**Monsters** John Michael Greer, 2021-10-31 An Investigator's Guide to Magical Beings that takes you on a harrowing journey into the realm of monsters and the reality of the impossible. Monsters brings together folklore, Western magical philosophy and field experience. This book is required reading for both active and armchair monster hunters. Between these covers you will find a chilling collection of fiendish facts and folklore such as why true vampires are the least attractive, five different kinds of ghosts, the magical origins of the werewolf legends, hidden connections between faery lore and UFOs and where dragons are found today. This is an essential field guide to monsters from angels to zombies with advice on monster investigation and magical self defence. This latest edition not only has a new chapter on tulpas but the chapters on vampires and chimeras are significantly expanded with new material. Plus the section on monster investigation has been thoroughly updated with details on new technology and the approach of the media to monster hunting. **The Westminster Review**

, 1882 **Seek Her Like Gold** Caitlyn Callery, 2024-10-23 On the trail of gold for the government, Freddy Finch surreptitiously searches the area around Rotherton. He is distracted by the widowed Eliza Rawlins who seems to be searching for something herself. Could she be after the gold too? Spinster Eliza's niece has been stolen. She must find her before she is taken abroad and lost forever. Posing as a widow to make searching easier, she cannot allow her growing feelings for Freddy to get in her way. **Ghosted** Alice Vernon, 2025-09-11 A social historical and scientific exploration of ghost hunting and why our fascination with the paranormal is as timeless as the ghosts we hope to find. The history of ghosts is ancient but the history of active ghost hunting is relatively recent and investigations into the paranormal have developed hand in spirit hand with scientific discoveries from radio waves to smartphone apps. Now more than ever we want to find our own ghosts. Is it to help process grief? Become influencers? Or ease our fears of death? **Ghosted** follows the story of paranormal investigations from the Victorian era to the modern day, examining how our fascination with ghost hunting has changed alongside technology and culture. Where we once gathered around tables observing and recording every movement of the medium, we now take electronic equipment and app-laden phones around haunted locations to catch ghosts digitally. Where theatres and concert halls held sold-out performances by conjurers recreating the tricks of fraudulent mediums, we now delight in picking apart and exposing the evidence presented on reality television programmes. In this book, Alice Vernon embarks on a journey to encounter a ghost travelling to some of the UK's most haunted locations and encourages readers to interrogate their own scepticism and belief. **Ghosted** examines what we are looking for, why we are looking for it, and why have we never given up the ghost. **Tinsel and Trickery** Rose Pascoe, 2023-12-07 Penrose Pyke has until Christmas Eve to save the orphans' home by unravelling a tangle of tinsel and trickery. Private detective Charlie Pyke was looking forward to spending a quiet Christmas with his fiancée, Grace Penrose. Instead, Charlie and Grace must stop a dubious deal, find a sneak thief and foil a mischievous brother with the help of a pair of inquisitive orphans and the spirit of a dear departed grandmother. If they can

decipher the clues and make it through the dessert course they just might survive their first family Christmas together Tinsel and Trickery is a half length book in the Penrose Pyke Mystery series Book 5 set in 1890s New Zealand **Awesome**
