Surrealism at Play Susan Laxton,2019-02-14 In Surrealism at Play Susan Laxton writes a new history of surrealism in which she traces the centrality of play to the movement and its ongoing legacy For surrealist artists play took a consistent role in their aesthetic as they worked in with and against a post World War I world increasingly dominated by technology and functionalism Whether through exquisite corpse drawings Man Ray s rayographs or Joan Mir s visual puns surrealists became adept at developing techniques and processes designed to guarantee aleatory outcomes In embracing chance as the means to produce unforeseeable ends they shifted emphasis from final product to process challenging the disciplinary structures of industrial modernism As Laxton demonstrates play became a primary method through which surrealism refashioned artistic practice everyday experience and the nature of subjectivity **Michel Foucault and Power Today** David A. Gabbard,Alain Beaulieu,2005-12-22 Foucault s thought finds innumerable applications across the social sciences from studies in the social aspects of the medical practices and criminal sociology to juridical and economic sciences Owing to their philosophical ramifications his ideas have also impacted the spheres of literary studies ethics political thought and critical ontology Few thinkers have left such an influence across such a diverse range of studies Contributors attempt to pay homage to that diversity by presenting a multidisciplinary series of analyses dedicated to the question of power today Drawn from a number of papers presented at an international conference entitled Michel Foucault and social Control conducted at Maison de la culture C te des Neiges in Montreal on May 8 10 2004 to commemorate the twentieth anniversary of Foucault s death the essays that comprise this volume address the issue at both a theoretical level and as it pertains to specific fields of practice In addition to paying tribute to Foucault s achievements and situating his thought within the French and larger European context from which it emerged these essays also re evaluate the relevance of Foucault s ideas for understanding contemporary conditions This book is suited for a broad academic audience in the humanities and Social Sciences especially philosophy sociology and cultural studies **Jules Verne** Edmund J. Smyth,2000-01-01 This collection of essays reflect the diversity of approaches currently being brought to bear on the writings of Jules Verne An indispensable book for those who want to see how far we have come along the path toward a better understanding of Verne Science Fiction Studies

Foucault and Religion Jeremy Carrette, 2002-09-11 Foucault and Religion is the first major study of Michel Foucault in relation and response to Religion Jeremy Carrette offers us a challenging new look at Foucault's work and addresses a religious dimension that has previously been neglected We see that prior to Foucault's infamous unpublished volume in the History of Sexuality on the theme of Christianity there is a complex religious sub text which anticipates this final unseen work Jeremy Carrette argues that Foucault offers a twofold critique of Christianity by bringing the body and sexuality into religious practice and exploring a political spirituality of the self He shows us that Foucault's creation of a body theology through the death of God reveals how religious beliefs reflect the sexual body questions the notion of a mystical archaeology and exposes the political technology of confession Anyone interested in understanding Foucault's thought in a new light will find this book a truly fascinating read

Other Traditions John Ashbery, 2025-09-16 John Ashbery appraises the lesser known poets who shaped his own confounding infinitely inventive work In lectures on John Clare Thomas Lovell Beddoes Raymond Roussel John Wheelwright Laura Riding and David Schubert Ashbery shows how these writers shaped both his own poetics and the broader trajectory of twentieth century literature

Late Modernism Tyrus Miller, 1999-02-25 The late modernists were the ones who let down the side they saw the wave of the future the erosion of literary and political borders and they let the world in and so distinguished themselves from the refinements of the early modernists This is the first book to make this fascinating distinction and to highlight this aspect of intellectual history and to situate Mina Loy Djuna Barnes Wyndham Lewis and Samuel Beckett at this critical juncture

Dalí, Surrealism and Cinema Elliott King, 2007-09-28 One of the most widely recognized and controversial artists of the 20th century Salvador Dal was also an avant garde filmmaker collaborating with such giants as Luis Buñuel Walt Disney and Alfred Hitchcock Influenced by the Marx Brothers Buster Keaton and Stanley Kubrick Dal used the cinema to bring the dream subjects of his paintings to life providing the groundwork for revolutionary forays into television video photography and holography From a moviegoing experience that would incorporate all five senses to the tale of a woman's hapless love affair with a wheelbarrow Dal's hallucinatory vision never fails to leave its indelible mark while his writings continue to be relevant to discourses surrounding film and surrealism

When Pain Strikes Bill Burns, Cathy Busby, Kim Sawchuk, 1999 How we in North America respond to pain what we think about it what we say and what we do is the subject of this collection of writings and images The book's five sections contain a myriad of complex responses to the occurrence of pain Each section comprises original artwork scholarly analyses literary texts and more 15 b w photos 33 figures

Tiny Surrealism Roger Rothman, 2012-12-01 New light on both Dal's well known and little studied works and his work as a response to modernism through a focus on Dal's identification with the small and the marginal

The Colonial Unconscious Elizabeth Ezra, 2018-10-18 France between the two World Wars was pervaded by representations of its own colonial power expressed forcefully in the human displays at the expositions coloniales films starring Josephine Baker and the short stories of Paul Morand and more subtly in the avant garde writings of Ren Crevel and Raymond Roussel In her lively book Elizabeth Ezra interprets a fascinating array of cultural products to uncover what she terms the colonial unconscious of the Jazz Age the simultaneous attraction and repulsion of exoticism and the double bind of a colonial discourse that foreclosed the possibility of the very assimilation it invited Ezra situates the apotheosis of French colonialism in relation to both the internal tensions of the colonial project and the competing imperialisms of Great Britain and the United States Examining both the uses and the limits of psychoanalytic theories of empire she proposes a reading of French colonialism which while historically specific also contributes to our understanding of contemporary culture The enduring legacy of empire is felt to this day as Ezra demonstrates in a provocative epilogue on the remarkable similarities between the rhetoric of colonial France and accounts of the French victory in the 1998 World Cup

Prosthesis David Wills, 1995 Prosthesis is an experiment in critical writing that both analyzes and performs certain questions about the body as an artificial construction The book deals with the mechanical e g a mechanical prosthesis like a father's artificial leg in that most humanistic of discourses the artistic in order to demonstrate to what extent a supposedly natural creation relies on artificial devices of various kinds It is distinguished from a thematics of the prosthetic in literature by its complex articulation with accounts of the amputee father's discomfort slipping back and forth between an apparently constative and a more obviously performative mode in and out of fiction and autobiography Cutting across the terrains occupied traditionally by the history of medicine film studies art history philosophy psychoanalysis literary theory and fiction it finds an artistic or cultural pretext for each of its expositions a line from Virgil a painting by Conder a theory by Freud a film by Greenaway a text by Derrida novels by Roussel or Gibson a sixteenth century rhetoric that connects thematically or theoretically with the question of prosthesis

Sade and Artaud to the French new novelists of the 1960s and his later concern with the genealogy of the author intellectual writing and theorizing within specific historical mechanisms of social control and production Foucault and Literature offers a critique both of Foucault and of the literary studies that have been influenced by him and goes on to develop new methods of post Foucauldian literary cultural analysis French XX Bibliography Susquehanna University Press,1991-09 This series of bibliographical references is one of the most important tools for research in modern and contemporary French literature No other bibliography represents the scholarly activities and publications of these fields as completely **Selected Works of Konrad Bayer** Konrad Bayer,1986 Is the Tehran Bazaar Dead? Foucault, Politics, and Architecture Farzaneh Haghighi,2018-10-01 To examine the political role of architecture this book presents an original engagement with the largest center of attraction in Tehran namely its bazaar Through a rigorous study it goes beyond the conventional sociopolitical and architectural discourses of this marketplace by considering architecture as an event This book offers alternative modes of spatial thinking on a micropolitical level Emphasis is placed on the focused exploration of key notions mainly drawn from the works of Michel Foucault It deploys effective methods and shows how philosophical concepts can be deployed as a tool to analyse the ways through which architecture transforms individuals through the act of exchange whether of words things bodies or thoughts
