The Sad Comedy of El \_dar Riazanov David MacFadyen, 2003 Russia s funniest and most popular films are the work of l dar Riazanov a director whose light lyrical tales of love lost and found have garnered audiences of over one hundred million Although Western scholars have largely ignored Riazanov s oeuvre in favour of more serious filmmakers no director in Russia has been so loved by both the public openly and politicians covertly His early comedies mapped the relations between society and socialism allowing him to create a radically apolitical art of kindness and kindred spirits David MacFadyen investigates what made Riazanov s films so wildly popular and what if any relationship that popularity had to Soviet policy Using the works of Deleuze Lacan and Kristeva MacFadyen looks at how Riazanov s films relate to society audience demand and Soviet politics In more than twenty love stories that have precious little to do with statecraft Soviet or otherwise Riazanov captures

the willful inclusiveness of socialist culture      Oceans of Love 2 Gilbert R. Smith, 2017-05-09 Gilbert Ruley Smith's *Oceans of Love 2* is an intriguing memoir of the author who fell in love and married one of a pair of identical twins. What happens when a man tries to separate two young women who were together in the womb and were each other's best friend? Gilbert fell for Ruth, the dominant twin who was outgoing and confident. However, she was still so connected to Ann, her twin, that she always put her sister's feelings ahead of her own. The author details many experiences beginning with the time he and Ruth first met and how he learned to cope with things in his relationship with Ruth, Ann, and the rest of their family and how it impacted his life. Gilbert writes: "There are many facets of my life and Ruth's life that are an uncommon departure from the usual and this is the incentive for writing this book." The story opens by describing Ruth's life and parents and my life and parents in Baltimore before meeting her. In mid-adolescence, I become aware of a strong inner feeling that tells me that the right girl is waiting for me and all I have to do is find her. I eventually find her and discover that she is a twin. I begin to date her and court her. Thus begins my education on the unusual world of twins and the difficulty of getting along with them. My relationship with Ruth rapidly develops into true love. Our love is tested when I am drafted into the Korean War. After the war, it takes a few years for our lives to settle down. We get married in 1957 and live with her twin sister and mother, so our married life cannot be described as normal. Ruth's twin sister gets married and also lives with us. Then Ruth and I have two children. Our household is crowded. The story describes the many changes and adjustments necessary over the years to survive our unusual life with emphasis on the enduring true love between Ruth and me. It is our enduring true love that enabled us to not only survive but to lead a life of happiness that was far above and beyond normal.      *Love and Good Reasons* Fritz Oehlschlaeger, 2003-01-14 This study seeks to articulate a particular moral Christian vision and discover what it entails for reading texts; it tries to bring literary criticism and Christian ethics into discussion with one another.      Food, Health, and Culture in Latino Los Angeles Sarah Portnoy, 2016-11-14 Contemporary Los Angeles can increasingly be considered a part of Latin America. Only 200 miles from the border with Mexico, it has the largest, most diverse population of Latinos in the United States and reportedly the second largest population of Mexicans outside of Mexico City. It also has one of the most diverse representations of Latino gastronomy in the United States, featuring the cuisine of nearly every region of Mexico, countries such as Peru, Argentina, Guatemala, and El Salvador, as well as an incredible variety of Asian-Latin fusion cuisine. Despite the expansion of Latino cuisine's popularity in Los Angeles and the celebrity of many Latino chefs, there is a stark divide between what is available at restaurants and food trucks and what is available to many low-income urban Latinos who live in food deserts. In these areas, access to healthy, affordable, culturally appropriate foods is a daily challenge. Food-related diseases, particularly diabetes and obesity, plague these communities. In the face of this crisis, grassroots organizations, policy makers, and local residents are working to improve access and affordability through a growing embrace of traditional cuisine, an emergent interest in the farm-to-table movement, and the work of local organizations. Angelinos are creating alternatives to the industrial food system.

that offer hope for Latino food culture and health in Los Angeles and beyond This book provides an overview of contemporary L A s Latino food culture introducing some of the most important chefs in the Latino food scene and discussing the history and impact of Latino street food on culinary variety in Los Angeles Along with food culture the book also discusses alternative sources of healthy food for low income communities farmers markets community and school gardens urban farms and new neighborhood markets that work to address the inequalities in access and affordability for Latino residents By making the connection between Latino food culture and the Latino communities food related health issues this study approaches the issue from a unique perspective

*Love and War* Tom Digby, 2014-10-28 Ideas of masculinity and femininity become sharply defined in war reliant societies resulting in a presumed enmity between men and women This so called battle of the sexes intensifies in tandem with dispositions to fight actual wars These are among the fascinating discoveries Tom Digby shares in *Love and War* which describes the making and manipulation of gender in both militaristic and nonmilitaristic societies and the consequences for men and women in their personal romantic sexual and professional lives Drawing on cross cultural comparisons and examples from popular media including sports culture the rise of gonzo and bangbus pornography and Internet trolls Digby shows how misogyny and toughness are deployed to construct masculinity in ways that undermine relations between women and men Through diverse philosophical methodologies he identifies the cultural elements that contribute to heterosexual antagonism such as an enduring faith in male force to solve problems the glorification of violent men who suppress caring emotions the devaluation of men's physical and emotional lives an imaginary gender binary male privilege premised on the subordination of women and the use of misogyny to encourage masculine behavior Digby tracks the collateral damage of this disabling misogyny in the lives of both men and women but ends on a hopeful note He ultimately finds the link between war and gender to be dissolving in many societies war is becoming degendered and gender is becoming demilitarized      **Life** John Ames Mitchell, 1907      **Hart's Desire (La Fleur de Love: Book 2.5)** Lori Leger, 2015-06-26 It's late 1974 and high school student Melinda Dawson is in serious trouble Within two hours of revealing her problem to her parents she's whisked off against her will to another state far away from the boy she loves Back in McCray Washington Greg Hart is one confused

**Ocean of Love, or Sea of Troubles?** Geoffrey Harris, 2016-12-22 The title of Dr Harris book suggests that life is like a two sided coin it can be an Ocean of Love but can also be a Sea of Troubles The subtitle clarifies this paradox first there are many signs of God s reality and activity in the world and the first section of the book examines ways in which people are aware of God as both a creative and immanent presence in life The signs of God are not philosophical proofs but empirical realities accessible to all people In the second section the biblical responses to suffering in the world are explored through both Old and New Testaments In the third section the writings of two modern apologists C S Lewis and Philip Yancey are assessed and then finally there is a chapter of interviews with people who have known suffering in their lives
