**El-Hi Textbooks & Serials in Print, 2005 ,2005      **Multicultural Issues and Literacy Achievement**** Kathryn Au, 2013-09-13 This book is a sequel to the author's earlier volume entitled *Literacy Instruction in Multicultural Settings*. In addition to extensive updating of earlier material this book extends the content coverage to include issues of power attitudes and systemic change through the application of discourse theory and critical theory. In doing so however the author has tried to maintain the brevity stylistic clarity and classroom focus of the earlier volume. Key features of this important new book include Teaching Flexibility. Although written with the classroom needs of pre service teachers in mind theory and research are treated in sufficient depth to make the book suitable for graduate courses and for teacher study groups. Issues Organization Each chapter is organized around familiar issues that characterize schools and classrooms with diverse student populations and explores these issues through new lenses that most teachers have not previously encountered. Social Constructivist Perspective Critical theory discourse theory and historical perspective are introduced in order to sensitize readers to the need to recognize negative socially sustained patterns that hamper literacy achievement and replace them with positive patterns. To this end each chapter asks students to maintain a running list of negative patterns along with alternative positive patterns.

**Multicultural America** Carlos E. Cortés, 2013-08-15 This comprehensive title is among the first to extensively use newly released 2010 U S Census data to examine multiculturalism today and tomorrow in America. This distinction is important considering the following NPR report by Eyder Peralta. Based on the first national numbers released by the Census Bureau the AP reports that minorities account for 90 percent of the total U S growth since 2000 due to immigration and higher birth rates for Latinos. According to John Logan a Brown University sociologist who has analyzed most of the census figures The futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations. Both non Hispanic whites and blacks are getting older as a group. These groups are tending to fade out he added. Another demographer William H. Frey

with the Brookings Institution told The Washington Post that this has been a pivotal decade We re pivoting from a white black dominated American population to one that is multiracial and multicultural Multicultural America A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today Pedagogical elements include an introduction a thematic reader s guide a chronology of multicultural milestones a glossary a resource guide to key books journals and Internet sites and an appendix of 2010 U S Census Data Finally the electronic version will be the only reference work on this topic to augment written entries with multimedia for today s students with 100 videos with transcripts from Getty Images and Video Vault the Agence France Press and Sky News as reviewed by the media librarian of the Rutgers University Libraries working in concert with the title s editors
