**Foul Play** Mike Rowbottom, 2013-07-18 Foul Play dissects the age old subject of cheating in all its absurdity From plain old doping to claiming a marathon victory despite having driven the middle section of the race from match fixing to diving for a penalty cheating in sport is as old as sport itself There are plenty of well known cases of cheats being found out in sport Ben Johnson for example was stripped of his 100m Olympic medal after a positive drugs test South African cricketer Hansie Cronje was banned from all cricket for life after admitting involvement in match rigging rugby union recently found itself having to deal with the bloodgate scandal However there are myriad other examples of bending the rules more subtly pressuring the referee demoralising an opponent with mind games or shirt pulling But what constitutes cheating and where do we draw the line Are some sports cleaner than others Is cheating in one sport the same as cheating in another or does each sport s distinctive culture set different standards Is there such a thing as a sport without sin Or indeed a sporting competitor This book is not a catalogue of past sporting misdemeanours so much as an investigation into the lengths to which some sports people have gone and will go to get the better of others And also the lengths to which they will not go **Karia and the Dodekanese** Poul Pedersen, Birte Poulsen, John Lund, 2021-01-21 The papers in Karia and the Dodekanese Vol I focus on regional developments and interregional relations in western Asia Minor and the Dodekanese during the Late Classical and Early Hellenistic period Throughout antiquity this region was a dynamic meeting place for eastern and western civilizations Cultural achievements of exceptional and everlasting importance including significant creations of ancient Greek literature philosophy art and architecture originated in the coastal cities of western Anatolia and the adjoining Aegean islands In the fourth century BC the eastern cities experienced a new economic boom and a revival of Archaic culture sometimes termed The Ionian Renaissance began The cultural revival furthered rebuilding of old major works such as the Artemision at Ephesos the embellishment of sanctuaries and a new royal architecture such as the Maussoleion at Halikarnassos The rich cultural revival was initially promoted by the satrapal family of the Hekatomnids in Karia and in particular by its most famous member Maussollos whose influence was not confined to Asia Minor but included the Dodekanese islands Kos and Rhodes Partly under the influence of the Karian satrapy a number of cities were founded on a new common urban model in Rhodes Halikarnassos Priene Knidos and Kos When Alexander the Great conquered the satrapies in western Asia Minor in 334 BC the culture initially promoted at the satrapal courts was carried on by gifted thinkers poets and architects preparing the way for Hellenistic cultural centres such as Alexandria [Around the World in 80 Minutes](#) Robert Kitson, 2023-08-17 A WATERSTONES BEST BOOK OF THE YEAR 2023 SPORT A mesmerising unforgettable journey around world rugby Donald McRae Twice Winner of the William Hill Sports Book of the Year Magnificent hugely intelligent and entertaining Stuart Barnes Sunday Times Really enjoyed it Will Carling An absolutely marvellous book Recommended heartily Jonathan Drennan Sydney Morning Herald CONTRASTING CHARACTERS
