Le Jazz Matthew F. Jordan, 2010-03-30 In *Le Jazz* Matthew F. Jordan deftly blends textual analysis critical theory and cultural history in a wide ranging and highly readable account of how jazz progressed from a foreign cultural innovation met with resistance by French traditionalists to a naturalized component of the country's identity Jordan draws on sources including ephemeral critical writing in the press and twentieth century French literature to trace the country's reception of jazz from the Cakewalk dance craze and the music's significance as a harbinger of cultural recovery after World War II to its place within French ethnography and cultural hybridity Countering the histories of jazz's celebratory reception in France Jordan delves in to the reluctance of many French citizens to accept jazz with the same enthusiasm as the liberal humanists and cosmopolitan crowds of the 1930s Jordan argues that some listeners and critics perceived jazz as a threat to traditional French culture and only as France modernized its identity did jazz become compatible with notions of Frenchness *Le Jazz* speaks to the power of enlivened debate about popular culture art and expression as the means for constructing a vibrant cultural identity revealing crucial keys to understanding how the French have come to see themselves in the postwar world

Grainger the Modernist Suzanne Robinson, Kay Dreyfus, 2016-03-09 Unaccountably Percy Grainger has remained on the

margins of both American music history and twentieth century modernism This volume reveals the well known composer of popular gems to be a self described hyper modernist who composed works of uncompromising dissonance challenged the conventions of folk song collection and adaptation re visioned the modern orchestra experimented with ego less composition and designed electronic machines intended to supersede human application Grainger was far from being a self sufficient maverick working in isolation Through contact with innovators such as Ferruccio Busoni L on Theremin and Henry Cowell promotion of the music of modern French and Spanish schools appreciation of vernacular jazz and folk musics as well as with the study and transcription of non Western music he contested received ideas and proposed many radical new approaches By reappraising Grainger s social and historical connectedness and exploring the variety of aspects of modernity seen in his activities in the British American and Australian contexts the authors create a profile of a composer propagandist and visionary whose modernist aesthetic paralleled that of the most advanced composers of his day and in some cases anticipated their practical experiments

Vincent D'Indy and His World Andrew Thomson,1996 Over sixty years after his death in 1931 Vincent d Indy is still a much misunderstood and maligned figure in French music Previous biographers have left a portrait of the academic figure par excellence who turned the seemingly inspired and selfless inspiration of his master C sar Franck into a cold and authoritarian pedagogical system

This new study re-examines the evidence reveals a much more psychologically complex and turbulent character and finds that d'Indy was a tireless propagandist for a spiritual revival of French musical civilization Yet he was fully aware of the social and intellectual problems of the secular Third Republic which militated against his Dante inspired Catholic humanism embodied in the work of the Schola Cantorum the Paris institution founded by d'Indy to reform the practice of sacred music Far from being a pure reactionary his outlook was in reality remarkably progressive manifest in his revivals of early music notably Monteverdi's Orfeo his encouragement of Debussy and his willingness to engage often pugnaciously with the latest musical manifestations of Richard Strauss Stravinsky Schoenberg and Varèse His own compositions likewise contain passages of astonishingly bold invention and modernistic effects all too easily overlooked *Fauré and French Musical Aesthetics* Carlo Caballero, 2004-03-11 A wide ranging study of Fauré and his contemporaries **Sacred Passions** Carol A. Hess, 2005 This biography offers a fresh understanding of the life and work of Spanish composer Manuel de Falla 1876-1946 recognized as the greatest composer in the Spanish cultural renaissance that extended from the latter part of the 19th century until the outbreak of the Spanish Civil War in 1936 The biography incorporates recent research on Falla draws on untapped sources in the Falla archives reevaluates Falla's work in terms of current issues in musicology and considers Falla's accomplishments in their historical and cultural contexts George Gershwin Howard Pollack, 2007-01-15 This comprehensive biography of George Gershwin 1898-1937 unravels the myths surrounding one of America's most celebrated composers and establishes the enduring value of his music Gershwin created some of the most beloved music of the twentieth century and along with Jerome Kern Irving Berlin and Cole Porter helped make the golden age of Broadway golden Howard Pollack draws from a wealth of sketches manuscripts letters interviews books articles recordings films and other materials including a large cache of Gershwin scores discovered in a Warner Brothers warehouse in 1982 to create an expansive chronicle of Gershwin's meteoric rise to fame He also traces Gershwin's powerful presence that even today extends from Broadway jazz clubs and film scores to symphony halls and opera houses Pollack's lively narrative describes Gershwin's family childhood and education his early career as a pianist his friendships and romantic life his relation to various musical trends his writings on music his working methods and his tragic death at the age of 38 Unlike Kern Berlin and Porter who mostly worked within the confines of Broadway and Hollywood Gershwin actively sought to cross the boundaries between high and low and wrote works that crossed over into a realm where art music jazz and Broadway met and merged The author surveys Gershwin's entire oeuvre from his first surviving compositions to the melodies that his brother and principal collaborator Ira Gershwin lyricized after his death Pollack concludes with an exploration of the performances and critical reception of Gershwin's music over the years from his time to ours Gerardo Diego's Creation Myth of Music Judith Stallings-Ward, 2020-01-29 Since its publication nearly eight decades ago the consensus among scholars about Fbula de Equis y Zeda by the Spanish poet Gerardo Diego 1896-1987 remains unchanged Fbula is an enigmatic avant garde curiosity It seems to rob the reader of the

reason necessary to interpret it even as it lures him or her ineluctably to the task nevertheless the present study makes the case that this work is in fact not inaccessible and that what the anhelante arquitecto intended with his masterpiece was a creation myth that explains the evolution of music in his day This monograph unlocks the fullness of the poem's meaning sourced in music's mythical consciousness and expressed in a poetic idiom that replicates aesthetic concepts and cubist strategies of form embraced by the neoclassical composers Bartok Falla Ravel and Stravinsky
