Atlantic Circulations Edward Holberton, 2025-04-02 *Atlantic Circulations* investigates literary conversations about empire in the British Atlantic world c. 1650-1750. Reading texts by Anne Bradstreet, John Milton, Daniel Defoe, and Benjamin Franklin, as well as writing by overlooked authors who deserve more attention such as the Quaker anti-slavery activist Benjamin Lay and the Black classicist Francis Williams, it asks how literary culture interacted with transatlantic debates about law, enslavement, economics, and religious freedom. This study explores the relationship between literature and empire by joining up disciplinary areas: Early Modern English Literature and Early American Literature, which are often considered apart. It develops insights and analytical frameworks from recent British and Atlantic World history to argue that the transatlantic reception of literary texts was often shaped by archipelagic dynamics, political and religious tensions between and within England, Wales, and Scotland, and Ireland. *Atlantic Circulations* examines several previously unknown manuscripts and archives which throw new light on the circulation of literary texts in colonial culture and reconstructs key Anglophone transatlantic cultural debates during a crucial phase of European expansion in the Atlantic world. This book will appeal to advanced students and academic researchers of early modern and eighteenth-century English literature and British cultural history, especially readers with an interest in literature's relationships with empire, colonialism, and travel, and scholars of early American literature and history.

Milton Reinvented David Boocker, 2024-11-16 This book focuses on the cultural reception of Milton and his works in nineteenth-century America. Using reception theory, the work analyzes the contributions of Milton and his writings to demonstrate how major social movements appropriated him in ways that reinvent him, making him what Margaret Fuller called emphatically American. The book centers on Milton's influence on the movements focused on the development of American Christianity, abolition, and women's suffrage. Each group approaches his writings with different horizons of expectations determined in part by the social problems they address. Each has unique ways of disseminating and consuming information about Milton and his writings, sometimes determined by how readers in different geographical locations read him. And each debate makes extensive use of American periodicals of the period, revealing critical information about how Milton's writings were disseminated and deployed. Milton's presence in these debates helped shape American society at the time and provides proof for us of how Milton can remain relevant in the issues faced by Americans in our day.

four antebellum authors Edgar Allan Poe Herman Melville Catharine Sedgwick and Caroline Chesebro and analyzes how their works were published received and interpreted Drawing on discussions found in book reviews and in private letters and diaries Machor examines how middle class readers of the time engaged with contemporary fiction and how fiction reading evolved as an interpretative practice in nineteenth century America Through careful analysis Machor illuminates how the reading practices of nineteenth century Americans shaped not only the experiences of these writers at the time but also the way the writers were received in the twentieth century What Machor reveals is that these authors were received in ways strikingly different from how they are currently read thereby shedding significant light on their present status in the literary canon in comparison to their critical and popular positions in their own time Machor deftly combines response and reception criticism and theory with work in the history of reading to engage with groundbreaking scholarship in historical hermeneutics In so doing Machor takes us ever closer to understanding the particular and varying reading strategies of historical audiences and how they impacted authors conceptions of their own readership

Transatlantic Insurrections

Paul Giles,2010-08-03 Selected by Choice magazine as an Outstanding Academic Title Paul Giles traces the paradoxical relations between English and American literature from 1730 through 1860 suggesting how the formation of a literary tradition in each national culture was deeply dependent upon negotiation with its transatlantic counterpart Using the American Revolution as the fulcrum of his argument Giles describes how the impulse to go beyond conventions of British culture was crucial in the establishment of a distinct identity for American literature Similarly he explains the consolidation of British cultural identity partly as a response to the need to suppress the memory and consequences of defeat in the American revolutionary wars Giles ranges over neglected American writers such as Mather Byles and the Connecticut Wits as well as better known figures like Franklin Jefferson Irving and Hawthorne He reads their texts alongside those of British authors such as Pope Richardson Equiano Austen and Trollope Taking issue with more established utopian narratives of American literature Transatlantic Insurrections analyzes how elements of blasphemous burlesque humor entered into the making of the subject

Preaching the Gospel of Black Revolt Reginald A. Wilburn, 2014-05-19 In this comparative and hybrid study Reginald A Wilburn offers the first scholarly work to theorize African American authors rebellious appropriations of Milton and his canon Wilburn engages African Americans transatlantic negotiations with perhaps the preeminent freedom writer in the English tradition *Preaching the Gospel of Black Revolt* contends that early African American authors appropriated and remastered Milton by completing and complicating England's epic poet of liberty with the intertextual originality of repetitive difference Wilburn focuses on a diverse array of early African American authors such as Phillis Wheatley Frances Ellen Watkins Harper Frederick Douglass and Anna Julia Cooper He examines the presence of Milton in their works as a reflection of early African Americans rhetorical affiliations with the poet's satanic epic for messianic purposes of freedom and racial uplift Wilburn explains that early African American authors were attracted to Milton because of his preeminent status in literary tradition strong Christian convictions and poetic mastery of the English language This tripartite ministry makes Milton an especially indispensable intertext for authors whose writings and oratory were sometimes presumed beneath the dignity of criticism

Through close readings of canonical and obscure texts Wilburn explores how various authors rebelled against such assessments of black intellect by altering Milton's meanings, themes and figures beyond orthodox interpretations and imbuing them with hermeneutic shades of interpretive and cultural difference. However, they remastered Milton; these artists respected his oeuvre as a sacred yet secular talking book of revolt, freedom and cultural liberation. Preaching the Gospel of Black Revolt particularly draws upon recent satanic criticism in Milton studies, placing it in dialogue with methodologies germane to African American literary studies. By exposing the subversive workings of an intertextual Middle Passage in black literacy, Wilburn invites scholars from diverse areas of specialization to traverse within and beyond the cultural veils of racial interpretation and along the color line in literary studies. [A Concise Companion to Milton](#) Angelica Duran, 2016-02-18. With brevity, depth and accessibility, this book helps readers to appreciate the works of John Milton and to understand the great influence they have had on literature and other disciplines. Presents new and authoritative essays by internationally respected Milton scholars. Explains how and why Milton's works established their central place in the English literary canon. Structured chronologically around Milton's major works. Also includes a select bibliography and a chronology detailing Milton's life and works alongside relevant world events. Ideal as a first critical work on Milton. **Arenas of Conflict** Kristin Pruitt McColgan, Charles W. Durham, 1997. The nineteen essays in this collection explore such varied fields of argument as John Milton's authorship of the Christian Doctrine, his adaptations of source material, his engagement in political controversies, his attitudes toward gender in *Paradise Lost* and *Samson Agonistes*, and his reflection of seventeenth-century obstetrics and anticipation of modern chaos theory in *Paradise Lost*. In their sometimes complementary, sometimes contradictory and consistently interrogative views of Milton and his work, these essays offer an arena of conflict for future studies. *From School to Salon* Mary Loeffelholz, 2021-06-08. With the transformation and expansion of the nineteenth-century American literary canon in the past two decades, the work of the era's American women poets has come to be widely anthologized. But scant scholarship has arisen to make full sense of it. *From School to Salon* responds to this glaring gap. Mary Loeffelholz presents the work of nineteenth-century women poets in the context of the history, culture and politics of the times. She uses a series of case studies to discuss why the recovery of nineteenth-century women's poetry has been a process of anthologization without succeeding analysis. At the same time, she provides a much-needed account of the changing social contexts through which nineteenth-century American women became poets, initially by reading, reciting, writing and publishing poetry in school and later by doing those same things in literary salons, institutions created by the high-culture movement of the day. Along the way, Loeffelholz provides detailed analyses of the poetry, much of which has received little or no recent critical attention. She focuses on the works of a remarkably diverse array of poets, including Lucretia Maria Davidson, Lydia Sigourney, Maria Lowell, Frances Ellen Watkins Harper, Emily Dickinson, Helen Hunt Jackson and Annie Fields. Impeccably researched and gracefully written, *From School to Salon* moves the study of nineteenth-century women's poetry
