Do you suffer from physical pain relating to your writing life? Are you struggling with back pain, weight gain related to sedentary working, anxiety, depression, sleep problems, neck pain, eye strain, stress, loneliness, digestive issues, or Repetitive Strain Injury? These are the most common issues reported by writers, and if you struggle with any of them, you are not alone. Writing is not a physically healthy job, but if you want a long-term writing career, then you need to look after your body. I've been through my own pain journey over the last six years.
