Readers Digest Almanac And Yearbook 1986:

Reader's Digest Almanac and Yearbook, 1986 Reader's Digest Association, 1986 *Militocracy vs. Democracy in West Africa 1960s - 1990s* Godfrey Mwakikagile, This is a historical narrative and analysis of the unconstitutional changes of government in most West African countries where military rule became institutionalised more than in any other part of the continent from the sixties to the nineties There is no specific reason why the region has suffered from usurpation of power by soldiers more than any other part of the continent besides the desire by soldiers to rule recently demonstrated by coups in Mali in 2020 and 2021 Guinea in 2021 and Burkina Faso in 2022 Governments in West Africa are no more unstable or weaker than their counterparts in other parts of the continent Overthrowing governments became a continental phenomenon when military rulers went on to legitimise their seizure of power through rigged elections by turning themselves into civilian rulers They civilianised themselves not only to claim that they were no longer military rulers but were democratically elected leaders a manipulation of power that triggered counter coups by their opponents to end their rule resulting in many deaths in many countries where this violent change took place Military rule in Africa started soon after independence in the sixties The most ambitious goals in the postcolonial era were consolidation of the state and nation building with varying degrees of success in different parts of the continent Military rulers proved to be no better than their civilian counterparts they had replaced In most cases they were even worse and used coercive power of the state to perpetuate themselves in office just as their civilian counterparts did The result was consolidation of the state as an instrument of oppression the most oppressive apparatus being the executive branch itself invested with all the powers which evolved into the imperial presidency a phenomenon that persists in some African countries legitimised through rigged elections enabling leaders to remain in office under the guise of democracy in the name of the people Merchant seamen benefits/"Protector" memorial United States. Congress. House. Committee on Merchant Marine and Fisheries. Subcommittee on Merchant Marine, 1988 Ethnicity and Regionalism in National Politics in Kenya and Nigeria: A Comparative Study Godfrey Mwakikagile, This work is a comparative study of ethnic politics in Kenya in Nigeria two countries on the African continent where ethnicity has played a major role in determining their destiny as much it has elsewhere only in varying degrees This is similar to the author's other works on Rwanda and Burundi including Identity Politics and Ethnic Conflicts in Rwanda and Burundi A Comparative Study where the same phenomenon has had tragic consequences for decades both works appropriate in their own contexts yet of continental relevance The work is also an examination of the Nigerian civil war whose tragic consequences included the secession of the Eastern Region which declared independence as the Republic of Biafra after tens of thousands of Easterners were massacred in Northern Nigeria in 1966 **Encyclopedia of Library and Information Science** Allen Kent, Harold Lancour, Jay E. Library,1990 **The Cumulative Book Index** ,1988 A world list of books in the English language **Business Today** David J. Rachman,Michael H. Mescon,1987 *Economic Development in Africa* Godfrey Mwakikagile,1999 This new book provides analyses of capitalism versus socialism as well as case studies illuminating the latest economic developments in the shift taking place in Africa BOOK JACKET *Ethnic Politics in Kenya and Nigeria* Godfrey Mwakikagile,2001 This book is more than just a study of ethnic politics in Kenya and Nigeria The two countries are a microcosm of the entire continent the problems it faces its successes and failures and the hope and despair of hundreds of millions of its people whose aspirations have been frustrated by decades of corrupt leadership that has skilfully exploited one of Africa s biggest weaknesses tribalism But the people themselves are also responsible for that They have allowed tribalism to flourish and destroy the countries And they have allowed unscrupulous politicians to use and abuse them without storming the Bastille What they are not responsible for is dictatorship African leaders instituted to perpetuate themselves in office by exploiting tribalism These despots have been so good at it and have done it for so long since independence that many African countries are now on the brink of collapse with the people at war against themselves **University of Florida Monographs** ,1959
