IV. Types of prisoners. pt. V. Escapes. pt. VI. Juvenile crime. pt. VII. General conclusions* Arthur Griffiths,1894 **Wild Enlightenment** Richard Nash,2003 Shifting perspective from the thematic approach of intellectual history to a more eclectic cultural criticism Nash introduces a refreshing means to understanding both the figures of the wild man and the citizen of the Enlightenment in the eighteenth century **Prisoners in Paradise** Trevor Lagström,2008 **Prisoners in Paradise** Sheila Ward,1995 **Secrets of the prison-house, or, Gaol studies and sketches** Arthur Griffiths,1894 **The Caledonian** ,1919 *Time* Briton Hadden, Henry Robinson Luce,1955 **From the Other Shore** André Liebich,1997 This book is an inquiry into the possibilities of politics in exile Russian Mensheviks driven out of Soviet Russia and their party stripped of legal existence functioned abroad in the West in Berlin Paris and New York for an entire generation For several years they also continued to operate underground in Soviet Russia Bereft of the usual advantages of political actors the Mensheviks succeeded in impressing their views upon social democratic parties and Western thinking about the Soviet Union The Soviet experience through the eyes of its first socialist victims is recreated here for the first time from the vast storehouse of archival materials and eyewitness interviews The exiled Mensheviks were the best informed and most perceptive observers of the Soviet scene through the 1920s and 1930s From today s perspective the Mensheviks analyses and reflections strikingly illuminate the causes of the failure of the Soviet experiment This book also probes the fate of Marxism and democratic socialism as it tracks the activities and writings of a remarkable group of men and women including Raphael Abramovitch Fedor and Lidia Dan David Dallin Boris Nicolaevsky Solomon Schwarz and Vladimir Woytinsky entangled in the most momentous events of this century Their contribution to politics and ideas in the age of totalitarianism merits scrutiny and their story deserves to be told *Relational Geographies of Islands in the Indo-Pacific* Takashi Yamazaki, Godfrey Baldacchino, 2025-08-23 This book provides a powerful picture of the significance and centrality of islands in the Indo Pacific region in the 21st century far from an easily assumed benign peripherality and invisibility It consists of nine chapters and examines four major challenges facing island societies namely aggressive environmental adaptation outmigration island borders and military fortification The book relationally details how island geographies in the Indo Pacific region become an assemblage of environmental social and political dynamics Throughout these chapters the book aims to renew the mainland continental perspective that tends to marginalize islands in the larger society to expand awareness of the significance of islands in the world The book also

contributes to the construction of world peace extended from peace on islands This book is the outcome of the International Geographical Union IGU Thematic Conference Islands in Relations Conflicts Sustainability and Peace at Osaka Metropolitan University in 2023 with support from the Association of Japanese Geographers and other academic organizations The conference aimed and this book attempts to reconsider the environmental social economic and political relationships among the islands of the world especially in the Indo Pacific region by focusing on their relations with the mainland neighboring continents and other islands at the bigger scale and to identify factors that cause and avoid conflicts over islands conditions for islands environmental and economic sustainability and ways to build peace in the maritime and coastal areas surrounding the islands The book is a valuable resource for geographers island scholars other scientists university students teachers policymakers NGOs other practitioners and the public worldwide who find the book topics informative insightful and valuable

Prisoners of Hope John Smyth Carroll, 1906 **Johnson, Rasselas, and the Choice of Criticism** Edward

Tomarken, 2021-10-21 Although Rasselas has received more critical commentary than almost any other work by Samuel Johnson Edward Tomarken's book is the first full length study to focus on his tale of the Prince of Abyssinia This anomaly arises as Tomarken shows because Rasselas has remained resistant to the customary critical approaches of the eighteenth nineteenth and twentieth centuries consistently eliciting new kinds of insights and raising new sorts of problems Tomarken's contribution is a new methodology to explain this phenomenon He sees Johnson's early writings London and Irene as instances of the writer trying with only partial success to achieve what he first realized in The Vanity of Human Wishes a means of permitting literary form to refer to conduct Later works such as The Journey to the Western Islands of Scotland are viewed as further developments of this method which achieved its fullest expression in Rasselas and the Life of Pope Such a reading of Johnson develops an aesthetic that operates on the margins between the literary and the extra literary Although Johnson's own critical view was unable to accommodate such a position Tomarken shows that in practice he moved toward it by a process of trial and error manifest in his poetry and narratives When raised to the level of critical method this approach goes beyond the assumptions not only of Johnson's day but also of our own Tomarken's theoretical coda demonstrates how the choices of current critical theory like those in the marriage debate in Rasselas can be understood to interact with one another Specifically he proposes a dialectical relationship for two approaches hermeneutics and structuralism usually seen as opposed to one another This innovative study will interest not only Johnson scholars but all those concerned with critical theory
