On The Rim Of Empire:

On the Rim of Empire Philip Peter Russo, 2002-12 Though taking place against the background of the colorful and turbulent years of the American Revolution this is primarily a tale of espionage and betrayal Within the fabric of the earth shaking events of those times the author has interwoven a set of characters who could have credibly existed but who are of course pure fiction What is not fiction was George Washington's shrewd efficient and amazingly effective use of his secret service during the long struggle for American independence Even so events were to prove that at times mere chance weighed in at the right time and place to aid in the birth of this new and very different nation one that a future great president would call the last best hope of mankind Deathstalker Simon R. Green, 2016-05-04 Owen Deathstalker last of the infamous warrior Clan always considered himself more of a writer than a fighter preferring his history books to making any actual history with a sword But books won't protect him from Her Imperial Majesty Lionstone XIV who just Outlawed and condemned Owen to death without any explanation reason or warning No wonder she's called the Iron Bitch Now on the run from Imperial starcruisers shady mercenaries and just about everyone else in the Empire Owen's options are limited Though the name Deathstalker still commands respect in certain quarters out on the Rim Owen is lucky he can cobble together a makeshift team of castoffs including an ex pirate a cyborg and a bounty hunter But allies won't be enough to save him If he's to live Owen can either run forever or take down the corrupt Empire To do that he'll need the fabled Darkvoid Device an artifact dating back to the first Deathstalker and perhaps the only weapon powerful enough to help this ragtag rebellion win The time has come for Owen to finally embrace his Deathstalker heritage and all the blood and death that go along with it Deathstalker is the first book in New York Times bestselling author Simon R Green's beloved space opera series Praise for the Deathstalker series Green blends derring do space battles and wry banter aplenty to form an eminently satisfying space opera Booklist The action is fast and frenzied consistently entertains with some wondrously quirky and warped characters Locus An over the top masterpiece that veers between brutal comedy and touching riffs on love loyalty and betrayal bloody funny and extremely bloody The Guardian UK *American Empire in the Pacific* Arthur Power Dudden, 2022-02-16 *American Empire in the Pacific* explores the empire that emerged from the Oregon Treaty of 1846 with Great Britain and the outcome of the Mexican War in 1848 Together they signalled the mastery of the United States over the continent of North America the Pacific Ocean and the ancient civilizations of Asia at last lay within reach England's East India Company in the 17th and 18th centuries had introduced Asian wares including tea to the American colonists but wars against France and then the struggle for American independence held back expansion by Yankee entrepreneurs until 1783 Thereafter from the Atlantic seaboard American ships began regularly to reach China Merchants sailors and missionaries motivated toward trade and redemption like the Europeans they met along the way encountered the exotic peoples and cultures of the Pacific Would be empire builders projected a manifest destiny without limits Russian Alaska the native kingdom of Hawai'i Japan Korea

Samoa and Spain's Philippine Islands as well as a transcontinental railroad and an isthmian canal acquired strategic significance in American minds in time to outweigh both commerce and conversion *The First of Empires* W. St. Chad Boscawen, 1903

At Empire's Edge William C. Dietz, 2017-09-20 The national bestselling author of *Battle Hymn* delivers a high velocity sci fi thriller in which a lone lawman must take down those who would topple an empire For centuries the Uman Empire has ruled the civilized universe But not all of the alien races who were invited to join the Empire have done so willingly To deal with these alien species the Xeno Corps was formed bio engineered humans with extra sensory enhancements who can hunt down capture or eliminate all such threats to Pax Umana Jak Cato is a one of them but he's far from a perfect specimen Saddled with a dislike for authority and a penchant for self destructive behavior only his devotion to duty and sense of honor have kept him afloat in the Corps When he and his comrades are waylaid on a remote planet while transferring a lethal shapeshifting Sagathi prisoner Cato is sent into town for supplies only to end up drunk beaten and robbed But worse news awaits him when he wakes His entire detachment has been mercilessly slaughtered and the Sagathi is gone Now Cato must use all his innate skills to hunt down the fugitive and pay back the bastards who murdered his team But what he doesn't know is that his pursuit will lead him outside the law and into a shadowy world of Imperial intrigue where those who seek justice rarely get it and rarely survive A testosterone soaked tale of violent retribution Publishers Weekly Dietz writes fast paced military SF Library Journal

Imprint of Defiance Phil Huddleston, 2019-12-26 Zoe Goodwin wanted to start her career as an ensign in the Navy with a low key mission But with a raging invasion of AI starships in progress pushing the Empire naval forces back at every battle the handwriting is on the wall humans will soon be obsolete With the enemy attacking on all fronts Zoe is assigned to a last ditch mission to the Galaxy Core Soon the young naval officer finds everything she knew about her history was built upon a lie As the survival of her civilization becomes tied to her own Zoe Goodwin realizes she must stand in defiance prepared to give her life for the salvation of the Rim or her entire civilization will go down in flames
