social scientists returned to find out how American values have changed This their second report focuses on religion What does religion mean to Middletown today Has America become a secular society Those are some of the questions discussed in All Faithful People

The Sociology and Politics of Development Baidya Nath Varma, 2010-11-26 Originally published in 1980 this work answers the crucial question of how social change should be guided in the developing countries Professor Varma begins by posing the problems of the general

Farewell to Innocence Allan Aubrey Boesak, 2015-05-01 While we acknowledge that all expressions of liberation theology are not identical we must protest very strongly against the false divisions that some make between black theology in South Africa and black theology in the United States between black theology and African theology and between black theology and Latin American liberation theology But moving away from the illusioned universality of western theology to the contextuality of liberation theology is a risky business one that cannot be done innocently In the search for theological and human authenticity in its own situation black theology does not stand alone It is but one expression of this search going on within many different contexts Until now the Christian church had chosen to move through history with a bland kind of innocence hiding the painful truths of oppression behind a facade of myths and real or imagined anxieties This is no longer possible The oppressed who believe in God the Father of Jesus Christ no longer want to believe in the myths created to subjugate them It is no longer possible to innocently accept history as it happens silently hoping that God would take the responsibility for human failure The theology of liberation spells out this realization For the Christian church it constitutes in no uncertain terms farewell to innocence

The Politics of Myth Robert Ellwood, 1999-09-02 At the same time they themselves tended toward individualistic views of the power of myth believing that the world of ancient myth contained resources that could be of immense help to people baffled by the ambiguities and superficiality of modern life

BOOK JACKET *Black and Mennonite* Hubert L. Brown, 2001-02-09

On Behalf of the Mystical Fool John P. Dourley, 2009-09-30 Jung's explanation of the religious tendency of the psyche addresses many sides of the contemporary debate on religion and the role that it has in individual and social life This book discusses the emergence of a new mythic consciousness and details ways in which this consciousness supersedes traditional concepts of religion to provide a spirituality of more universal inclusion On Behalf of the Mystical Fool examines Jung's critique of traditional western religion demonstrating the negative consequences of religious and political collective unconsciousness and their consequent social irresponsibility in today's culture The book concludes by suggesting that a new religiosity and spirituality is currently emerging in the West based on the individual's access to the sense of ultimacy residual in the psyche and seeking expression in a myth of a much wider compass This book will be of interest to scholars and students at all levels who are engaged in the expanding field of Jungian studies It will also be key reading for anyone interested in the theoretical and therapeutic connections between the psyche and religious experience

The Robert Bellah Reader Robert N. Bellah, Steven M. Tipton, 2006-10-09

Comparative and theoretical American religion University and society Sociology and theology *Card-Carrying Christians* Rebecca C. Bartel, 2021-05-24

Modernity and Religion William Nicholls, 1988-02-08

It would be possible to argue writes William Nicholls that the pivotal subject of debate among theologians for the past two hundred years has been the relationship between modernity and the Christian tradition What is modernity a philosophical outlook or a set of ideas What is modernization a social process Is modernity the same as secularity as many theologians and sociologists in the West believe Is the impact of modernity weakening religious traditions Are the responses of non Western religious traditions to modernity similar to Western ones or are they distinctive indigenous adaptations to the same world wide development These are the kinds of concerns the interdisciplinary group of scholars addresses in this volume Contributors include Moshe Amon *Utopias and Counter Utopias* Alan Davies *The Rise of Racism in the Nineteenth Century* Symptom of Modernity Robert Ellwood Jr *Modern Religion as Folk Religion* Irving Hexham *Modernity or Reaction in South Africa The Case of Afrikaner Religion* Shotaro Iida *Japanese New Religions* Shelia McDonough *modernity in Islamic Perspective* William Nicholls *Immanent Transcendence Spirituality in a Scientific and Critical Age* K.
