Kanellopoulos, Patrick Schmidt, 2021-03-29 The Routledge Handbook to Sociology of Music Education is a comprehensive authoritative and state of the art review of current research in the field The opening introduction orients the reader to the field highlights recent developments and draws together concepts and research methods to be covered The chapters that follow are written by respected experienced experts on key issues in their area of specialisation From separate beginnings in the United States Europe and the United Kingdom in the mid twentieth century the field of the sociology of music education has and continues to experience rapid and global development It could be argued that this Handbook marks its coming of age The Handbook is dedicated to the exclusive and explicit application of sociological constructs and theories to issues such as globalisation immigration post colonialism inter generational musicking socialisation inclusion exclusion hegemony symbolic violence and popular culture Contexts range from formal compulsory schooling to non formal communal environments to informal music making and listening The Handbook is aimed at graduate students researchers and professionals but will also be a useful text for undergraduate students in music education and cultural studies **Volume of Proceedings of the Music Teachers' National Association ...** Music Teachers National Association, 1923 With the report of the 16th meeting 1894 was issued The secretary's official report of the special meeting Chicago 1893 containing a summary of the reports of meetings from 1876 to 1892 **Papers and Proceedings of the Music Teachers' National Association** Music Teachers National Association, 1923 Dictionary of Music and Musicians Sir George Grove, John Alexander Fuller-Maitland, 1895 **Teaching Music Performance in Higher Education** Helen Julia Minors, Stefan Östersjö, Gilvano Dalagna, Jorge Salgado Correia, 2024-05-27 Higher Music Performance Education as taught and learned in universities and conservatoires in Europe is undergoing transformation Since the nineteenth century the master apprentice pedagogical model has dominated creating a learning environment that emphasises the development of technical skills rather than critical and creative faculties This book contributes to the renewal of this field by being the first to address the potential of artistic research in developing student centred approaches and greater student autonomy This potential is demonstrated in chapters illustrating artistic research projects that are embedded within higher music education courses across Europe with examples ranging from instrumental tuition and ensemble work to the development of professional employability skills and inclusive practices Bringing together diverse and experienced voices working within Higher Music Education but often also as professional performers this edited collection pairs critical reflection with artistic

insight to present new approaches to curricula for teaching interpretation and performance It calls for greater collaboration between Higher Education and professional music institutions to create closer bonds with music industries and thereby improve students career opportunities Teaching Music Performance in Higher Education will appeal to scholars performers teachers but also students whose interests centre on innovative practices in conservatoires and music departments

Philosophy of Music Education Challenged: Heideggerian Inspirations Frederik Pio, Øivind Varkøy, 2014-10-20

This volume offers key insights into the crisis of legitimization that music as a subject of arts education seems to be in Music as an educational subject is under intense pressure both economically due to the reduction of education budgets as well as due to a loss of status with policy makers The contributions in this book illuminate Martin Heidegger s thinking as a highly cogent theoretical framework for understanding the nature and depth of this crisis The contributors explore from various angles the relationship between the pressure on music education and the foundations of our technical and rationalized modern society and lead the way on the indispensable first steps towards reconnecting the cultural practices of education with music and its valuable contributions to personal development
