[Neighbor Love through Fearful Days](#) Jason A. Mahn, 2021-08-03 Neighbor Love through Fearful Days is a reflection on pandemics the Covid 19 pandemic the accompanying economic collapse a summer of climate chaos and the pandemic of white supremacy as well as on the calling to serve thy neighbor and

work toward the common good even and especially in times of crisis Mahn's real time reflections begin with an entry dated March 17 2020 after the college where he teaches moved online and his family began sheltering in place they end with an entry dated August 31 2020 when the college reopened for an unprecedented fall term Through the intervening entries he reflects on perennial questions about purpose faith and vocation as they take on a newfound urgency as cities lock down economies reopen and close again and our fractured country teeters on the edge of civil war Each entry grapples with the anxieties and opportunities the suffering and sense of being summoned that characterize that same period Jason A Mahn's evocative narrative is a story about living through a time when the world as we know it is being leveled by pandemics and it is also a deeply philosophical exploration of what it means to live well In the pages of this book Mahn invites readers to muse on the difficult balance between self care and other care _the role of love in social justice and how white privilege might be atoned for and how amid intense suffering to practice a faith that is not escapist but embraces a hope more durable than optimism and a public strategic love more fierce and enduring than previously imagined Ultimately these reflections acknowledge the immense challenge of living a purposeful life in the middle of crisis but invite readers to the shared hope that from the ashen stillness we may just hear new callings to imagine healing cultivate hope and love neighbors in creative ways

Love, Friendship, and Narrative Form After Bloomsbury Jesse Wolfe, 2022-12-15 Exploring how the Bloomsbury Group's cutting edge thinkers Virginia Woolf Sigmund Freud and E M Forster understood the intimacy of friends lovers spouses and families as historically unfolding phenomena this book offers a compelling account of modernism's legacies in contemporary fiction and demonstrates the myriad ways in which intimacy was a guiding and persistent idea explored by writers across the 20th century and up to the present day Often modernists have been celebrated for their insights into social and civilizational sickness but this book unearths a strain of modernist thought that is more complex and inspiring than this It discusses how Bloomsbury's thinkers wrestled with the question Does intimate life improve as sexual egalitarianism expands as taboos against same sex love interracial love and singlehood wane and as parents and children relate less formally and often more warmly toward one another And it discusses how many of today's major novelists such as Salman Rushdie Zadie Smith Ian McEwan and Rachel Cusk look to Bloomsbury's thematic and formal examples when they reformulate this question for our time
