All Things Ancient Egypt Lisa K. Sabbahy, 2019-04-24 Written by specialists in the field of Egyptology this book is a readable introduction to ancient Egypt covering all anticipated subjects and stressing the monuments and material culture of this remarkable ancient civilization The rich natural resources of ancient Egypt provided a wealth of raw material for its structures sculptures and art while its geographic isolation helped to ensure the survival of its rich culture for centuries While other references focus on the people and battles central to Egyptian history this reference explores the material culture and social institutions of ancient Egypt The book focuses on pharaonic Egypt covering the period from roughly 5000 BCE to the beginning of the Greco Roman Period in 320 BCE At the front of the work a timeline provides a quick look at the major events in Egyptian history and an introduction surveys ancient Egypt's physical geography and history Alphabetically arranged reference entries written by expert contributors then provide fundamental information about the buildings jewelry social practices and other topics related to the material culture and institutions that made up the Egyptian world Excerpts from primary source historical documents provide evidence for what we know about ancient Egyptian culture and suggestions for further reading direct users to additional sources of information

Village Life in Ancient Egypt A. G. McDowell, 1999-10-15 Deir el Medina the village of the workmen who built the royal tombs in the Valley of the Kings is a uniquely rich source of information about life in Egypt between 1539 and 1075 BC The abundant archaeological remains are complemented by tens of thousands of texts documenting the thoughts and activities of the villagers Many of the texts are written on papyrus but most are on flakes of limestone which being free and readily available were used for even the most casual and temporary of records They include private letters administrative accounts magic spells records of purchases last wills and testaments laundry lists and love songs The value of these rare glimpses of daily life is greatly enhanced by the concentration of texts in one time and place This book combines translations of over 200 of these texts spanning the entire range of preserved genres with stunning illustrations The reader will therefore be able to experience the life of the villagers through their own words whilst viewing places known to each individual writer Each text is introduced by a commentary that provides the context and explains the contribution each text makes to our understanding of Egyptian society at this period

The Art and Architecture of Ancient Egypt William Stevenson Smith, William Kelly Simpson, 1998-01-01 A survey of Egyptian art and architecture is enhanced by revised text an updated bibliography and over four hundred illustrations

Women in Ancient Egypt Mariam F. Ayad, 2022-11-15 Cutting edge research by twenty four international scholars on female power agency health and literacy in ancient Egypt There has been considerable scholarship in the last fifty years on the role of ancient Egyptian women in society With their ability to work outside the home inherit and dispense of property initiate divorce testify in court and serve in local government Egyptian women exercised more legal

rights and economic independence than their counterparts throughout antiquity Yet their agency and autonomy are often downplayed undermined or outright ignored In *Women in Ancient Egypt* twenty four international scholars offer a corrective to this view by presenting the latest cutting edge research on women and gender in ancient Egypt Covering the entirety of Egyptian history from earliest times to Late Antiquity this volume commences with a thorough study of the earliest written evidence of Egyptian women both royal and non royal before moving on to chapters that deal with various aspects of Egyptian queens followed by studies on the legal status and economic roles of non royal women and finally on women s health and body adornment Within this sweeping chronological range each study is intensely focused on the evidence recovered from a particular site or a specific time period Rather than following a strictly chronological arrangement the thematic organization of chapters enables readers to discern diachronic patterns of continuity and change within each group of women

The Phoebe A. Hearst Expedition to Deir el-Ballas Victoria Jensen, 2025-03-24 This lavishly illustrated book presents the unpublished excavations of the Hearst Expedition 1900 1901 at Deir el Ballas and thus makes a major contribution to the study of the material culture of the early New Kingdom The site played a major role in the birth of the New Kingdom as a royal campaign headquarters during the wars to expel the Hyksos For several generations afterwards a non elite population lived in the shadow of the abandoned palace in this provincial town Drawing on meticulous archival research to reconstruct the tomb assemblages this book reveals the community's funerary practices and considers the cultural memory the residents held of their town's illustrious past

New Kingdom Royal City Lacovara, 2013-01-11 First published in 1997 The aim of this

study is to re appraise the evidence for planned communities in ancient Egypt by reviewing published and unpublished data along with my own fieldwork at the site of Deir el Ballas *Akhenaten and the Religion of Light* Erik Hornung,2001

Akhenaten also known as Amenhotep IV was king of Egypt during the Eighteenth Dynasty and reigned from 1375 to 1358 B C E Called the religious revolutionary he is the earliest known creator of a new religion The cult he founded broke with Egypt s traditional polytheism and focused its worship on a single deity the sun god Aten Erik Hornung one of the world s preeminent Egyptologists here offers a concise and accessible account of Akhenaten and his religion of light Hornung begins with a discussion of the nineteenth century scholars who laid the foundation for our knowledge of Akhenaten s period and extends to the most recent archaeological finds He emphasizes that Akhenaten s monotheistic theology represented the first attempt in history to explain the entire natural and human world on the basis of a single principle Akhenaten made light the absolute reference point Hornung writes and it is astonishing how clearly and consistently he pursued this concept Hornung also addresses such topics as the origins of the new religion profound changes in beliefs regarding the afterlife and the new Egyptian capital at Akhetaten which was devoted to the service of Aten his prophet Akhenaten and the latter s family **The**

Ägyptologische Tempeltagung René Preys, 2009 Building a temple implies the mastering of different technicalities such as the commissioning and payment of the building process procuring and transporting building material the organization of work and the practical execution of building and decoration projects But building a temple is also translating a religious idea into stone From the design to the consecration of the temple every stage in the process answers to a set of rules that enables the building to function as a temple The aim of the 7th Tempeltagung was to examine the relation between the technical and the theological demands of temple building How was architecture influencing the ritual how did ritual texts reflect the act of construction What was the relation between the mythical temple and the actual temple Who made the decisions and who executed them What technical and theological considerations lay at the base of the choice of material and of form In other words how did the technical aspects of building influence the theological ideas how was building a temple structuring religion

Object Worlds in Ancient Egypt Lynn Meskell, 2021-01-07 Egypt looms large in the Western imagination Whether it is our attraction to pharaonic art the pyramids or practices of mummification Egypt's unique understanding of materiality speaks to us across space and time Is it because the ancient Egyptians fetishized material objects that we find their culture captivating today And what exactly do Egyptian remains tell us about biography embodiment memory materiality and the self

Object Worlds in Ancient Egypt takes New Kingdom Egypt 1539 1070 BC as its starting point and considers how excavated objects reveal the complex ways that ancient Egyptians experienced their material world From life to death the material world instantiated reflected and influenced social life and existence for ancient Egyptians Thus in Meskell's unique approach to the materiality and sensuousness of subjects and objects we uncover the philosophical spiritual and human meanings embedded in these cultural artefacts Meskell's book explores the fundamental existential questions that not only preoccupied ancient Egyptians but continue to fascinate people today What is the essence of persons and things How might we understand the situated experiences of material life the constitution of the object world and its shaping of human experience How might objects successfully mediate between worlds In the final analysis Meskell moves forward through time and examines the consumption and appreciation of these Egyptian material objects in the contemporary world Materiality is our physical engagement with the world our medium for inserting ourselves into the fabric of that world and our way of constituting and shaping culture in an embodied and external sense From that perspective it is very much the domain of

anthropology and archaeology Drawing on a wide range of objects artefacts and artwork from Valley of the Kings through to Las Vegas Meskell provides an elegant analysis of the aesthetics of ancient Egyptian material culture **Tell el-Borg II**
James K. Hoffmeier, 2019-04-09 This is the second and final volume of scientific and interdisciplinary reports on the excavations and research conducted at Tell el Borg north Sinai between 1998 and 2008 written by the scholars and specialists who worked on the site under the direction of Professor James K Hoffmeier This volume focuses on the cemetery areas which yield more than a dozen tombs typically made of mud brick some of which were constructed for a single occupant and some of which were larger tombs that accommodated multiple family members Included is a treatment of an area of public space featuring a temple and a well among other things and a study of the geological results of the nearby ancient Ballah Lakes that offers new data on the history of the Nile distributary that flowed by Tell el Borg The balance of the work deals with specialty reports including the faunal and botanical remains the clay coffins and elite stones A concluding chapter offers a synthesis of the decade of work and ties together the finds published in both volumes In addition to the editor the contributors to this volume include Stephen Moshier Bahaa Gayed Gregory D Mumford Scott D Haddow Mark Janzen Thomas W Davis Rexine Hummel Hesham M Hussein Carole McCartney Michelle A Loyet Louise Bertini and Salima Ikram
