Marriage is a holy union created by God to assist men in taking dominion and nurturing the planet earth However every man is not full grown men manhood comes in stages not in age Women mature faster than men yet the Cinderella complex must be removed to allow reality to set in what you see is what you get So far man has done a lousy job Satan has not been stopped from creating havoc throughout the world the earth atmosphere is deteriorating our weather pattern is sporadic and our waterways are polluted the divorce rate is over 50% whether they are in the church or not Many of our youth are afraid to wed and lead a single parent lifestyle Many children are out of control and our killing rate is over the top If we continue in this manner we are faced with future extinction We need a new way of doing things yesterday is not fast enough the fiber of humanity weighs on the outcome of husbands and wives being able to mutually work out their differences in a mature manner This book is spiritually based to assist male and female grow in relation that keeps them together before and after they are wed Marriage is a union of three the husband the wife and God or your higher power whatever that maybe It is a three strand cord that keeps the union entwined and helps defeat the spiritual enemy Satan that hides **Creative Living**

The Riddle in the Mirror Jayni Bloch,2012-10 The Riddle In the Mirror is a personal account of a healing journey through experiencing the conflicting Apartheid era in South Africa during the author s childhood The difficulties she experienced challenged a deeper insight into spiritual awareness that supported her path in search for healing This story is everyone s story as we all experience difficulties that challenge us to evolve The Riddle in the Mirror is an essential map on our healing journey It shifts our focus from struggling with repetitive behaviour patterns that keep wounds alive in us and our children

towards psychological and spiritual growth instead It connects the processes of healing to archetypal principles that illustrate how our personal healing contributes to the healing of humanity We identify our life challenges as healing opportunities by looking at life as a mirror that reflects a spiritual truth recognizable beneath our socially conditioned secular interpretations and assumptions of experiences We recognize how our personal story relates to our cultural and ancestral stories as a metaphor for collective healing of the whole world through our personal participation by waking up to our own spiritual consciousness
