Punto Y Aparte Workbook Laboratory Manual:

Workbook/Laboratory Manual for Punto Y Aparte Sharon Foerster, Anne Lambright, 2010-01-28 Punto y aparte moves your students beyond learning about the Spanish language to actually using their Spanish in natural meaningful contexts. With Punto y aparte students develop more confidence for communication and begin to think critically about language and culture. This is achieved by focusing on seven communicative functions and the grammar structures that support them. These communicative functions appear at the beginning and are recycled throughout providing opportunities for review in different contexts. Since this is not the typical linear march through grammar one structure at a time students are able to begin using language in a way that is creative and allows for natural language production. Ultimately students will move easily from simple sentence level discourse to paragraph length discourse. The title itself makes reference to this progression since it is the Spanish expression for the beginning of a new paragraph **punto y aparte** **PUNTO Y APARTE** Sharon W. Foerster, 2005-09-01 GEN CMB PUNTO APRT; WBLM Sharon Foerster, 2014-01-07 Punto y aparte Spanish in Review Moving Toward Fluency places communicative goals at the forefront of the intermediate Spanish course so students don't just learn about the language they learn how to use the language in an authentic and natural way that allows students to express themselves with increasing fluency and accuracy in real world settings. The proven qualities of Punto y aparte include a focus on seven core communicative functions called out with icons throughout the program and the grammatical structures that support them. These functions are constantly recycled throughout the program to reflect the real life use of language meaningful communicative practice through writing and speaking activities presented in a real world context. In Connect our composition and peer editing tools along with our Blackboard IM and VoiceBoard tools allow students the opportunity to have communicative practice with their peers outside the classroom as well. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need when they need it and how they need it so that your class time is more engaging and effective constant recycling of grammar and vocabulary throughout the program using the seven communicative functions. Para repasar boxes Pruebas diagnósticas and the LearnSmart suite of tools cultural content in the form of new Cuéntennos videos and the Viaje conmigo a videos as well as readings on art music and history serve to recycle grammar and vocabulary and to enrich students experience of language learning and provide a window into Spanish speaking cultures.
