1492-1992 René Jara, Nicholas Spadaccini, 1989 1492-1992 René Jara Cuadra, 1989 A Twice-told Tale Santiago Juan-Navarro, Theodore Robert Young, 2001 Essays on Iberian views of the age of conquest through literature and cinema

Rereading the Black Legend Margaret R. Greer, Walter D. Mignolo, Maureen Quilligan, 2008-09-15 The phrase The Black Legend was coined in 1912 by a Spanish journalist in protest of the characterization of Spain by other Europeans as a backward country defined by ignorance superstition and religious fanaticism whose history could never recover from the black mark of its violent conquest of the Americas Challenging this stereotype Rereading the Black Legend contextualizes Spain's uniquely tarnished reputation by exposing the colonial efforts of other nations whose interests were served by propagating the Black Legend A distinguished group of contributors here examine early modern imperialisms including the Ottomans in Eastern Europe the Portuguese in East India and the cases of Mughal India and China to historicize the charge of unique Spanish brutality in encounters with indigenous peoples during the Age of Exploration The geographic reach and linguistic breadth of this ambitious collection will make it a valuable resource for any discussion of race national identity and religious belief in the European Renaissance *Mexican Literature* David William Foster, 2010-07-22 Mexico has a rich literary heritage that extends back over centuries to the Aztec and Mayan civilizations This major reference work surveys more than five hundred years of Mexican literature from a sociocultural perspective More than merely a catalog of names and titles it examines in detail the literary phenomena that constitute Mexico's most significant and original contributions to literature Recognizing that no one scholar can authoritatively cover so much territory David William Foster has assembled a group of specialists some of them younger scholars who write from emerging trends in Latin American and Mexican literary scholarship The topics they discuss include pre-Columbian indigenous writing Joanna O Connell Colonial literature Lee H Dowling Romanticism Margarita Vargas nineteenth century prose fiction Mario Mart n Flores Modernism Bart L Lewis major twentieth century genres narrative Lanin A Gyurko poetry Adriana Garc a theater Kirsten F Nigro the essay Martin S Stabb literary criticism Daniel Altamiranda and literary journals Luis Pe a Each essay offers detailed analysis of significant issues and major texts and includes an annotated bibliography of important critical sources and reference works **The Cambridge History of Latin American Literature** Roberto Gonzalez Echevarría, Enrique Pupo-Walker, 1996-09-19 The Cambridge History of Latin American Literature is by far the most comprehensive work of its kind ever written Its three volumes cover the whole sweep of Latin American literature including Brazilian from pre-Colombian times to the present and contain chapters on Latin American writing in the USA Volume 3 is devoted partly to the history of Brazilian literature from the earliest writing through the colonial period and the Portuguese language traditions of the nineteenth and twentieth centuries and partly also to an extensive bibliographical section in which annotated reading lists relating to the chapters in all three volumes of The Cambridge History of Latin American Literature are presented These bibliographies are a unique

feature of the History further enhancing its immense value as a reference work Reading Columbus Margarita Zamora, 2023-04-28 Christopher Columbus authored over a hundred documents many of them letters giving testimony on the Discovery to Isabela and Ferdinand In this first book in English to focus specifically on these writings Margarita Zamora offers an original analysis of their textual problems and ideological implications Her comprehensive study takes into account the newly discovered Libro Copiador which includes previously unknown letters from Columbus to the Crown Zamora examines those aspects of the texts that have caused the most anxiety and disagreement among scholars questions concerning Columbus's destination the authenticity and authority of the texts attributed to him Las Casas's editorial role and Columbus's views on the Indians In doing so she opens up the vast cultural context of the Discovery Exploring the ways in which the first images of America as seen through European eyes both represented and helped shape the Discovery she maps the inception and growth of a discourse that was to dominate the colonizing of the New World This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1993 Christopher Columbus authored over a hundred documents many of them letters giving testimony on the Discovery to Isabela and Ferdinand In this first book in English to focus specifically on these writings Margarita Zamora offers an original analysis of **The Conquest All Over Again** Susan Schroeder, 2011-03-23 The Spaniards typically portrayed the conquest and fall of Mexico Tenochtitlan as Armageddon while native people in colonial Mesoamerica continued to write and paint their histories and lives often without any mention of the foreigners in their midst This title addresses key aspects of indigenous perspectives of the conquest Latin American Novels of the Conquest Kimberle S. López, 2002 The fictionalized explorers and conquistadors represented in this corpus all identify with certain aspects of Amerindian culture significantly those elements that are most distinct from European culture such as cannibalism and human sacrifice but also feel the need to distance themselves from these others in order to protect their own European cultural identity In most cases the conquistadors themselves are represented as outsiders within the enterprise of imperialism due to ethnic religious or sexual differences from the norm This representation turns the gaze inward toward the other within European culture underscoring the complex origins of Latin American cultures in the violent encounter between the Amerindians and the conquistadors By examining these issues Lopez's Latin American Novels of the Conquest illuminates the ways in which Latin American novelists used their literary imaginations to embody their ambivalence regarding their own transcultural heritage as children of both the colonized and the colonizer BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Allure of Nezahualcoyotl Jongsoo Lee, 2015-08 Lee offers a more realistic portrait of the legendary Aztec ruler Nezahualcoyotl derived from examination of original Nahuatl codices and poetry as well as Spanish chronicles

Rethinking the Baroque Helen Hills, 2017-07-05 Rethinking the Baroque explores a tension In recent years the idea of baroque or the baroque has been seized upon by scholars from a range of disciplines and the term baroque has consequently been much in evidence in writings on contemporary culture especially architecture and entertainment Most of the scholars concerned have little knowledge of the art literature and history of the period usually associated with the baroque A gulf has arisen On the one hand there are scholars who are deeply immersed in historical period who shy away from abstraction and who have remained often oblivious to the convulsions surrounding the term baroque on the other there are theorists and scholars of contemporary theory who have largely ignored baroque art and architecture This book explores what happens when these worlds mesh In this book scholars from a range of disciplines retrieve the term baroque from the margins of art history where it has been sidelined as anachronistic to reconsider the usefulness of the term baroque while avoiding simply rehearsing familiar policing of periodization stylistic boundaries categories or essence Baroque emerges as a vital and productive way to rethink problems in art history visual culture and architectural theory Rather than attempting to provide a survey of baroque as a chronological or geographical conception the essays here attempt critical re engagement with the term baroque its promise its limits and its overlooked potential in relation to the visual arts Thus the book is posited on the idea that tension is not only inevitable but even desirable since it not only encapsulates intellectual divergence which is always as useful as much as it is feared but helps to push scholars and therefore readers outside their usual runnels

Latin American Science Fiction M. Ginway, J. Brown, 2012-12-05 Combining work by critics from Latin America the USA and Europe Latin American Science Fiction Theory and Practice is the first anthology of articles in English to examine science fiction in all of Latin America from Mexico and the Caribbean to Brazil and the Southern Cone Using a variety of sophisticated theoretical approaches the book explores not merely the development of a science fiction tradition in the region but more importantly the intricate ways in which this tradition has engaged with the most important cultural and literary debates of recent year

The Early Modern Global South in Print Sandra Young, 2016-03-23 Early modern geographers and compilers of travel narratives drew on a lexicon derived from cartography's seemingly unchanging coordinates to explain human diversity Sandra Young's inquiry into the partisan knowledge practices of early modernity brings to light the emergence of the early modern global south Young proposes a new set of terms with which to understand the racialized imaginary inscribed in the scholarly texts that presented the peoples of the south as objects of an inquiring gaze from the north Through maps images and even textual formatting equivalences were established between new worlds many of them long known to European explorers she argues in terms that made explicit the divide between north and south This book takes seriously the role of form in shaping meaning and its ideological consequences Young examines in turn the representational methodologies or artes deployed in mapping the whole world illustrating creating charts for navigation noting down observations collecting and cataloguing curiosities reporting events formatting materials and editing and translating old

sources By tracking these methodologies in the lines of beauty and evidence on the page we can see how early modern producers of knowledge were able to attribute alterity to the southern climes of an increasingly complex world while securing their own place within it

The Eve/Hagar Paradigm in the Fiction of Quince Duncan Dellita Martin-Ogunsola, 2004 In this first book length study in English devoted to Duncan s work Martin Ogunsola explores the issues of race class and gender in five of Duncan s major works published during the 1970s Focusing primarily on the roles of women Martin Ogunsola uses the figures of Eve and the Egyptian slave Hagar to provide through metaphor an in depth analysis of the female characters portrayed in Duncan s prose Specifically the Eve Hagar paradigm is employed to examine how the essential characteristics of femininity play out in the context of ethnicity and caste The book begins with Dawn Song 1970 the story of Antillean immigrants struggling with migration oppression and resistance while adapting to a new environment and continues through Dead End Street 1979 a novel exploring the ramifications of the myths perpetuated through history that defines Costa Rica in terms of Euro Hispanic culture Martin Ogunsola illustrates Duncan s use of a female presence that challenges the traditional treatment of women in literature Spanning the period between the initial settlement of the Atlantic region of Costa Rica during the early years of the twentieth century to the 1948 Costa Rican Civil War Martin Ogunsola s book invites the reader to view the world through the eyes of Duncan s female characters The Eve Hagar Paradigm in the Fiction of Quince Duncan examines some of the most compelling issues of contemporary Latin American literature and illustrates how a prominent Costa Rican writer deconstructs the stereotype of woman as wife lover slave In the process Duncan finds his own voice Exposing aspects of Costa Rican society that have historically been kept in the shadows this volume makes a significant contribution to our knowledge of the Latin American literary canon

Theoretical Debates in Spanish American Literature David William Foster, Daniel Altamiranda, 1997 This volume traces the modern critical and performance history of this play one of Shakespeare s most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory

Testimonio John Beverley, 2004 These four germinal essays by John Beverley sparked the widespread discussion and debate surrounding testimonio the socially and politically charged Latin American narrative of witnessing that culminated with David Stoll s highly publicized attack on Rigoberta Menchu s celebrated testimonial text Challenging Hardt and Negri s Empire Beverley s extensive new introduction examines the broader historical political and ethical issues that this literature raises tracing the development of testimonio from its emergence in the Cold War era to the rise of a globalized economy and of U S political hegemony Informed by postcolonial studies and the current debate over multiculturalism and identity politics Testimonio reaches across disciplinary boundaries to show how this particular literature at once represents and enacts new

forms of agency on the part of previously repressed social subjects as well as its potential as a new form of alliance politics between those subjects and artists scientists teachers and intellectuals in a variety of local national and international contexts *Philosophy, Travel, and Place* Ron Scapp,Brian Seitz,2018-12-11 This book continues the exploration of themes either neglected or devalued by others working in the field of philosophy and culture The authors in this volume consider the domain of travel from the broadest and most diverse of philosophical perspectives covering everyday topics ranging from commuting and vacation travel to immigration and forced relocation Our time in transit our being in transit and our time at rest whether by choice or edict has always been at issue always been at play and has always been in motion if you will for our species The essays collected here explore the possibilities of the material impact of being able to move or stay put as well as being forced to go or prevented from leaving **Histories of Infamy** Cristián A. Roa-de-la-Carrera,Scott Sessions,2005-01-15 In *Histories of Infamy* Cristi n Roa de la Carrera explores Francisco L pez de G mara s 1511 ca 1559 attempt to ethically reconcile Spain s civilizing mission with the conquistadors abuse and exploitation of Native peoples The most widely read account of the conquest in its time G mara s *Historia general de las Indias y Conquista de M xico* rationalized the conquistadors crimes as unavoidable evils in the task of bringing civilization to the New World Through an elaborate defense of Spanish imperialism G mara aimed to convince his readers of the merits of the conquest regardless of the devastation it had wrought upon Spain s new subjects Despite his efforts G mara s apologist text quickly fell into disrepute and became ammunition for Spain s critics Evaluating the effectiveness of ideologies of colonization Roa de la Carrera s analysis will appeal to scholars in colonial studies and readers interested in the history of the Americas Pablo Neruda and the U.S. Culture Industry Teresa Longo,2013-08-21 In this compelling collection Teresa Longo gathers a diverse group of critical and poetic voices to analyze the politics of packaging and marketing Neruda and Latin American poetry in general in the United States
