Love And Conflict A Covenantal Model Of Christian Ethics:

Love & Conflict Joseph L. Allen, 1990 **Love and Conflict** Joseph L. Allen, 1995 In *Love and Conflict* Joseph L. Allen offers an understanding of Christian ethics that centers around the idea of covenant. First, Allen interprets human relationships as covenantal, and second, he proposes covenant love patterned after God's steadfast love as the basic moral standard. *Love and Conflict* proposes covenant love as the central theme in Christian ethics and argues that the reality of conflict is a significant factor in ethical dilemmas, a factor often overlooked in proposed standards of conduct. In attempting to identify priorities among various claims, Allen adds an important feature to *Love and Conflict* by distinguishing four types of moral conflict. He also discusses the interrelation of love and conflict in marriage, political community, and church. Originally published in 1984 by Abingdon Press.

Rights and Christian Ethics Kieran Cronin, 1992 Kieran Cronin helps philosophers and theologians to understand each other's perspectives on rights, making this book a significant contribution to Christian ethics and moral philosophy.

Christian Ethics Judith Caron, 2001-12-27 *Christian Ethics* focuses on understanding the relationship between one's ethical self, society's rules, and the consequences of one's actions. It operates from a Judeo-Christian perspective that also takes into account the ethical system of other major world religions. *Christian Ethics* draws from philosophy, theology, and psychology. It considers the roles of personality development, conscience formation, gender difference, religious values, and social structures in ethical decision making. It probes the questions and dilemmas of good vs. evil, personal vs. communal values, authority vs. conscience, religion vs. society, and civil vs. moral law. Examples and case studies drawn from the fields of social, medical, sexual, business, political, environmental, and personal ethics are used throughout the book and illuminate the process for personal decision making.

A New Protestant Labor Ethic at Work Ken Estey, 2011-01-01 Estey proposes a labor ethic that emphasizes the protest in Protestantism. The purpose of this ethic is to interrupt the drudgery of the Protestant work ethic, which Estey asserts is the dominant cultural ideal in the U.S. Protestantism must not be about capitulation to capitalism, and a Protestant ethic that works must be one that questions and confronts authority in order to undo the newest and oldest forms of dehumanization as they pertain to workers' labor issues and conditions in the workplace.
