Prisons Insideout Alternatives In Correctional Reform:

Prisons Inside-out; Alternatives in Correctional Reform Benedict Solomon Alper, 1974 Based on a series of lectures delivered at the United Nations Asia and Far East Institute for the Prevention of Crime and Treatment of Offenders during the spring of 1973 **Alternatives to Institutionalization** Marjorie Kravitz, 1979 *The Fall of the Prison* Lee Griffith, 1999-01-25 Even as America's prison system is expanding at an unprecedented rate Lee Griffith makes a startling proposal in this book abolish prisons To make his case Griffith thoroughly examines prisons from the perspectives of sociology theology history and biblical exegesis Bolstered with extensive documentation as well as lively anecdotal evidence this compelling radical book is bound to stir up serious discussion **Prisons Inside-out**, 1974 *Library Book Catalog* United States. Law Enforcement Assistance Administration. Library, Document Retrieval Index, 1976 Institutions of Confinement Norbert Finzsch, Robert Jütte, 1996 A study of the development of prisons hospitals and insane asylums in America and Europe which grew out of discussions between its two editors about their work on the history of hospitals poor relief deviance and crime and a subsequent conference that attempted to assess the impacts of Foucault and Elias Seventeen contributors from six different countries with backgrounds in history sociology and criminology utilize various methodological approaches and reflect the various viewpoints in the theoretical debate over Foucault's work 1974 Annual Supplement Joan Schmitz Bergholt, 2013-12-21 **Justice as Sanctuary** Herman Bianchi, 2010-10-01 While many in the criminal justice system would agree that the present punitive system of crime control is ineffective unjust and malevolent there is little enthusiasm for talk about reforming the system or for a reexamination of its fundamental premises In *Justice as Sanctuary* noted Dutch criminologist Herman Bianchi details a new approach to crime control one that promises to reanimate debate and initiate real change He explores the cultural and religious roots of the current punitive system in search of new perspectives that can help create a more just and effective one In the ancient Hebrew notion of *tsedeka* justice or righteousness Bianchi finds the inspiration for a new model of crime control based on conflict resolution rather than punishment Because so many feel alienated from the criminal justice system he argues for new procedures that will enable people to experience law as supportive of their lives and their social interactions To complement the current punitive system Bianchi proposes a system that provides victims and offenders a chance to resolve their conflicts and offers them the opportunity to reach non punitive systems By incorporating the concept of liability Bianchi's model returns to offenders the responsibility for their acts while providing an active legal role for the victims of crime It adapts structures and models from civil and labor law for conflict resolution of nonviolent crimes and in the case of violent crimes and in the case of violent crimes proposes the creation of special sanctuaries that would protect the public while making it possible to effect true justice Startling in its implications Bianchi's system is not a utopian dream but a carefully considered set of proposals that could be acted upon today **American Prisons and Jails** Joan Mullen, 1980 Catalog of Copyright Entries.
