In their own way, each of these individuals came up against the power of American national institutions to shape the directions of legal change.

The Rise and Fall of Morris Ernst, Free Speech Renegade Samantha Barbas, 2021-06-10 A long overdue biography of the legendary civil liberties lawyer, a vital and contrary figure who both defended Ulysses and fawned over J. Edgar Hoover. In the 1930s and 40s, Morris Ernst was one of America's best-known liberal lawyers. The ACLU's general counsel for decades, Ernst was renowned for his audacious fights against artistic censorship. He successfully defended Ulysses against obscenity charges, litigated groundbreaking reproductive rights cases, and supported the widespread expansion of protections for sexual expression, union organizing, and public speech. Yet Ernst was also a man of stark contradictions, waging a personal battle against Communism, defending an autocrat, and aligning himself with J. Edgar Hoover's inflammatory crusades. Arriving at a moment when issues of privacy, artistic freedom, and personal expression are freshly relevant, *The Rise and Fall of Morris Ernst: Free Speech Renegade* brings this singularly complex figure into a timely new light. As Samantha Barbas's eloquent and compelling biography makes ironically clear, Ernst both transformed free speech in America and inflicted damage to the cause of civil liberties. Drawing on

Ernst's voluminous cache of publications and papers Barbas follows the life of this singular idealist from his pugnacious early career to his legal triumphs of the 1930s and 40s and his later idiosyncratic zealotry As she shows today's challenges to free speech and the exercise of political power make Morris Ernst's battles as pertinent as ever **The Works of Lin Yutang**

Yangyang Long,2023-08-25 The Works of Lin Yutang is the first book to provide a comprehensive study of Lin Yutang's translation theory and translated and written works in English as a whole examined from the perspective of his pursuit of recognition of cultural equity between China and the English speaking world The arc of the book is Lin's new method of translating China to the Anglophone world which is crucial to rendering Chinese culture as an equal member of the modern world This book identifies Lin's legacy of translation and recognition as his acknowledgement of source and target cultural territories in translation and at the same time his questioning of perspectives that privilege the authority of either This book will appeal to scholars and students in Translation Studies World and Comparative Literature Literary and Cultural Studies and Chinese Studies It can also be used as a reference work for practitioners in translation and creative writing Mighty Endeavor Blaine T. rise of the Bureau of Investigation the federal campaign against immigrant terrorists the grassroots effort to define and protect civil liberties and the establishment of anti communism as the sine qua non of American politics Many Americans saw the destruction of the World Trade Center as the first major terrorist attack on American soil an act of evil without precedent The Day Wall Street Exploded reminds us that terror too has a history Praise for the hardcover Outstanding New York Times Book Review Ms Gage is a storyteller she leaves it to her readers to draw their own connections as they digest her engaging narrative The New York Times Brisk suspenseful and richly documented The Chicago Tribune An uncommonly intelligent witty and vibrant account She has performed a real service in presenting such a complicated case in such a fair and balanced way San Francisco Chronicle
