Roderick Hudson Henry James, Franklin Ross, 2015-07-16 When wealthy Rowland Mallet first sees a sculpture by Roderick Hudson he is astounded and pronounces it to be a work of genius and is equally entranced by the sculptor's beauty spirit and charisma Wishing to give the impoverished artist the opportunity to develop his talent he takes Roderick from America to Rome where he becomes the talk of the city But Roderick soon loses his inspiration and Rowland loses control of his protégé while both fall in love with women they cannot ever have Can Roderick be saved from the path to self destruction he seems set on One of Henry James's first novels Roderick Hudson 1875 is a compelling depiction of the artistic temperament and of a young man who like Icarus flies too close to the sun

The Turn of the Mind Adré Marshall, 1998 James's narrative strategies are discussed in the context of the techniques employed by his literary predecessors Illuminating comparisons are made with novelists such as Jane Austen and George Eliot and particular attention is paid to the French novelist Flaubert who was probably the most significant influence on James The author examines James's stylistic devices in a selection of representative works from his early middle and late periods Roderick Hudson The Portrait of a Lady and The Golden Bowl

The Great Succession Robert Emmet Long, 2010-11-23 The first book devoted to the literary relationship between Henry James and his American predecessor Nathaniel Hawthorne Robert Emmet Long demonstrates James transformation of Hawthorne's romantic forms into realism as one of the significant features of James early career Long

shows that Hawthorne provided James with a native tradition having its own conceptions of American psychological experience

Roderick Hudson Henry James, 2021-08-28 It was while visiting Europe in 1874 that Henry James began writing *Roderick Hudson*. Even before the manuscript was completed the *Atlantic Monthly* began serializing chapters upon the author's return to America in 1875. With the highly popular monthly installments due to end in December of that year *Roderick Hudson* was published in novel form in November by J. R. Osgood. *Roderick Hudson* thus stands as the first major novel of what would become one of the most illustrious literary characters in American history. Despite this James exhibited a clear ambivalence toward the final published product. James conducted some minor revisions to the story prior to publication of the British edition in 1878. The revisions were much more significant for the special New York Edition of the novel published in 1907 and also included a preface in which James outlined the faults that he found with the original version. One aspect of his novel with which James was in no way critical was the character of Christina Light. So enamored of his creation was he in fact that James wrote an entire novel just for her. Christina is the title character of his 1886 novel *The Princess Casamassima*.

Encyclopedia of the British Novel Virginia Brackett, Victoria Gaydosik, 2015-04-22 Praise for the print edition comprehensive Recommended *Haunted Museum* Jonah Siegel, 2021-04-13 For centuries southern Europe and Italy in particular has offered writers far more than an evocative setting for important works of literature. The voyage south has been an integral part of the imagination of inspiration. *Haunted Museum* is a groundbreaking in-depth look at fantasies of Italy from the late eighteenth to the early twentieth centuries focusing on a literary tradition. Jonah Siegel terms the art romance the fantastic voyage south understood as the register of an ambivalent desire for art and a heightened experience of reality. Siegel argues that Italy's allure derives not only from its celebrated promise of unique natural beauty and prized antiquities but from the opportunity it offers writers to place themselves in relation to a web of prior accounts of travel to the native land of genius. Beginning with Goethe as the founding figure of the tradition *Haunted Museum* moves from a rich reframing of literature from the first half of the nineteenth century including new readings of works by Byron, Keats, and Barrett Browning and others to an ambitious examination of Henry James's well-known engagement with Europe newly understood as a response to this important literary legacy. Readings of works by Freud, Forster, Mann, and Proust demonstrate the longevity of the tradition of looking to Italy for the representation of desires as impossible to satisfy as they are to deny. **Critical Companion to Henry James** Eric L. Haralson, Kendall Johnson, 2009 Examines the life and writings of Henry James including detailed synopses of his works, explanations of literary terms, biographies of friends and family, and social and historical influences.
