Siglit Inuvialuit Uqausiita Kipuktirutait Basic Siglit Inuvialuit Eskimo Dictionary:

Basic Siglit Inuvialuit Eskimo Dictionary Ronald Lowe, 1984 Provides translations from Siglitun English and English Siglitun Siglit Eskimos live primarily in the arctic coastal communities of Tuktoyaktuk and Paulatuk and in Sachs Harbour on Banks Island

Basic Siglit Inuvialuit Eskimo Grammar Ronald Lowe, 1985

The Language of the Inuit Louis-Jacques Dorais, 2010-01-28 The culmination of forty years of research The Language of the Inuit maps the geographical distribution and linguistic differences between the Eskaleut and Inuit languages and dialects Providing details about aspects of comparative phonology grammar and lexicon as well as Inuit prehistory and historical evolution Louis Jacques Dorais shows the effects of bilingualism literacy and formal education on Inuit language and considers its present status and future An enormous task masterfully accomplished The Language of the Inuit is not only an anthropological and linguistic study of a language and the broad social and cultural contexts where it is spoken but a history of the language s speakers

The Languages of Native North America Marianne Mithun, 2001-06-07 This book provides an authoritative survey of the several hundred languages indigenous to North America These languages show tremendous genetic and typological diversity and offer numerous challenges to current linguistic theory Part I of the book provides an overview of structural features of particular interest concentrating on those that are cross linguistically unusual or unusually well developed These include syllable structure vowel and consonant harmony tone and sound symbolism polysynthesis the nature of roots and affixes incorporation and morpheme order case grammatical distinctions of number gender shape control location means manner time empathy and evidence and distinctions between nouns and verbs predicates and arguments and simple and complex sentences and special speech styles Part II catalogues the languages by family listing the location of each language its genetic affiliation number of speakers major published literature and structural highlights Finally there is a catalogue of languages that have evolved in contact situations

Atlas of Languages of Intercultural Communication in the Pacific, Asia, and the Americas Stephen A. Wurm, Peter Mühlhäusler, Darrell T. Tryon, 2011-02-11 An absolutely unique work in linguistics publishing full of beautiful maps and authoritative accounts of well known and little known language encounters Essential reading and map viewing for students of language contact with a global perspective Prof Dr Martin Haspelmath Max Planck Institut f r Evolution re Anthropologie The two text volumes cover a large geographical area including Australia New Zealand Melanesia South East Asia Insular and Continental Oceania the Philippines Taiwan Korea Mongolia Central Asia the Caucasus Area Siberia Arctic Areas Canada Northwest Coast and Alaska United States Area Mexico Central America and South America The Atlas is a detailed far reaching handbook of fundamental importance dealing with a large number of diverse fields of knowledge with the reported facts based on sound scholarly research and scientific findings but presented in a form intelligible to non specialists and educated lay persons in general

Critical Inuit Studies Pamela R. Stern, Lisa Stevenson, 2006-12-01 Critical Inuit Studies offers an overview of the current state of Inuit studies by bringing together the

insights and fieldwork of more than a dozen scholars from six countries currently working with Native communities in the far north The volume showcases the latest methodologies and interpretive perspectives presents a multitude of instructive case studies with individuals and communities and shares the personal and professional insights from the fieldwork and thought of distinguished researchers The wide ranging topics in this collection include the development of a circumpolar research policy the complex identities of Inuit in the twenty first century the transformative relationship between anthropologist and collaborator the participatory method of conducting research the interpretation of body gesture and the reproduction of culture the use of translation in oral history memory and the construction of a collective Inuit identity the intricate relationship between politics indigenous citizenship and resource development the importance of place names housing policies and the transition from igloos to permanent houses and social networks in the urban setting of Montreal *Memory and Landscape* Kenneth L. Pratt ,Scott A. Heyes,2022-10-18 The North is changing at an unprecedented rate as industrial development and the climate crisis disrupt not only the environment but also long standing relationships to the land and traditional means of livelihood *Memory and Landscape Indigenous Responses to a Changing North* explores the ways in which Indigenous peoples in the Arctic have adapted to challenging circumstances including past cultural and environmental changes In this beautifully illustrated volume contributors document how Indigenous communities in Alaska northern Canada Greenland and Siberia are seeking ways to maintain and strengthen their cultural identity while also embracing forces of disruption Indigenous and non Indigenous contributors bring together oral history and scholarly research from disciplines such as linguistics archaeology and ethnohistory With an emphasis on Indigenous place names this volume illuminates how the land and the memories that are inextricably tied to it continue to define Indigenous identity The perspectives presented here also serve to underscore the value of Indigenous knowledge and its essential place in future studies of the Arctic Contributions by Vinnie Baron Hugh Brody Kenneth Buck Anna Bunce Donald Butler Michael A Chenlov Aron L Crowell Peter C Dawson Martha Dowsley Robert Drozda Gary Holton Colleen Hughes Peter Jacobs Emily Kearney Williams Igor Krupnik Apayo Moore Murielle Nagy Mark Nuttall Evon Peter Louann Rank William E Simeone Felix St Aubin and Will Stolz

That's Raven Talk Mareike Neuhaus,2011 Annotation A reading strategy for orality in North American Indigenous literatures that is grounded in Indigenous linguistic traditions **From Polysemy to Semantic Change** Martine Vanhove,2008-11-21 This book is the result of a joint project on lexical and semantic typology which gathered together field linguists semanticists cognitivists typologists and an NLP specialist These cross linguistic studies concern semantic shifts at large both synchronic and diachronic the outcome of polysemy heterosemy or semantic change at the lexical level The first part presents a comprehensive state of the art of a domain typologists have long been reluctant to deal with Part two focuses on theoretical and methodological approaches cognition construction grammar graph theory semantic maps and data bases These studies deal with universals and variation across languages illustrated with numerous examples from different

semantic domains and different languages Part three is dedicated to detailed empirical studies of a large sample of languages in a limited set of semantic fields It reveals possible universals of semantic association as well as areal and cultural tendencies

Kugaluk Site and the Nuvorugmiut David A. Morrison,1988-01-01 A report on the excavation and analysis of the Kugaluk site a small historic Inuit site located near the outlet of the Eskimo Lakes in the western Canadian Arctic which greatly expands our present understanding of the Nuvorugmiut and by extension the Mackenzie Inuit in general Published in English

Yukon North Slope Inuvialuit Oral History Murielle Ida Nagy,Yukon Territory. Heritage Branch,1994 Text of interviews with Inuvialuit elders along the Yukon North Slope and in Aklavik Inuvik and Tuktoyaktuk Northwest Territories undertaken to document traditional land use and indigenous regional knowledge Topics covered include seasons of occupation means of subsistence habitation structures trading activities social life and involvement with the Anglican mission at Herschel Island

Inuit Studies ,1994

SIKU: Knowing Our Ice Igor Krupnik,Claudio Aporta,Shari Gearheard,Gita J. Laidler,Lene Kielsen Holm,2010-07-08 By exploring indigenous people s knowledge and use of sea ice the SIKU project has demonstrated the power of multiple perspectives and introduced a new field of interdisciplinary research the study of social socio cultural aspects of the natural world or what we call the social life of sea ice It incorporates local terminologies and classifications place names personal stories teachings safety rules historic narratives and explanations of the empirical and spiritual connections that people create with the natural world In opening the social life of sea ice and the value of indigenous perspectives we make a novel contribution to IPY to science and to the public

Further Developments in the Theory and Practice of Cybercartography D.R. Fraser Taylor,Erik Anonby,Kumiko Murasugi,2019-09-13 Further Developments in the Theory and Practice of Cybercartography Third Edition Volume Nine presents a substantively updated edition of a classic text on cybercartography presenting new and returning readers alike with the latest advances in the field The book examines the major elements of cybercartography and embraces an interactive dynamic multisensory format with the use of multimedia and multimodal interfaces Material covering the major elements key ideas and definitions of cybercartography is newly supplemented by several chapters on two emerging areas of study including international dimensions and language mapping This new edition delves deep into Mexico Brazil Denmark Iran and Kyrgyzstan demonstrating how insights emerge when cybercartography is applied in different cultural contexts Meanwhile other chapters contain case studies by a talented group of linguists who are breaking new ground by applying cybercartography to language mapping a breakthrough that will provide new ways of understanding the distribution and movement of language and culture Highlights the relationship between cybercartography and critical geography Incorporates the latest developments in the field of cybercartography including International Dimensions and Language Mapping Showcases the legal ethical and policy implications of mapping local and traditional knowledge

Canadian Reference Sources Mary E. Bond,Martine M. Caron,1996 This bibliography cites those Canadian and foreign reference sources that describe Canadian

people institutions organizations publications art literature languages and history It lists books of a general nature as well as works in the disciplines of history and the humanities These large divisions are then broken down by subject genre type of document and province or territory Titles of national provincial territorial or regional interest are included in every subject area when available The contents of the book are indexed four ways by name title French subject and English subject And to facilitate browsing the major reference books those dealing with more than one subject or a large geographical region are also cross referenced Two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of Canada's official languages Entries for unilingual works include citation in the language of the publication and a bilingual annotation The annotations are descriptive and provide information on the content arrangements and indexing of works the availability of non print formats previous editions and title changes and related works Canadian Reference Sources will be an invaluable reference tool for future scholars and researchers

Le mot en français et en esquimau Guy Cornillac, 1993 partir des données observables en français l'auteur s'applique à montrer que la systématique de construction du mot dans cette langue repose sur l'existence de mécanismes de pensée spécifiques dont la fonction est de réunir en les ordonnant les constituants nécessaires la réalisation d'une partie du discours déterminée En esquimau par contre l'observation des faits permet l'auteur de conclure l'inexistence de tels mécanismes et la présence d'une seule mécanique de construction du mot très générale laquelle exige du fait de sa non spécificité un temps opératif de fonctionnement pouvant être considérablement plus long qu'en français L'auteur est ainsi conduit à faire observer que le phénomène inconscient qui préside à l'émergence du mot dans une langue donnée est régi par des lois linguistiques qui n'ont rien d'universel mais qui varient au contraire selon la typologie résumé de l'auteur

Analytical lexicon of human anatomy Guy Bordin, 2003 Les lexiques et dictionnaires sont des ouvrages que l'on consulte à la fois par intérêt et par plaisir Le présent lexique anatomique trilingue inuktitut français anglais ne fait pas exception à la règle Il comble tout d'abord un manque existant dans le champ de l'anatomie inuit en rassemblant un corpus d'environ 570 termes provenant de l'Arctique oriental canadien Nunavik et Nunavut oriental Il permet ensuite d'aborder ce domaine lexical dans une perspective ethnolinguistique reliant les faits de langue aux choix culturels Ce travail met ainsi en avant le caractère hautement motivé de la langue inuit Ouvrage thématique à vocation pratique illustre de planches anatomiques il met en évidence divers modes de désignation des organes et zones du corps et contribue de la sorte à une meilleure connaissance de certains mécanismes de conceptualisation chez les Inuit Dictionaries are reference works we consult them both for interest and for pleasure This trilingual Inuktitut French English anatomical dictionary is no exception to this rule It fills first and foremost a gap that exists in the field of Inuit anatomy by bringing together a set of some 570 terms from the Canadian Eastern Arctic Nunavik and Eastern Nunavut It then provides an ethnolinguistic approach to this area of lexicography that links the facts of language to cultural choices This work accordingly illustrates the highly motivated character of the Inuit language This lexicon is

dedicated to a specific theme with practical intent and is illustrated with anatomical plates It shows as far as possible various ways in which organs and areas of the body are designated and contributes thereby to an enhanced understanding of some of the conceptualization mechanisms used by the Inuit *Canadiana* ,1986 **Handbook of North American Indians, Volume 17** William C. Sturtevant,1996 Encyclopedic summary of prehistory history cultures and political and social aspects of native peoples Introduction à la psychomécanique du langage Ronald Lowe,2007
