Heart Of Middle East Coke, 2019-10-25 The Heart of the Middle East is a classic account of the history and culture of Iraq Written in 1925 at the height of the colonial era it offers a unique insight into a complex past that continues to influence events today Beginning with the earliest known inhabitants of what was called Mesopotamia Coke describes Roman Persian rivalry in the area collapse of both Persia and Constantinople before the onset of the Arabs the golden age of Abbassid Caliphate the coming of the Turks and with their decline the coming of the English the rise in the Middle East of European influence generally and the parallel rise a reborn Arab nationalism

Comprehensive Report of the Special Advisor to the DCI on Iraq's WMD, with Addendums, 2005 *He who saw the abyss* Stefan Brill, 2021-10-11 The Bible as the foundation of the Christian faith Greek philosophy as the basis of thought the Age of Enlightenment as the basis of scientific knowledge the three pillars of today s view of the world That philosophy began with the ancient Greeks is just as invented as the myth of the Sea Peoples who ushered in the end of the Bronze Age Nor does the story of the Flood originate from the Bible The Age of Enlightenment not only destroyed a medieval view of the world but at the same time created new myths that are rarely questioned even today With a good portion of irony the stories are scrutinised and filleted Where they come from and since when they have been told holds the one or other surprise We accompany the first archaeologists to Nineveh and take part in a Greek symposium with Herodotus We meet Rousseau in Annecy and learn what Haute Cousine and Guillotine have in common We attend Hegel s lectures in Berlin and accompany Wallace to Borneo From Noah to Kant from Uruk to Ulm from Cinderella to flying orangutans the stories are so numerous that one or two souvenirs are likely to remain from this journey through time

The Farhud Edwin Black, 2010-11-16 The Nazis needed oil The Arabs wanted the Jews and British out of Iraq The Mufti of Jerusalem forged a far ranging alliance with Hitler resulting in the June 1941 Farhud a Nazi style pogrom in Baghdad that set the stage for the devastation and expulsion of the Iraqi Jews and ultimately almost a million Jews across the Arab world The Farhud was the beginning of what became a broad Nazi Arab alliance in the Holocaust

Shake the Devil Off Ethan Brown, 2024-07-02 A gripping suspense story an indictment of the military s treatment of our soldiers and a celebration of the resilience of a great

American city George Pelecanos New York Times bestselling author of The Turnaround and Hell to Pay Zackery Bowen was one of the first soldiers to encounter the fledgling insurgency in Iraq After years of military service he returned to New Orleans to tend bar and deliver groceries In the weeks before Hurricane Katrina made landfall he met Addie Hall a pretty and high spirited bartender Their hard partying endurance during and after Hurricane Katrina had news outlets around the world featuring the couple as the personification of what so many want to believe is the indomitable spirit of New Orleans But in October 2006 Bowen leaped from the rooftop bar of a French Quarter hotel A note in his pocket directed the police to the body of Addie Hall It was according to NOPD veterans one of the most gruesome crimes in the city s history How had this popular handsome father of two done such a thing Journalist Ethan Brown moved from New York City to the French Quarter to investigate this question Brown s discovery that this tragedy could have been avoided if the military had simply not in the words of Paul Sullivan executive director of Veterans for Common Sense absolutely and completely failed this soldier Shake the Devil Off is a mesmerizing tribute to these lives lost Heartbreaking Publishers Weekly starred review Provocative Can be read as a follow up to Dexter Filkins s The Forever War Lisa Scottoline The New York Times Book Review Essential reading for those willing to face the awful truths about New Orleans our nation s most misunderstood city Washington Post Book World

The Coming of the Reichchild J. P. De Sales,2007-11-01 During the 1990s George Bush Sr called Saddam Hussein this modern day Hitler THE COMING OF THE REICHCHILD is a visceral highly visual story that deftly weaves historical fact with fiction to reveal the chilling all too plausible roots of the Iraqi dictator Built convincingly around real historical events and personages THE COMING OF THE REICHCHILD accurately traces the life of Saddam Hussein tying his roots to Adolph Hitler and the Third Reichs need for oil The novel chronicles the diabolical events of another time when a seed was planted whose bitter fruit would be harvested by a future age and traces Husseins collision course with the Jews whom he vowed to incinerate with his Scud missiles during the Persian Gulf War By his own admission Saddam does not know who his real father was and was raised by an uncle whom history reveals to be an ardent pro Nazi And how is it that German companies were so deeply involved in building his legendary underground bunkers Where fact stops and fiction starts is indiscernible yielding a fascinating novel that is filled with suspense intrigue violence treachery and the ultimate love of a man for his daughter Truly a what if novel to end all what ifs

Sword of Persia Michael Axworthy,2010-03-24 Nader Shah ruler of Persia from 1736 to 1747 embodied ruthless ambition energy military brilliance cynicism and cruelty His reign was filled with bloodshed betrayal and horror Yet Nader Shah is central to Iran s early modern history From a shepherd boy he rose to liberate his country from foreign occupation and make himself Shah He took eighteenth century Iran in a trajectory from political collapse and partition to become the dominant power in the region briefly opening the prospect of a modernising state that could have resisted colonial intervention in Asia He recovered all the territory lost by his predecessors including Herat and Kandahar and went on to conquer Moghul Delhi plundering the enormous treasures of India Nader

commanded the most powerful military force in Asia if not the world He repeatedly defeated the armies of Ottoman Turkey the preeminent State of Islam overran most of what is now Iraq and threatened to take Baghdad on several occasions But from the zenith of his success he declined into illness insane avarice and horrific savagery committing terrible atrocities against the Persian people his friends and even his family until he finally died as violently as he had lived The Sword of Persia recreates the story of a remarkable ruthless man capable of both charm and brutality It is a rich narrative full of dramatic incident including much new research into original Iranian and other material which will prove indispensable to historians and students The book includes many contemporary illustrations and maps *Comprehensive Report of the Special Advisor to the DCI on Iraq's WMD*. Charles Duelfer, 2004 This report relays the findings of the Special Advisor to the Director of Central Intelligence on Iraq's Weapons of Mass Destruction *The Assassins* Gayle Lynds, 2015-06-30 Six master assassins each a legend in the dark corners of international espionage band together to steal a fortune from the middle of a war zone But the mission goes tragically wrong and they retreat into the shadows Now THE ASSASSINS are back Former military spy Judd Ryder is walking to his D C home when he spots a man coming out of his row house who looks like Ryder and is wearing his clothes As Ryder slows to follow the imposter is killed in a hit and run that's no accident Was the man the intended victim or was it Ryder himself Soon Ryder learns that the key to the mysterious events of the past and to his double's murder is an infamous Cold War assassin the Carnivore Two of the last people to see the Carnivore were Ryder and CIA trainee Eva Blake and someone is using them to lure him out From Washington D C to Marrakech and Baghdad the assassins wage a final battle this time against one another fighting for their reputations and Saddam Hussein's long missing billion dollar fortune In the end only one can be left standing Caught in the crossfire Judd and Eva go on the run while desperately unraveling the tangled past and battling not only for their lives but for their destinies **Democracy in Iraq** Benjamin Isakhan, 2016-05-13 This book proposes a significant reassessment of the history of Iraq documenting democratic experiences from ancient Mesopotamia through to the US occupation Such an analysis takes to task claims that the West has a uniquely democratic history and a responsibility to spread democracy across the world It also reveals that Iraq has a democratic history all of its own from ancient Middle Eastern assemblies and classical Islamic theology and philosophy through to the myriad political parties newspapers and protest movements of more recent times This book argues that the democratic history of Iraq could serve as a powerful political and discursive tool where the Iraqi people may come to feel a sense of ownership over democracy and take pride in endorsing it This could go a long way towards mitigating the current conflicts across the nation and in stabilizing and legitimating its troubled democracy Taking an interdisciplinary approach and referring to some of the most influential critical theorists to question ideological assumptions about democracy and its history this book is useful to those interested in political and legal history human rights and democracy *All In* Paula Broadwell, Vernon Loeb, 2012-01-24 General David Petraeus is the most transformative leader the American military has seen since the

generation of Marshall In the New York Times bestseller All In military expert Paula Broadwell examines Petraeus's career his intellectual development as a military officer and his impact on the U S military Afforded extensive access by General Petraeus his mentors his subordinates and his longtime friends Broadwell reported on the front lines of fighting and at the strategic command in Afghanistan to chronicle the experiences of this American general as they were brought to bear in the terrible crucible of war All In draws on hundreds of hours of exclusive interviews with Petraeus and his top officers and soldiers to tell the inside story of this commander's development and leadership in war When Petraeus assumed command in Afghanistan in July 2010 the conflict looked as bleak as at any moment in America's nine years on the ground there Petraeus's defining idea counterinsurgency was immediate put to its most difficult test the hard lessons learned during the surge in Iraq were to be applied in a radically different theater All In examines the impact in Afghanistan of new counterinsurgency as well as counterterrorism strategies through the commands of several Petraeus protégés Broadwell examines his evolution as a soldier from his education at West Point in the wake of Vietnam to his earlier service in Central America Haiti Kuwait Bosnia and Iraq All In also documents the general's role in the war in Washington going behind the scenes of negotiations during policy reviews of the war in Afghanistan in Congress the Pentagon and the White House Broadwell ultimately appraises Petraeus's impact on the entire U S military Thanks to this man's influence the military is better prepared to fight using a comprehensive blend of civil military activities As America surveys a decade of untraditional warfare this much is clear The career of General David Petraeus profoundly shaped our military and left an indelible mark on its rising leaders

Administration Report... Iraq. Mudīriyat al-Zirā'ah al-Āmmah,1921 **Iraq's Armed Forces** Ibrahim Al-Marashi,Sammy Salama,2008-04-03 This book provides the first comprehensive study of the evolution of the Iraqi military from the British mandate era to post Baathist Iraq Ethnic and sectarian turmoil is endemic to Iraq and its armed forces have been intertwined with its political affairs since their creation This study illustrates how the relationship between the military and the political centre in Iraq has evolved with the military bringing about three regime changes in Iraq's history before being brought under control by Saddam Hussein up until the 2003 war The instability that followed was partly due to the failure to create a new military that does not threaten the government yet is still strong enough to deter rival factions from armed conflict The reconstitution of the armed forces will be a prerequisite for an American withdrawal from Iraq but this book argues that immense challenges lie ahead despite the praise from the Bush administration for the progress of the new Iraqi army

Democracy in Iraq Dr Benjamin Isakhan,2012-09-01 This book proposes a significant reassessment of the history of Iraq documenting democratic experiences from ancient Mesopotamia through to the US occupation Such an analysis takes to task claims that the West has a uniquely democratic history and a responsibility to spread democracy across the world It also reveals that Iraq has a democratic history all of its own from ancient Middle Eastern assemblies and classical Islamic theology and philosophy through to the myriad political parties newspapers and protest movements of more recent times This

book argues that the democratic history of Iraq could serve as a powerful political and discursive tool where the Iraqi people may come to feel a sense of ownership over democracy and take pride in endorsing it This could go a long way towards mitigating the current conflicts across the nation and in stabilizing and legitimating its troubled democracy Taking an interdisciplinary approach and referring to some of the most influential critical theorists to question ideological assumptions about democracy and its history this book is useful to those interested in political and legal history human rights and democracy
