Kansas Advisory Committee, 1974 Changing Addiction Problems and Care Responses During and After a Major Crisis: Emergence of a 'New Normal' John Strang, Julia Rozanova, Alexandra A. Deac, Harry Skipper, 2024-07-24 Despite its lifesaving role addiction treatment and care are often among the first domains to lose resources when a crisis strikes Across the world disruptions in addiction related care during the Covid 19 pandemic armed conflict or radical political change have been documented But what happens after the crisis is typically unknown How do addiction related problems change during a crisis and what are the responses at individual and societal level How do crises affect causes prevalence incidence or severity of addiction in different regions and populations Does the addiction care system permanently collapse or is the breakdown temporary and reversible How does a crisis evolve and what happens to addiction care services and their beneficiaries over time Is residual damage to addiction care services inevitable or can a crisis create opportunities for positive change at individual organizational and or system level Are harms and benefits unequally distributed among different addiction stakeholder groups And finally what does a new normal look like in addiction and addiction care and what new norms underpin it These questions not only encompass the importance of such a topic but also the implications on public health that are applicable worldwide that need to be addressed **Impact of Mentally Ill Offenders on the Criminal Justice System** United States. Subcommittee No. 3,1972 **The Official History of Criminal Justice in England and Wales** David Downes,2021-04-22 Volume III of The Official History of Criminal Justice in England and Wales draws on archival sources and individual accounts to offer a history of penal policymaking in England and Wales between 1959 and 1997 The book studies the changes underlying penal policymaking in the period from a belief in the rehabilitative potential of imprisonment to a reaffirmation in 1993 that Prison Works as a deterrent to crime A need to curb the rising prison population initially focussed on developing alternatives to prison and a new system of parole however their relative ineffectiveness led to sentencing becoming the key to penal reform A slackening of faith in rehabilitation led to pressure for greater emphasis on humane containment and the rebalancing of security order and justice in prison regimes Thus 1991 was the climactic year for what became largely unfulfilled hopes for lasting penal reform Escapes riots and prison occupations were prime catalysts for changes often highly contentious in penal policymaking Notably there was no simple equation between political party minister and policy choice Both Labour and Conservative governments had distinctly liberal Home Secretaries and after 1992 both parties took a more punitive approach This book will be of much interest to students of criminology and British history politics and law Public Documents West Virginia,1907 **Library Book Catalog, Author Catalog, Volume 2** United States.
