Short Story International Sylvia Tankel, 1980 **International Short Stories: American** Various, 2022-07-20 In the compilation *International Short Stories American* readers traverse the rich tapestry of American short fiction curated from an array of voices that highlight the country's literary evolution. The anthology features not only the celebrated tales that have become cornerstones of American literature but also uncovers the lesser known gems that contribute to the genre's depth. Written in an era reflective of its own norms and ideologies, the collection encapsulates a historical viewpoint providing insight into societal attitudes and cultural climate through narrative form. The varied themes within this volume speak to the universality of the human experience while being rooted distinctly in American settings and sensibilities, offering a multifaceted display of storytelling steeped in the tradition of the short story form. In assembling such a kaleidoscope of stories, the anonymous collectors and perhaps editors of *International Short Stories American* have rendered a service by widening the literary lens through which the past is examined. Although the authors' backgrounds and impetus for writing are as diverse as the stories themselves, a common thread of exploring the American ethos unites their works. These narratives, many of which were penned during times of significant social and political change, carry within them the echoes of their authors' reactions to contemporaneous events, etching the climate of bygone days into the literary canon. This anthology, loaded with both acclaimed and obscure stories, is recommended for readers seeking to delve into American history via the vehicle of literature. It offers an enriching journey for literature enthusiasts, historians, and casual readers alike who desire not just to be entertained but to understand the shifting landscape of American thought and expression. *International Short Stories American* serves as both a portal and a panorama, beckoning those who wish to witness the enduring power of the short story and its role in reflecting and shaping cultural identity.

Short Story International ,1980 Short Story International ,1980 **Short Story International** ,1981 **The Novels of Wilton Sankawulo** Robert Brown, 2014-10-08 In the first chapter of this monograph, Dr Robert H Brown tries to lay the groundwork by discussing some of the problems of writing in Liberia and prospects for Liberian writers. Then he lists in chronological order some of the works published by Liberian writers as evidential proof that there is a paucity of creative fiction in Liberia. In three subsequent chapters, he undertakes a critical study of Wilton Sankawulo's *The Rain and the Night Sundown*, *A Dawn A Liberian Odyssey*, and *Birds Are Singing*. The chapters situate Wilton Sankawulo's creative fiction in its proper context, revealing the currents of indigenous Liberian thought that run through it and tracing the connections that link the novels to a new development in his thinking. Indeed, however dissimilar in titles *The Rain and the Night Sundown*, *A Dawn A Liberian Odyssey*, and *Birds Are Singing* to some extent share tone, setting, and ambience that characterize the current moment of Liberia's history as a turning point. Despite their minor grammatical infelicities and stylistic ineptitude, the three novels are set to become classics in the canon of African literature.
