## **Prisoners Of Fear:**

**Prisoners of Fear** Alison Dolling, **The Face of the Deep** Christina Georgina Rossetti, 1895 **Japanese Prisoners of War in India, 1942-46** T.R. Sareen, 2021-10-25 This is the first in depth study to examine the history treatment and conditions of more than 2500 Japanese prisoners of war who were captured by British forces on the Burma front and kept in India during the period 1942-46 Drawing on original sources including the National Archive of India the International Committee of the Red Cross as well as limited government records in the UK USA and Japan together with some former Japanese POWs first hand accounts the author has been able to provide a detailed picture of the way of life of these prisoners the organization of camp life as well as the policies that governed their incarceration In so doing the author fills a significant gap both in Pacific War studies and prisoner of war history The manner of the capture and surrender of the Japanese was unique in that they were captured for the most part when they were either seriously wounded or sick or had become unconscious due to hunger or disease while fighting on the Arakan Imphal and Kohima Burma fronts A few in good health gave themselves up but there was no mass surrender even by a single regiment or unit ever took place thus giving rise to the myth that no Japanese soldier ever became a prisoner of war This account sets the history straight and will be widely welcomed by the generalist and specialist alike particularly those studying the history of this period including POW history as well as students of international law and the work of international agencies such as the Red Cross *Bullying Among Prisoners* Jane L. Ireland, 2014-07-16 Bullying in prisons can have severe consequences both for those directly involved and for the prison regime as a whole yet the subject has been curiously neglected in the literature In 1993 the Prison Service introduced their first anti bullying strategy and since then there has been a great deal of research on the subject *Bullying Among Prisoners* summarises this research and seeks to answer some important questions *Bullying Among Prisoners* identifies problems in defining and measuring bullying along with proposing guidelines on how research in this field should be conducted The book covers what bullying is how and why it occurs the effects of bullying practical strategies for preventing bullying By outlining a series of interventions that can be employed to address bullying this book will prove an invaluable resource for all those working directly with the perpetrators and victims not only in prisons but also in a range of settings such as regional secure units and special hospitals **Report of the California State Penological Commission** California. State Penological Commission, 1887 **The Anamosa Prison Press**, 1904 **Prisoners of Fear** Mary Broughton, 1933 **Prison Methods in New York State, a Contribution to the Study of the Theory and Practice of Correctional Institutions in New York State** Philip Klein, 1920 **Bullying among Prisoners** Jane Ireland, 2013-05-13 This book aims to present key aspects of the prison based bullying research which has taken place over the last few years It is a field in which there has been considerably increased interest One of the main features of this book is the recognition that much previous bullying research has been descriptive in nature with little underlying theory to assist its development as an

area of academic interest In addressing this need this book will serve as an indispensable resource for students academics and professionals with interests in this field Chapters in the book address the following areas need for innovation in prison bullying research statistics on bullying combining methods to research prison bullying bullying behaviour among women in prison bullying and suicides in prisons developmental antecedents of prison bullies and or victims applying evolutionary theory to prison bullying applying social problem solving models to prison bullying Annual Report of the Inspectors of the State Prison of the State of Michigan, for the Year ... Michigan State Prison,1881 **Report of the Deputy Judge Advocate for War Crimes European Command** , *Papua New Guinea's Last Place* Adam Reed,2004-09-01 What kind of experience is incarceration How should one define its constraints The author who conducted extensive fieldwork in a maximum security jail in Papua New Guinea seeks to address these questions through a vivid and sympathetic account of inmates lives Prison Studies is a growing field of interest for social scientists As one of the first ethnographic studies of a prison outside western societies and Japan this book contributes to a reinterpretation of the field s scope and assumptions It challenges notions of what is punitive about imprisonment by exploring the creative as well as negative outcomes of detention separation and loss Instead of just coping the prisoners in Papua New Guinea s Last Place find themselves drawing fresh critiques and new approaches to contemporary living *The U.S. Fighting Man's Code* United States. Directorate for Armed Forces Information and Education,1967 *Invisible Women* Angela Devlin,1998 More and more women are being sent to prison at the time when this book was written UK numbers had doubled over the last five years and the Prison Reform Trust called this a rate of increase without precedent in the modern era Indeed the figures for convicted women shows an even greater increase 76% according to the National Association of Probation Officers more than twice the increase for men Though the media focuses on high profile prisoners like Myra Hindley and Rosemary West most women become invisible as soon as they pass through the prison gates and are subsumed into a world that is predominantly masculine and insensitive to their very different needs The author spent the past five years visiting twelve of the 16 prisons that take women interviewing prisoners and more unusually those whose job it is to care for them prison officers education probation and healthcare staff chaplains and counsellors In a book that is deliberately accessible to the general reader as well as to the prison professional she vividly recreates the realities of prison life for a woman at the end of the twentieth century as conditions worsen with overcrowding staff shortages and expenditure cuts Some of Devlin s findings will shock as well as inform she describes the over use of medication as a means of control the violence resulting from drug misuse the plight of ethnic minority and foreign national women and the self mutilation and suicide attempts of women in desperate need of help *These Few Also Paid a Price* G. McLeod Bryan,2001 This book is indispensable for anyone interested in United States history the Civil Rights Movement nonviolent protest and Christian models of leadership **Prisoner of War** ,1987 **Bulletin** New York Library Club,1914 **Report of W.C.
