Society James R. Hudson, 2013-09-12 Voluntary associations have been ubiquitous in our society for hundreds of years Efforts to develop a classification scheme have often overlooked one important segment membership based organizations MBOs MBOs are created voluntarily by a group of like minded individuals who seek to advance their interests by organizing to promote and protect a specific domain A number have earned the reputation for operating as special interests To accept that notion would not be telling the full story and would overlook the many contributions they have made A central thesis of Special Interest Society How Membership based Organizations Shape America is that no modern democratic society can function without them With a focus on how they emerge and the steps they take to advance their mutual interests the book also provides a sober account of how MBOs can be slow to accept important and necessary changes It also reveals the less
