The Controversy
over Contra Aid

Edited by **Richard Sobel**

Foreword by **Everett C. Ladd**

Public Opinion In Us Foreign Policy The Controversy Over Contra Aid

Daniel F McAuley

Public Opinion In Us Foreign Policy The Controversy Over Contra Aid:

Public Opinion and American Foreign Policy, Revised Edition Ole Rudolf Holsti, 2009-06-25 A thoroughly revised version of this essential text incorporating a wealth of new material on American foreign policy since 9 11 Public Opinion in U.S. Foreign Policy Richard Sobel, 1993 *American Public Opinion on the Iraq War* Ole R. Holsti, 2011-11-07 Shifts in public opinion have had an impact on U S foreign policy **Public Opinion and International Intervention** Richard Sobel, Peter A. Furia, Bethany Barratt, 2012-05 Rarely has a foreign policy event spawned such interest in international public opinion as has the Iraq War What does this war indicate about the extent to which public opinion influences foreign policy leaders Have leaders decisions about participating in the Iraq Coalition reflected the willingness of their citizens to do so Are leaders of some countries more responsive to public opinion than others The editors address these questions using select case studies that explore the extent to which leaders and people in democracies that are capable of participating in the Iraq War Coalition have willingly done so Each chapter is based on the premise that democracies are most responsive to public opinion and that the wealthiest democracies would be most capable though not necessarily most willing to participate in the Iraq War The editors have assembled contributions that build on the successful model of Richard Sobel s *International Public Opinion and the Bosnia Crisis* In this Iraq volume leading scholars debate the role of public opinion in particular countries decisions to participate or not in an international conflict making it an essential text for any foreign policy course *Public Opinion and the International Use of Force* Philip Everts, Pierangelo Isernia, 2003-12-16 Recent years have witnessed a growing interest in the relationship between public opinion and foreign policy in Western democracies This international board of contributors examine the ways in which the connection between public opinion and the use of military force has developed since the end of the Cold War In doing so it also addresses the crucial and topical question of whether and to what extent a democratic foreign policy is possible *Rhetoric, Media, and the Narratives of US Foreign Policy* Adam Lusk, 2021-12-30 *Rhetoric Media and the Narratives of US Foreign Policy Making Enemies* studies the process of communicating threats to the US public and explores when and why the American public believes another country or regime is a threat Through a comparative and historical study the author focuses on how the media environment enables and constrains rhetorical strategies deployed to construct reproduce and change narratives about a threat Recent literature on threat inflation securitization and critical security studies returned to the concept of threat Building on this renewed conceptual attention this book examines why and how policy makers and other public figures in particular the President convince the public about a threat and will be of interest to students and academics in the disciplines of political science international relations foreign policy security studies and contemporary history *The Turkey and the Eagle* Caleb S. Rossiter, 2010 This book is about not just the effects but the making of U S foreign policy It shows how advocates of basing U S relations on progress toward democracy struggle in Washington with advocates of support for repressive regimes in return for economic benefits such trade investment and

mineral resources and military benefits such as access to their territory for U S armed and covert forces By arguing that the outcome of this struggle is determined by the average citizen s position the book makes readers participants rather than observers By arguing that a cultural pump constantly promotes a vision of American domination as a positive force in the world it encourages readers to analyze the day to day effect of this vision on their own perceptions Intended for a general audience the book features enough inside tales and colorful characters to intrigue the casual reader but also provides the clear themes and historical context needed for a high school or college text on U S policy after World War II toward the colonized and then post colonial countries Political Science Abstracts IFI/Plenum Data Company staff,2013-11-11 Political Science Abstracts is an annual supplement to the Political Science Government and Public Policy Series of The Universal Reference System which was first published in 1967 All back issues are still available **Attitudes and Opinions** Stuart Oskamp,P. Wesley Schultz,2005-01-15 Notable advances resulting from new research findings measurement approaches widespread uses of the Internet and increasingly sophisticated approaches to sampling and polling have stimulated a new generation of attitude scholars This extensively revised edition captures this excitement while remaining grounded in scholarly research Attitudes and Opinions 3 e maintains one of the main goals of the original edition breadth of coverage The book thoroughly reviews both implicit and explicit measures of attitudes the structure and function of attitudes the nature of public opinion and polling attitude formation communication of attitudes and opinions and the relationship between attitudes and behaviors as well as theories and research on attitude change Over 2 000 references support the book s scientific integrity The authors second goal is to demonstrate the relevance of the topic to people s lives Subsequently the second part of the book examines many of the topics and research findings that are salient in the world today political and international attitudes including terrorism voting behavior racism and prejudice sexism and gender roles and environmental attitudes This thoroughly revised new edition features an entirely new chapter on implicit measures attitudes a new chapter on environmental attitudes updated opinion poll data throughout the book additional material on time trends in attitudes about many issues and expanded updated sections on international attitudes reflecting the events of 9 11 and the subsequent invasions of Afghanistan and Iraq Attitudes and Opinions broad and interdisciplinary perspective makes this an ideal text in courses on attitudes public opinion survey research or persuasion taught in a variety of departments including psychology communication marketing sociology and political science The Oxford Handbook of the American Presidency George C. Edwards,William G. Howell,2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today *Costly Calculations* Scott Sigmund Gartner,Gary M. Segura,2021-07-08 Considers war initiation wartime politics war policies and war termination through the complex roles played by citizen wartime casualties **Policy Passages** Howard J. Wiarda,2002-12-30 What options are available now or in the future for students interested in a public policy career How do

they train network and advance in the field Students parents professors guidance counselors and department chairs are often frustrated by the absence of a solid readable book on policy careers and options This book presents the career stories of twenty scholars and policy practitioners who have worked in Congress the State Department the CIA Defense international agencies think tanks the media and major law firms all of whom have been influential in shaping public policy to give readers an accurate and realistic view of life outside the academic world No other book provides this type of solid advice for young policy professionals and for older scholars considering career changes As such it is vital reading in guidance and department collections and an essential addition to the personal bookshelves of individual students scholars and researchers **Who**

Leads Whom? Brandice Canes-Wrone, 2010-07-15 Who Leads Whom is an ambitious study that addresses some of the most important questions in contemporary American politics Do presidents pander to public opinion by backing popular policy measures that they believe would actually harm the country Why do presidents go public with policy appeals And do those appeals affect legislative outcomes Analyzing the actions of modern presidents ranging from Eisenhower to Clinton Brandice Canes Wrone demonstrates that presidents involvement of the mass public by putting pressure on Congress shifts policy in the direction of majority opinion More important she also shows that presidents rarely cater to the mass citizenry unless they already agree with the public s preferred course of action With contemporary politics so connected to the pulse of the American people Who Leads Whom offers much needed insight into how public opinion actually works in our democratic process Integrating perspectives from presidential studies legislative politics public opinion and rational choice theory this theoretical and empirical inquiry will appeal to a wide range of scholars of American political processes **The ^ACasualty**

Gap Douglas L. Kriner, Francis X. Shen, 2010-04-28 The Casualty Gap shows how the most important cost of American military campaigns the loss of human life has been paid disproportionately by poorer and less educated communities since the 1950s Drawing on a rich array of evidence including National Archives data on the hometowns of more than 400 000 American soldiers killed in World War II Korea Vietnam and Iraq this book is the most ambitious inquiry to date into the distribution of American wartime casualties across the nation the forces causing such inequalities to emerge and their consequences for politics and democratic governance *Narrative and the Making of US National Security* Ronald R. Krebs, 2015-08-25 Dominant narratives from the Cold War consensus to the War on Terror have often served as the foundation for debates over national security Weaving current challenges past failures and triumphs and potential futures into a coherent tale with well defined characters and plot lines these narratives impart meaning to global events define the boundaries of legitimate politics and thereby shape national security policy However we know little about why or how such narratives rise and fall Drawing on insights from diverse fields Narrative and the Making of US National Security offers novel arguments about where these dominant narratives come from how they become dominant and when they collapse It evaluates these arguments carefully against evidence drawn from US debates over national security from the 1930s to the

2000s and shows how these narrative dynamics have shaped the policies pursued by the United States *The Peace Corps and Latin America* Thomas J. Nisley, 2018-09-15 For almost 60 years the United States government has sent more than 230 000 of its citizens abroad to serve as Peace Corps Volunteers PCVs for two year tours often in very poor countries As these Volunteers work in grassroots development helping to build local capacity they also serve as citizen diplomats and contribute to U S public diplomacy The unique experience of the Peace Corps provides the Volunteers knowledge and a profound understanding of another country or region of the world Volunteers continue to serve their country as they bring their experience and knowledge back to the United States Many of them go on to serve in the State Department and in the United States Agency for International Development Some have even risen to the top ranks of the Foreign Service Thomas Nisley argues that the Peace Corps is an important tool of U S foreign policy that contributes on multiple levels As these citizen diplomats do their work they help to improve the popular image of the United States contributing to U S soft power Soft power is a co optive power getting others to want what you want After a general exploration of how the Peace Corps contributes to U S foreign policy the book takes a direct focus on Latin America Dr Nisley provides evidence along with a theoretical explanation that PCVs do indeed improve the popular perception of the United States in Latin America He then examines three different periods in U S foreign policy toward Latin America and shows how the Peace Corps made its contribution Not all U S policy makers have equally recognized the role of the Peace Corps in U S foreign policy Some have even dismissed it outright This book argues that the Peace Corps plays an important role in U S foreign policy Although the Peace Corps is much stronger today than it was in the late 1970s and early 1980s U S foreign policy would be well served if the Peace Corps were further strengthened and expanded not only in Latin America but in the world We should consider the wider policy benefits of the Peace Corps **Corporate versus National Interest in US Trade Policy** Richard L.

Bernal, 2020-10-31 This book provides a history of the WTO US EU banana dispute through the lens of a major actor the US owned multinational firm Chiquita Brands International It documents and explains how Chiquita succeeded in having the Clinton administration pursue a trade policy of forcing the European Union to dismantle its preferential banana import regime for exports from the small English speaking Caribbean ESC countries The export of bananas was critically important to the social stability and economic viability of these countries and that was in the national security interest of the United States The experience indicates that succeeding in this goal was detrimental to U S national security interest in the Caribbean Foreign Policy and Leadership in Nigeria Steve Itugbu, 2017-05-30 Steve Itugbu for many years a foreign policy aide to Obasanjo draws on an extensive corpus of official documents interviews unpublished material and first hand experience to explore the president s multi faceted personality in depth In so doing Itugbu demonstrates that Nigeria s foreign policy has suffered through a combination of personalisation that is subjugation to the will of Obasanjo and the failings of bureaucratic structures The book focuses specifically on Nigeria s decision not to intervene in Darfur in 2004

which is shown to be attributable to Obasanjo's politicking and inherent focus on shoring up his own position. Ultimately an important opportunity for the African Union to set a precedent for humanitarian intervention was missed, a pattern which has since repeated itself across Africa. Such personalisation is common in the region and the book therefore acts as a case study for better understanding the problems facing foreign policy making, diplomacy and leadership in Africa. Throughout Itugbu provides a reasoned and thorough analysis of the complex and interconnected issues facing Nigeria and Africa today and the prospects of resolving these in the future. This behind the scenes account of the mechanics of Nigerian foreign policy is essential reading for all students, researchers and policy makers working on Africa. *People and Their Opinions* Eric B. Shiraev, Richard Sobel, 2015-07-02 Utilizing both a critical thinking approach and a comparative perspective throughout the text, Sobel and Shiraev provide comprehensive coverage of public opinion while also teaching students the basic skills necessary for measurement, understanding and interpreting. Written in an accessible and engaging manner, this text provides a unique and practical introduction to the field of public opinion. The book begins by schooling the reader in how to think critically and then helps students apply those techniques as they encounter the concepts of public opinion. The text also employs a comparative perspective demonstrating the effect and nature of public opinion in other countries while also placing American public opinion in context. **Postwar America** James Ciment, 2015-03-26 From the outbreak of the Cold War to the rise of the United States as the last remaining superpower, the years following World War II were filled with momentous events and rapid change. Diplomatically, economically, politically and culturally, the United States became a major influence around the globe. On the domestic front, this period witnessed some of the most turbulent and prosperous years in American history. *Postwar America: An Encyclopedia of Social, Political, Cultural and Economic History* provides detailed coverage of all the remarkable developments within the United States during this period, as well as their dramatic impact on the rest of the world. A-Z entries address specific persons, groups, concepts, events, geographical locations, organizations and cultural and technological phenomena. Sidebars highlight primary source materials, items of special interest, statistical data and other information. Cultural Landmark entries chronologically detail the music, literature, arts and cultural history of the era. Bibliographies covering literature from the postwar era and about the era are also included, as are illustrations and specialized indexes.

This is likewise one of the factors by obtaining the soft documents of this **Public Opinion In Us Foreign Policy The Controversy Over Contra Aid** by online. You might not require more era to spend to go to the book instigation as without difficulty as search for them. In some cases, you likewise get not discover the notice Public Opinion In Us Foreign Policy The Controversy Over Contra Aid that you are looking for. It will categorically squander the time.

However below, following you visit this web page, it will be as a result extremely simple to acquire as skillfully as download guide Public Opinion In Us Foreign Policy The Controversy Over Contra Aid

Public Opinion In Us Foreign Policy The Controversy Over Contra Aid Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Public Opinion In Us Foreign Policy The Controversy Over Contra Aid free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Public Opinion In Us Foreign Policy The Controversy Over Contra Aid free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and

allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Public Opinion In Us Foreign Policy The Controversy Over Contra Aid free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Public Opinion In Us Foreign Policy The Controversy Over Contra Aid. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Public Opinion In Us Foreign Policy The Controversy Over Contra Aid any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Public Opinion In Us Foreign Policy The Controversy Over Contra Aid Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
