Marcel Proust A Study In The Quality Of Awareness:

Marcel Proust Edward J. Hughes,1983 **Marcel Proust. A Study in the Quality of Awareness. (1. Publ.)** Edward Joseph Hughes,1983 The Cambridge Companion to Proust Richard Bales,2001-06-14 This Companion first published in 2001 aims to provide a broad account of the major features of Proust s work *Marcel Proust* Edward J. Hughes,2010-11-25 This 1983 book attempted to address the dearth of analysis of the crisis of hypersensitivity in many of Proust s characters

Understanding Marcel Proust Allen Thiher,2013-08-15 Understanding Marcel Proust includes an overview of Marcel Proust s development as a writer addressing both works published and unpublished in his lifetime and then offers an in depth interpretation of Proust s major novel *In Search of Lost Time* relating it to the Western literary tradition while also demonstrating its radical newness as a narrative In his introduction Allen Thiher outlines Proust s development in the context of the political and artistic life of the Third Republic arguing that everything Proust wrote before *In Search of Lost Time* was an experiment in sorting out whether he wanted to be a writer of critical theory or of fiction Ultimately Thiher observes all these experiments had a role in the elaboration of the novel Proust became both theorist and fiction writer by creating a bildungsroman narrating a writer s education What is perhaps most original about Thiher s interpretation however is his demonstration that Proust removed his aged narrator from the novel s temporal flow to achieve a kind of fictional transcendence Proust never situates his narrator in historical time which allows him to demonstrate concretely what he sees as the function of art the truth of the absolute particular removed from time s determinations The artist that the narrator hopes to become at the end of the novel must pursue his own individual truths those in fact that the novel has narrated for him and the reader up to the novel s conclusion Written in a language accessible to upper level undergraduates as well as literate general readers Understanding Marcel Proust simultaneously addresses a scholarly public aware of the critical arguments that Proust s work has generated Thiher s study should make Proust s *In Search of Lost Time* more widely accessible by explicating its structure and themes **Marcel Proust** Harold Bloom,2009 A guide to three novels by Marcel Proust containing selections of critical essays plot summaries for each work and a biography of Proust The Material Object in the Work of Marcel Proust Thomas Baldwin,2005 *Modern French Identities* focuses on the French and Francophone writing of the twentieth and twenty first centuries whose formal experiments and revisions of genre have combined to create an entirely new set of literary forms The series publishes studies of individual authors and artists comparative studies and interdisciplinary projects A Reader's Guide to Proust's 'In Search of Lost Time' David Ellison,2010-02-18 Proust s *À la recherche du temps perdu* *In Search of Lost Time* is many things at once a novel of education a portrait of French society during the Third Republic a masterful psychological analysis of love a reflection on homosexuality an essay in moral and aesthetic theory and above all one of the great literary achievements of the twentieth century This Reader s Guide analyses each volume of the *Recherche* in order and in detail Without jargon or technical language David Ellison leads the reader

through the work clarifying but not oversimplifying the intricate beauty of Proust's imaginary universe Focused both on large themes and on narrative and stylistic particularities Ellison's readings expand our understanding and appreciation of the work and provide tools for the further study of Proust All French quotations are translated making this an ideal guide for students of comparative literature as well as of French

Proust's Imaginary Museum Gabrielle Townsend, 2008 This study of Marcel Proust's creative imagination examines an aspect of the novel that has hitherto been largely overlooked the author's dependence on secondary visual sources Gabrielle Townsend argues that reproductions play a key role in the work's complex multi-layered structure

Marcel Proust Michael Wood, 2023-04-20 A witty refreshing and fun book on the experience of reading Marcel Proust What would the world be like without this work where would we be if it hadn't happened This is how Michael Wood found himself writing about Proust's work as an event and about events in relation to that work itself The event that created the figure we know as Proust did not take a whole lifetime we can date it to within certain months perhaps certain weeks of a certain year 1908 That was when Proust the interesting occasional writer and full time socialite turned into an ostensible hermit and a real novelist This short book says something about the event as a lifetime affair and shows what the sudden change of 1908 looks like It explores the work of Marcel Proust as an event in the world something that happened to literature and culture and our understanding of history This event has more aspects than we can count but this book offers detailed critical snapshots of seven of them the birth of Proust as a novelist what he teaches us about the mythology of beginnings about metaphor as a kind of rebellion about love as a permanent anxiety attack about the Dreyfus Affair about the concept of justice about the mythology of endings
