Long Term Care Diverse Growing Population Includes Millions Of Americans Of All Ages

Jane L. Ross

Long Term Care Diverse Growing Population Includes Millions Of Americans Of All Ages:

Long-Term Care DIANE Publishing Company,1996-07 Provides estimates of the current report on the future prevalence of need including factors that may influence it describe the diversity of needs among different groups Charts tables

Long-Term Care U S Government Accountability Office (G,U. S. Government Accountability Office (,2013-06 Pursuant to a congressional request GAO provided estimates of the current and future numbers of people needing long term care focusing on the 1 characteristics of the population needing long term care 2 prevalence of current long term care needs 3 factors that may influence future long term care needs and 4 diversity of needs among different groups GAO found that 1 currently there are over 12 million people with chronic conditions who need assistance with everyday activities 2 about 5 million of the long term care population are working age adults and about 420 000 are children under age 18 3 nearly 10 million people needing long term care live at home or in small community residences 4 family and friends provide most long term care services without compensation 5 long term care needs range from occasional help with household chores to daily help with self care activities 6 about 5 1 million people need substantial assistance with basic self care activities because of severe disabilities and about one half of these persons are institutionalized 7 long term care need could double within the next 25 years as the baby boomers age but meaningful projections are difficult to make due to uncertainties pertaining to life expectancy life styles and health status the size of the future nonelderly disabled population and technological and medical advances 8 the nonelderly disabled population will probably increase as more low birth weight babies and young adults survive previously fatal conditions and events 9 the diversity in ages disabling conditions and needs among the long term care population will require greater flexibility in the design and administration of long term care programs to match individual needs and 10 increased government subsidized long term care will be needed as fewer family members and friends have the resources and time to care for the disabled **Long-Term Care** United States Accounting Office

(GAO),2018-04-29 HEHS 95 26 Long Term Care Diverse Growing Population Includes Millions of Americans of All Ages

Long-Term Care DIANE Publishing Company,1996-07 Addresses what is meant by long term care the conditions that give rise to long term care need which groups need long term care what long term costs are for the federal what strategies some states what experts predict about the future demand for long term care Charts tables Long-Term Care in the 21st

Century Iris Chi,2013-08-27 Who pays for long term care Discover the unique approaches of seven countries around the Pacific Rim Long Term Care in the Twenty First Century discusses policies and programs for long term care in seven countries around the Asia Pacific Rim the United States Canada Japan Australia Singapore Hong Kong and Taiwan Each country is covered in two chapters one to examine the philosophy and values that underlie its approaches to long term care the second to discuss its systems of service delivery These thoughtful analyses backed up with facts and figures explain program successes and failures in the context of demographic and social trends and with reference to the differing political

systems across the region Its breadth of perspective and insightful examination of cultural differences make Long Term Care in the Twenty First Century an important contribution to the international comparative study of aging The programs in the United States Australia and Canada offer a fascinating contrast with the longer established and very different programs in the Asian countries including Japan the world s oldest country Long Term Care in the Twenty First Century provides practical information on essential gerontological issues for each country including financing arrangements development of client classification systems case management in both residential and community based systems key source documents references and Web sites political and cultural influences home based and family caregiving This valuable book provides a critical record of developments in the current transition period This multicultural perspective contributes a chance for all countries to learn from the experience of others in dealing with a problem that is increasingly important as the world population ages Long Term Care in the Twenty First Century is an essential resource for scholars service providers policymakers and anyone concerned with care of the aged not only in Pacific Rim countries but around the world
