Principles Of Union With Christ:

Principles of Union with Christ Charles G. Finney, 1985-01-01 Thirty selected devotional readings about a Christian's relationship to Christ gleaned from the writings of Charles G. Finney. Though Charles Finney is most often associated with evangelism and revival, his heart yearned over the Christian who, though forgiven of past sins, still lived in bondage to sinful habits. L. G. Parkhurst has carefully selected thirty brief but powerful readings from Finney showing how freedom comes to a Christian only through a relationship with Christ. Chapter titles include: Jesus My King, Jesus My All in All, Jesus My Strength, Jesus My Hope, Christ My Rock. This new book is similar in format to Finney's *Principles of Prayer*, also edited by Parkhurst.

Thomas Goodwin on Union with Christ Jonathan M. Carter, 2022-04-21 Thomas Goodwin has been described as the forgotten man of English theology and though known by some as a pioneer of congregationalism and a prominent member of the Westminster Assembly, the true significance and scope of his life's work has only recently been discovered. Historical reassessment has uncovered that the majority of Goodwin's treatises were intended to form a grand project defending Reformed soteriology in the 1650s against new threats as well as traditional opponents. Examining Goodwin's notion of union with Christ in relation to mystical indwelling, transformation, justification, and participation, this study demonstrates the central role of union with Christ in Goodwin's soteriology. The application of salvation he contended must be founded on real union with Christ, i.e. mystical union forged by Christ's indwelling, in order to advance a trinitarian federal high Reformed soteriology in which redemption from sin is set within a Reformed scheme of Christocentric deification. This in-depth analysis makes a fresh contribution to recent controversy over union with Christ in the post-Reformation period. Braaten, 1985 First published in 1983 *Principles of Lutheran Theology* has guided students into theological reflection on the landmarks of Christian faith as understood in the Lutheran confessional heritage for a generation. The book sets forth the main principles of classical

Lutheran theology but with an eschatological accent Canon confession ecumenicity Christ centeredness sacrament law gospel and two kingdoms are all examined not only in terms of their original meaning and historical development but also in light of current reflections In this new edition Braaten takes stock of the research and reflection of the last twenty five years and also adds a chapter on the distinctive Archimedean Lutheran insight into the hiddenness of God as a fount or ground of all theologizing This new edition cross referenced to key readings in Luther s Works and The Book of Concord will both equip and facilitate the search for a contemporary articulation of Christian identity in light of the church s historic commitments
