Pursuing Perfection People Groups And Society:

Pursuing Perfection Leonard W. Doob,1999-03-30 Analyzes humanity s eternal pursuit of perfection and proposes seven guides for improving our existence Visible and Invisible Olmes Bisi,2014-10-20 Light phenomena have intrigued humankind since prehistory Think of the rainbow a sunset on the sea a game of shadows Humans have always used light for their own needs from cooking food to illuminating a room However light is not only limited to what we can see with our eyes The invisible part of the electromagnetic spectrum is broad and dynamic This book outlines the mysteries and wonders of electromagnetism heat and light It also covers the history of our scientific understanding of light The dark as well as the bright sides of light are fully explored in these pages from their impact on our world to their use in cutting edge technologies in a variety of fields Numerous full color images and drawings complement the text and light phenomena are explained in a simple and engaging way **Recruitment Advertising as an Instrument of Employer Branding** Jolanta

Łacka-Badura,2015-10-05 The book offers a linguistic analysis of job advertising as an instrument of employer branding investigating how the creation of the employer brand and the projection of employee value proposition are realised linguistically in a corpus of online job advertisements The study is methodologically grounded in the current approaches to discourse analysis and business organisational communication as it is broadly understood with particular emphasis on genre and register analysis the language of persuasion and evaluation as well as the language of organisational values The analysis conducted in the book demonstrates that job advertisements constitute a distinct promotional business genre a member of the system of genres applied in the job search context increasingly resembling multi modal marketing type ads The rhetorical structure of online recruitment advertisements confirms the initial hypothesis that job ads contribute to the projection and reinforcement of employer brands The register of recruitment ads clearly harmonises with the employer branding function of the genre extremely positive encompassing a wide range of persuasive strategies as well as lexico grammatical choices contributing to the creation of employer brands job advertising may justifiably be classified as a paradigm case of persuasion With employer branding being deeply rooted in the values emanating from an organisation the use of linguistic structures communicating or implying the system of attributes and values declared by the employing organisations is a powerful employer branding strategy widely reflected in the corpus Taking into account the interdisciplinary character of the analysis the book will be of interest not only to linguists and business communication scholars but also to human resource management and public relations researchers and practitioners **The Philosophical Review** ,1999 Taking Socialism

Seriously Richard Schmitt,Anatole Anton,2012-03-22 Taking Socialism Seriously raises essential questions about what socialism is and how socialists can reach it by addressing a long list of potential quandaries The contributions compiled by Anatole Anton and Richard Schmitt describe how socialism differs from a reformed and more humane form of capitalism Various chapters discuss suitable forms of love and family in a socialist society and economic arrangements within a socialist

system They also break important new paths by calling for significant social change examining detailed questions that have previously been neglected and setting a new direction for radical theorists Critics are often convinced that there is no alternative and therefore are content to reform capitalism This book affirms that another world is possible **Forthcoming Books** Rose Army,1999 **The World of Ibn Ṭufayl** Lawrence I. Conrad,1996 This collection of interdisciplinary essays on a unique work by a physician and political figure in 12th century Spain and North Africa casts important light on the social and intellectual history of the period and breaks new ground in the critical assessment of medieval Arabic literary works

Christianity and Civil Society Jeanne Heffernan Schindler,2008-01-01 Christianity and Civil Society responds to the crisis of American democracy as perceived by such diverse thinkers as Christopher Lasch Michael Sandel Mary Ann Glendon and Robert Putnam Despite their philosophical differences these thinkers highlight a common theme a decline in the institutions of civil society once held to be the vital center of the American polity In place of these institutions such as the family neighborhood church and civic associations one finds a disturbingly reduced socio political stage dominated by an abstract triumvirate of the individual state and market as prime actors Whether taking their inspiration from the political theology of St Thomas Aquinas and papal encyclicals or from John Calvin and his heirs in the Reformed traditions the authors assembled here find the doctrinal resources of Christianity indispensable to defending the irreducible identity and value of the social institutions that serve as the connective tissue of a political community By drawing upon a treasury of social thought little known to most Americans Christianity and Civil Society offers a fresh vantage point from which to assess the crisis of our polity as well as the best prospects for its renewal School & Society James McKeen Cattell,Will Carson Ryan,Raymond Walters,1929 **School and Society** ,1929 American Book Publishing Record ,1999 **The Oxford Handbook of the History of International Law** Bardo Fassbender,Anne Peters,Simone Peter,Daniel Högger,2012-11 This handbook provides an authoritative and original overview of the origins of public international law It analyses the modern history of international law from a global perspective and examines the lives of those who were most responsible for shaping it

International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences ,2000 **A Covenantal Imagination** William Johnson Everett,2021-12-15 This harvest of articles drawn from William Johnson Everett s career of teaching and research on four continents and in a variety of institutions shows the breadth depth and diversity of his interests Like spotlights in the wider field of Christian social ethics they illuminate the key threads that have held together an emerging tapestry of thought woven around the powerful concept of covenant Whether lifting up concepts of covenant federalism and corporation the oikos of work family and faith the public nature and mission of the church or the ethical meaning of journey metaphors his rich and artful style leads us into thinking more deeply about the way our lives are joined in a covenantal imagination about a more just and sustainable world
