The Many Faces of God Carrol Johnson Shewmake, 2004 Carrol Shewmake couldn't understand the Bible with all its confusing symbols wars and diversity Where was the missing clue Then one day she stumbled upon the golden thread running from Genesis to Revelation that revealed the heart of the Author and His longing for intimacy with His children Since then she has never been the same The Bible is a new book And God is her closest friend Now you can share her discovery and behold the Invisible with new eyes See how the many snapshots of God in Scripture form a majestic panorama of grace Understand your status as the child of the Father the wife of the Husband the clay of the Potter the sheep of the Shepherd and the branch of the Vine Feel His longing for intimacy reaching out to you in every passage Book jacket

on theological and other issues **Googling God's Will** Winn Griffin, 2011 Tired of googling God's Will in all the wrong places It's a habit that consumes more valuable time and often produces tragedy and frustration Can you really find something in the case of the will of God which is not lost The whole concept of searching suggests that something is lost but is it really What should you do Stop googling God's Will and spend that precious time living into it It's doable and the aim of this book is to dispel some of the theological sacred cows about the will of God and help you learn a new way of thinking and reflecting that can free you up to live into his will Asking questions is often at the root of learning but asking the wrong questions takes us on a journey along a path to nowhere Have you ever asked questions like Does God have a perfect or permissive will for my life Can I put out a fleece to discover his will How does the Spirit interact with me in living into the will of God The bottom line well you will have to read googling God's Will to see what DrWinn offers as a possible solution
