Long Range Plan For The Federal Courts:

Proposed Long Range Plan for the Federal Courts Judicial Conference of the United States. Committee on Long Range Planning, 1995 This first comprehensive plan for the future of the federal courts responds to a growing awareness within and without the courts that the accelerating pace of social change requires public institutions to anticipate likely future challenges and opportunities The Constitution vests the federal courts with the judicial power of the United States power which the courts are bound to exercise justly speedily and economically To meet that responsibility the courts must first and above all preserve the rule of law At the same time they must respond to the changing needs of society litigants and the practicing bar The federal courts intend that this first plan along with the planning process that it has initiated will foster those two imperatives p 1 Proposed Long Range Plan for the Federal Courts Judicial Conference of the United States.
