Renaissance Papers 199:

Resources in Education, 1982 **The 'Small Landscape' Prints in Early Modern Netherlands** Alexandra Onuf, 2017-01-02 In 1559 and 1561 the Antwerp print publisher Hieronymus Cock issued an unprecedented series of landscape prints known today simply as the Small Landscapes. The forty-four prints included in the series offer views of the local countryside surrounding Antwerp in simple unembellished compositions. At a time when vast panoramic and allegorical landscapes dominated the art market, the Small Landscapes represent a striking innovation. This book offers the first comprehensive analysis of the significance of the Small Landscapes in early modern print culture. It charts a diachronic history of the series over the century it was in active circulation from 1559 to the middle of the seventeenth century. Adopting the lifespan of the prints as the framework of the study, Alexandra Onuf analyzes the successive states of the plates and the changes to the series as a whole in order to reveal the shifting artistic and contextual valences of the images at their different moments and places of publication. This unique case study allows for a new perspective on the trajectory of print publishing over the course of the late sixteenth and early seventeenth centuries across multiple publishing houses, highlighting the seminal importance of print publishers in the creation and dissemination of visual imagery and cultural ideas. Looking at other visual materials and contemporary sources including texts as diverse as humanist poetry and plays, agricultural manuals, polemical broadsheets, and peasant songs, Onuf situates the Small Landscapes within the larger cultural discourse on rural land and the meaning of the local in the turbulent early modern Netherlands. The study focuses new attention on the active and reciprocal intersections between printed pictures and broader cultural, economic, and political phenomena. The Quarterly Review William Gifford, Sir John Taylor, Coleridge, John Gibson Lockhart, Whitwell Elwin, William Macpherson, William Smith, Sir John Murray (IV), Rowland Edmund Prothero (Baron Ernle), George Walter Prothero, 1893

Classical Influences on European Culture, A.D. 1500-1700 R. R. Bolgar, 1976-04-15 The papers illustrate the different ways in which the Renaissance made use of its classical heritage *The Game That Would be King* Brendan Murphy, 2025-12-01 This is a time traveler's guide to the history of soccer, tracing its origins from a humble beginning to an established sport beloved worldwide. It is a story that spans five thousand years from ancient Egypt to Mesoamerica, from the Greek Empire to Chinese Dynasties, and from the Roman Empire to medieval Britain. From the Middle Ages onwards, Britain and Ireland unfurl their lineage from the lesser-known trapball and stoolball to the lamentably extinct camping and knappan. All forms find a voice in this book, as do hockey and hurling, baseball and bowling, tennis and golf. Primarily a narrative of British and Irish ball games, esteemed foreigners are welcomed: baggataway, knattleikur, soule, kolven, calcio. Many games come to life, revealing their motivations and their complex inner world. Still, soccer is firmly center stage. This is, after all, its picaresque journey. As the games sweep across history, the social, religious, and political contexts are threaded throughout, and this book is peppered with news snippets, anecdotes, comedy, and intrigue which give the centuries life. Crammed with

eccentric sports ephemera untold tales and unearthed acts *The Game That Would Be King* is the most comprehensive work on the early history of ball games ever written *Titus Andronicus* William Shakespeare, 2018-01-25 *Titus Andronicus* is one of Shakespeare's earliest and bloodiest tragedies and was hugely successful in his lifetime. Subsequent generations have struggled with its bold confrontation of violence but in the 20th and 21st centuries the play has chimed with audiences again perhaps because of its simultaneously shocking and playful approach to violent revenge and bodily mutilation. Jonathan Bate's original Arden edition was first published in 1995 and has had a significant influence on how the play has been performed and studied in the past 20 years. This revised edition includes a new 10 000 word introductory essay in which Bate reassesses his views on the play's co-authorship with George Peele in the light of contemporary textual scholarship and updates his lively account of the play's performance history on the international stage and screen. With detailed on-page commentary notes this will continue to be the edition of choice for students, scholars and theatre makers **Binding the Absent Body**

in Medieval and Modern Art Emily Kelley, 2017-07-05 This collection of essays considers artistic works that deal with the body without a visual representation. It explores a range of ways to represent this absence of the figure from abject elements such as bodily fluids and waste to surrogate forms including reliquaries, manuscripts and cloth. The collection focuses on two eras: medieval and modern, when images referencing the absent body have been far more prolific in the history of art. In medieval times works of art became direct references to the absent corporal essence of a divine being like Christ or were used as devotional aids. By contrast in the modern era artists often reject depictions of the physical body in order to distance themselves from the history of the idealized human form. Through these essays it becomes apparent even when the body is not visible in a work of art it is often still present tangentially. Though the essays in this volume bridge two historical periods they have coherent thematic links dealing with abjection, embodiment and phenomenology. Whether figurative or abstract, sacred or secular, medieval or modern, the body maintains a presence in these works even when it is not at first apparent.

The Publisher, 1910 *Telltale Women* Allison Machlis Meyer, 2021 In *Telltale Women* Allison Machlis Meyer challenges established perceptions of source study, historiography and the staging of gender politics in well-known drama, arguing that narrative historiographers frequently value women's political interventions and use narrative techniques to invest women's voices with authority while dramatists reshape this source material to create stage representations of royal women that condemn queenship and female power **British Generalship during the Great War** Simon Robbins, 2016-04-15 Following the career of one relatively unknown First World War general, Lord Horne, this book adds to the growing literature that challenges long-held assumptions that the First World War was a senseless bloodbath conducted by unimaginative and incompetent generals. Instead, it demonstrates that men like Horne developed new tactics and techniques to deal with the novel problems of trench warfare and in so doing seeks to re-establish the image of the British generals and explain the reasons for the failures of 1915-16 and the successes of 1917-18 and how this remarkable change in

performance was achieved by a much maligned group of senior officers Horne's important career and remarkable character sheds light not only on the major battles in which he was involved the progress of the war his relationships with his staff and other senior officers the novel problems of trench warfare the assimilation of new weapons tactics and training methods and the difficulties posed by the German defences but also on the attitudes and professionalism of a senior British commander serving on the Western Front Horne's career thus provides a vehicle for studying the performance of the British Army in the first quarter of the Twentieth Century It also gives an important insight into the attitudes ethos and professionalism of the officer corps which led that army to victory on the Western Front exposing not only its flaws but also its many strengths This study consequently provides a judgment not only on Horne as a personality innovator and general of great importance but also on his contemporaries who served with the British Armies in South Africa and France during an era which saw a revolution in military affairs giving birth to a Modern Style of Warfare which still prevails to this day **The World on**

Paper David R. Olson, 1996-06-20 What role has writing played in the development of our modern understanding of language nature and ourselves In this historical and developmental account David Olson offers a new perspective on this process Reversing the traditional assumption about the relation between speech and writing he argues that writing provides an important model of the way we think about speech our consciousness of language is structured by our writing system In addition writing provides our dominant models for thinking about nature and the mind and shows how our understanding of the world our science and our understanding of ourselves our psychology are by products of our ways of creating and interpreting written texts This challenging study draws on recent advances in history anthropology linguistics and psychology and will be of interest to readers across the range of these subjects *The Paper Trade in Early Modern Europe*

Daniel Bellingradt, Anna Reynolds, 2021-04-12 This book attends to the most essential lucrative and overlooked business activity of early modern Europe the trade of paper Despite the well known fact that paper was crucial to the success of printing and record keeping alike paper remains one of the least studied areas of early modern history Organised into three sections Hotspots and Trade Routes Usual Dealings and Recycling Economies the chapters in this collection shed light on the practices materials and networks of the paper trade Altogether the collection uncovers the actors involved in the networks of paper production transportation purchase and reuse between the thirteenth and nineteenth centuries and across the central and peripheral papermaking regions of Europe Contributors Renaud Adam Daniel Bellingradt Frank Birkenholz Simon Burrows Orietta Da Rold Michael Falk Anna Gialdini Rachel Hendery Silvia Hufnagel Jean Beno t Krumenacker Katherine McDonough Krisztina R bai Anna Reynolds Benito Rial Costas Tapio Salminen Helen Smith Jan Willem Veluwenkamp Andreas Weber and Megan Williams **Papers to be Presented Before the Section on Ophthalmology of the American**
