Once Upon a Time in Siberia Harold Elvin, 1985      *Once Upon a Time in Siberia* Elvin, 1986      **The Rehearsals**

Vladimir Sharov, 2018-05-10 New Jerusalem Monastery seventeenth century Moscow Patriarch Nikon has instructed an itinerant French dramatist to stage the New Testament and hasten the Second Coming But this will be a strange form of theatre The actors are untrained illiterate Russian peasants and nobody is allowed to play Christ They are persecuted arrested displaced and ultimately replaced by their own children Yet the rehearsals continue A stunning reflection on art history religion and national identity Rehearsals is the seminal work in the unique oeuvre of Vladimir Sharov Russian Booker Prize winner 2014 and author of Before During Read Russia award for best translation 2015 The clarity and directness of Sharov's prose wonderfully rendered by Oliver Ready are disconcerting almost hallucinatory His writing is at times funny at times so piercingly moving so brimful of unassuaged sorrow that it causes a double take How did I get here is a question his reader will likely ask again and again Rachel Polonsky New York Review of Books the reader is rewarded with an unforgettable experience Not because Vladimir Sharov forsakes the intellectual heft of these early pages but because he finds a more accessible vehicle for his profound thinking in an intriguing premiss Jamie Rann in the Times Literary Supplement

**A History of Russia, Central Asia and Mongolia, Volume II** David Christian, 2018-03-12 Provides an all encompassing look at the history of Russia Central Asia and Mongolia Beginning with the breakup of the Mongol Empire in the mid thirteenth century Volume II of this comprehensive work covers the remarkable history of Inner Eurasia from 1260 up to modern times completing the story begun in Volume I Volume II describes how agriculture spread through Inner Eurasia providing the foundations for new agricultural states including the Russian Empire It focuses on the idea of mobilization the distinctive ways in which elite groups mobilized resources from their populations and how those methods were shaped by the region's distinctive ecology which differed greatly from that of Outer Eurasia the southern half of Eurasia and the part of Eurasia most studied by historians This work also examines how fossil fuels created a bonanza of energy that helped shape the history of the Communist world during much of the twentieth century Filled with figures maps and tables to help give readers a fuller understanding of what has transpired over 750 years in this distinctive world region A History of Russia Central Asia and Mongolia Volume II Inner Eurasia from the Mongol Empire to Today 1260 2000 is a magisterial but accessible account of this area's past that will offer readers new insights into the history of an often misunderstood part of the world Situates the histories of Russia Central Asia and Mongolia within the larger narrative of world history Concentrates on the idea of Inner Eurasia as a coherent ecological and geographical zone Focuses on the powerful ways in which the region's geography shaped its history Places great emphasis on how mobilization played a major part in the development of the regions Offers a distinctive interpretation of modernity that highlights the importance of fossil fuels Offers new ways of understanding the Soviet era A History of Russia Central Asia and Mongolia Volume II is an ideal book for general audiences

and for use in undergraduate and graduate courses in world history The Blackwell History of the World Series The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time The volumes are narrative in form giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change Each provides a systematic account of a very large subject but they are also both imaginative and interpretative The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production
