Municipal Reference Library Notes New York Public Library. Municipal Reference Library, 1958 Skull in the Ashes
Peter Kaufman, 2013-09-15 On a February night in 1897 the general store in Walford Iowa burned down The next morning townspeople discovered a charred corpse in the ashes Everyone knew that the store's owner Frank Novak had been sleeping in the store as a safeguard against burglars Now all that remained were a few of his personal items scattered under the body At first it seemed to be a tragic accident mitigated just a bit by Novak's foresight in buying generous life insurance policies to provide for his family But soon an investigation by the ambitious new county attorney M J Tobin turned up evidence suggesting that the dead man might actually be Edward Murray a hard drinking local laborer Relying upon newly developed forensic techniques Tobin gradually built a case implicating Novak in Murray's murder But all he had was circumstantial evidence and up to that time few murder convictions had been won on that basis in the United States Others besides Tobin were interested in the case including several companies that had sold Novak life insurance policies One agency hired detectives to track down every clue regarding the suspect's whereabouts Newspapers across the country ran sensational headlines with melodramatic coverage of the manhunt Veteran detective Red Perrin's determined trek over icy mountain paths and dangerous river rapids to the raw Yukon Territory town of Dawson City which was booming with prospectors as the Klondike gold rush began made for especially good copy Skull in the Ashes traces the actions of Novak Tobin and Perrin showing how the Walford fire played a pivotal role in each man's life Along the way author Peter Kaufman gives readers a fascinating glimpse into forensics detective work trial strategies and prison life at the close of the nineteenth century As much as it is a chilling tale of a cold blooded murder and its aftermath this is also the story of three ambitious young men and their struggle to succeed in a rapidly modernizing world **Getting the Picture** Jason E. Hill, Vanessa R. Schwartz, 2020-09-08 Powerful and often controversial news pictures promise to make the world at once immediate and knowable Yet while many great writers and thinkers have evaluated photographs of atrocity and crisis few have sought to set these images in a broader context by defining the rich and diverse history of news pictures in their many forms For the first time this volume defines what counts as a news picture how pictures are selected and distributed where they are seen and how we critique and value them Presenting the best new thinking on this fascinating topic this book considers the news picture over time from the dawn of the illustrated press in the nineteenth century through photojournalism's heyday and the rise of broadcast news and newsreels in the twentieth century and into today's digital platforms It examines the many kinds of images sport fashion society celebrity war catastrophe and exoticism and many mediums including photography painting wood engraving film and video Packed with the best research and full colour illustrations throughout this book will appeal to students and readers interested in how news and history are key sources of our rich visual culture Early Motion Pictures Library of Congress.
