Augello,Marco E. Davis,2012-12-06 Interest in John Maynard Keynes s economic political and philosophical thinking has undergone a tremendous revival in the last decade The essays and comments collected in this volume were written on a set of themes representative of the current state of interpretation of Keynes s thinking Some of the

topics investigated have received much attention in the past and some are of more recent interest In the former category are topics on standard issues in the interpretation of Keynes s economics the transition in Keynes s thinking from the *The Treatise on Money* to *The General Theory* the nature of the argument in *The General Theory* and Keynes s economic policy views The latter category introduces themes of a wider nature and includes two papers on Keynes s vision and one on Keynes s philosophical thinking The strategy adopted in the selection of topics was to review the debates over Keynes s economics from fresh perspectives and then go on to supply discussions of broader issues concerning the nature of Keynes as a thinker This collection as a whole adds to our general understanding of Keynes s work and contributes to the current revival of interest in Keynes **Bulletin** Pennsylvania. Dept. of Forests and Waters,1925 **UN Contributions to Development**
