Prison Life And Human Worth:

Prison Life and Human Worth Paul Keve, 1974-12-23 *Prison Life and Human Worth* was first published in 1974. Much has been written and published about the pressing problems of prison reform, but this book differs from most of the others because it goes more deeply to the heart of the question. The author speaks with the authority of years of experience in the corrections field, yet his analysis and proposals are not only those of an outstanding professional but those of a deeply committed humanist as well. Mr. Keve provides a balanced picture of prison problems, showing in understandable terms what happens to both inmates and staff when they are confined together in a traditional prison. He points out that problems of management, communication, and staff training are especially acute in a typical prison, demonstrating with examples the reasons why severe stress and recurring disturbances will always be part of the prison experience as long as the present large security institutions are maintained. He gives special attention to the effects on prison life of parole board decisions and of recent relevant court decisions. He also discusses the particular problems of women's institutions. The author concludes that because of increased awareness by both courts and prison inmates of prisoner rights, the time is coming shortly when our prisons will be considered virtually inoperable and new alternatives will have to be developed. He devotes a full chapter to consideration of fifteen concepts or suggestions that could lead to improvement of prisons. In a final chapter, he discusses the kinds of programs he thinks must be developed as alternative resources to replace prison sentences for most offenders.

Subcommittee on Criminal Law, 1984 *Library Book Catalog* National Institute of Law Enforcement and Criminal Justice. Office of Technology Transfer, 1975 **Prisoners' Deaths in Local Jails** Lisa Nealy, 2004 Since 1987 there have been 49 inmate deaths in jails and prisons across the state of Mississippi. No study has been produced or written to explicate why such deaths have occurred in Mississippi's jails. Most of the deaths have been labeled suicide, but further research by the author has led to other explanations that these deaths were not all suicide. Many of the victims were African American male, young and with no previous history of arrests. Within 24 hours of being incarcerated, many of these pre-trial detainees were found hanged in their jail cells with larynx and muscles missing, tongue cut out, and body covered with bruises. **Crime Control** David John Farmer, 2013-03-08 The question of how to use police resources productively, particularly in this era of tight municipal budgets, is a major concern for police chiefs and others responsible for crime control. In *Crime Control: The Use and Misuse of Police Resources*, David J. Farmer provides new insights into this question and suggests a practical resource allocation approach for police policymakers and administrators. The book documents the results of current police resource allocation practices and describes the major research studies that have identified a need to restructure police field operations. It very usefully outlines the development and nature of allocation techniques and analyzes the political contexts which influence resource allocation. After describing planning at the

neighborhood level that should inform the allocation process the author provides a comprehensive planning budgeting resources allocation approach to managing a productive police department This comprehensive approach is illustrated by an account of the Manpower Allocation Review System MARS which the author developed and introduced in the New York City Police Department in 1972 when I was commissioner As I can vii FOREWORD viii attest the MARS approach had practical utility For the author it served as a forerunner to the more elaborate system he describes in this book **Writers Directory**

Boyer,2000 *Governing Delaware* is an analysis of the governance of Delaware that focuses on the political culture and public policy problems of this small state BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved [The Arts of Imprisonment](#) Leonidas K. Cheliotis,2016-12-05 The arts spanning the visual design performing media musical and literary genres constitute an alternative lens through which to understand state sanctioned punishment and its place in public consciousness Perhaps this is especially so in the case of imprisonment its nature its functions and the ways in which these register in public perceptions and desires have historically and to some extent inherently been

intertwined with the arts But the products of this intertwinement have by no means been constant or uniform Indeed just as exploring imprisonment and its public meanings through the lens of the arts may reveal hitherto obscured instances of social control within or outside prisons so too it may uncover a rich and possibly inspirational archive of resistance to them This edited collection sheds light both on state use of the arts for the purposes of controlling prisoners and the broader public and the use made of the arts by prisoners and portions of the broader public as tools of resistance to penal states The book also includes a number of chapters that address arts in prisons programmes making distinctive contributions to the literature on their philosophy formation operation effectiveness and research evaluation as well as taking care to explore the politics surrounding and underpinning these multiple themes *Library Book Catalog* United States. Learner corpus profiles Madalina Chitez, 2014-07-31 Aiming at exemplifying the methodology of learner corpus profiling this book describes salient features of Romanian Learner English As a starting point the volume offers a comprehensive presentation of the Romanian English contrastive studies Another innovative aspect of the book refers to the use of the first Romanian Corpus of Learner English whose compilation is the object of a methodological discussion In one of the main chapters the book introduces the methodology of learner corpus profiling and compares it with existing approaches The profiling approach is emphasised by corpus based quantitative and qualitative investigations of Romanian Learner English Part of the investigation is dedicated to the lexico grammatical profiles of articles prepositions and genitives The frequency based collocation analyses are integrated with error analyses and extended into error pattern samples Furthermore contrasting typical Romanian Learner English constructions with

examples from the German and the Italian learner corpora opens the path to new contrastive interlanguage analyses

Prison Power Lisa M. Corrigan, 2016-11-04 Winner of the 2017 Diamond Anniversary Book Award and the African American Communication and Culture Division's 2017 Outstanding Book Award both from the National Communication Association In the Black liberation movement imprisonment emerged as a key rhetorical theoretical and media resource Imprisoned activists developed tactics and ideology to counter white supremacy Lisa M Corrigan underscores how imprisonment a site for both political and personal transformation shaped movement leaders by influencing their political analysis and organizational strategies Prison became the critical space for the transformation from civil rights to Black Power especially as southern civil rights activists faced setbacks Black Power activists produced autobiographical writings essays and letters about and from prison beginning with the early sit in movement Examining the iconic prison autobiographies of H Rap Brown Mumia Abu Jamal and Assata Shakur Corrigan conducts rhetorical analyses of these extremely popular though understudied accounts of the Black Power movement She introduces the notion of the Black Power vernacular as a term for the prison memoirists rhetorical innovations to explain how the movement adapted to an increasingly hostile environment in both the Johnson and Nixon administrations Through prison writings these activists deployed narrative features supporting certain tenets of Black Power pride in Blackness disavowal of nonviolence identification with the Third World and identity strategies focused on Black masculinity Corrigan fills gaps between Black Power historiography and prison studies by scrutinizing the rhetorical forms and strategies of the Black Power ideology that arose from prison politics These discourses demonstrate how Black Power activism shifted its tactics to regenerate even after the FBI sought to disrupt discredit and destroy the movement
