Roland Allen Pioneer Priest And Prophet:

Roland Allen Hubert J. B. Allen, Lesslie Newbigin, 1995-08-01 The absorbing story of an extraordinary man whose convictions have helped shape the worldwide Anglican Communion Roland Allen's radical questions about the church's approach to evangelism are a must read for those who serve as ordained and lay leaders in the 21st century Foreword by Lesslie Newbigin With Wm B Eerdmans Publishing Co

Roland Allen Steven Richard Rutt, 2018-01-01 The book is an analysis of the context and development of Roland Allen's missiology with a specific focus on what shaped his missionary ecclesiology

Roland Allen's the Ministry of Expansion Roland Allen, 2017-09-01 The Priesthood of the Laity Roland Allen was one of the most influential mission thinkers of the twentieth century As a High Church Anglican he had great respect and value for Church tradition but was quick to confront cultural preferences when they appeared to contradict biblical prescriptions The Ministry of Expansion The Priesthood of the Laity reflects his thoughts that dealt with Communion related activities in the Majority World where the Anglican Church did not have well developed church structures and priests In this work Allen argues that there are times and circumstances when non clergy must take the lead in the administration of Holy Communion Written around 1938 The Ministry of Expansion The Priesthood of the Laity has remained unpublished until now The work you hold represents one of the last book length manuscripts written by Allen and includes a collection of articles by contemporary Allen scholars Though nearly eighty years since he first put pen to paper Allen's principles and convictions still speak to the Church with great gravitas What should be the response when the Church's cultural preferences are unable to keep up with the work of the Spirit on the mission field This was a not only a question in Allen's day but one for every generation of believers

Roland Allen II Steven Richard Rutt, 2018-01-01 In *Roland Allen A Theology of Mission* a companion work with *Roland Allen A Missionary Life* Steven Richard Rutt completes a portrait of Roland Allen 1868 1947 in this intellectual biography Extensive archival evidence discloses how apostolic principles formed the basis for Allen's missionary theology Although it is well known that Allen's hermeneutical ideas were born of Pauline principles Steven Richard Rutt expounds the ways in which Allen's missionary experiences had profoundly impacted Allen's theological beliefs Allen wrote about his findings in letters sermons articles and books some of which were never published Allen's writings tenaciously challenged the methodology of colonial missionary societies and exposed the causes hindering Church expansion failures occurred in missions due to the imposition of Western missionary paternalism and institutional devolution Allen advocated the empowerment of indigenous churches to apply the principles of self government and self support He asserted the importance of the Pauline concept of Spirit and order which encompasses both the doctrine of the Holy Spirit as well as that of the Church Allen's diagnosis of the missionary situation and the proposed ways to restore apostolic order presented contemporary controversy but since his death we have seen the importance of Allen's ideas in Mission studies grow steadily With an expert evaluation of Allen's theological insight *Roland Allen A Theology of Mission* also offers a superb contribution

to the discipline of historical theology and historical missiology as Rutt delves into a contextual assay into the missionary landscape of the nineteenth and the twentieth centuries

Mission-shaped Questions Steven Croft, 2010-09-01 Mission Shaped Church launched a movement Mission Shaped Questions addresses the big theological and practical queries that movement unleashed including What exactly is church Can we develop churches that can transform culture Can we be missionshaped and kingdom focused too

Missionary Methods Craig Ott, J.D. Payne, 2013-06-15 One hundred years ago Roland Allen authored his landmark study *Missionary Methods St Paul's or Ours* The 2012 annual conference of the Evangelical Missiological Society celebrated this centennial by addressing this ever relevant topic The present volume brings to readers insights from that conference examining the theological foundations historical precedence and practical challenges regarding missionary methods Missiologists missionary practitioners and strategic leaders alike will benefit from these essays which give fresh perspective on methods for fulfilling the Great Commission in our day

Grasping Truth and Reality Donald Le Roy Stults, 2009-02-26 When Lesslie Newbigin returned to Britain in 1974 after years of missionary service he observed that his homeland was as much a mission field as India where he had spent the majority of his missionary career He concluded that the Western world needed a missionary confrontation Instead of the traditional approach to missions however Newbigin realized that the Western world needed to be confronted theologically From his earliest days at Cambridge University Newbigin developed the theological convictions that shaped his understanding of the Christian faith and he used these theological convictions as criteria to evaluate the belief system of Western culture and to provide an answer to its dilemma The Enlightenment reintroduced humanism and dualism into Western culture which resulted in the loss of purpose and the rise of scepticism This book discusses Newbigin's theological convictions and how they factored into both his critique of and his solution to Western culture's spiritual and worldview problems Donald Le Roy cleverly explains Newbigin's solution to reintroduce the Christian belief system into Western culture in order to restore purpose and truth to Westerners and put them back in contact with true reality through Jesus Christ

Paul the Missionary Eckhard J. Schnabel, 2010-01-28 Drawing on his monumental scholarly study *Early Christian Mission Volume 2* Eckhard J. Schnabel gives us an overview of Paul's missionary practices strategies and methods and then weighs contemporary evangelical missiology and practice in light of Paul

Mighty England Do Good Steven S. Maughan, 2014-08 In late Victorian and Edwardian England says Steven Maughan foreign missions had a broad resonance and significance not adequately explored by historians of English culture *Mighty England Do Good* fills that lacuna by examining the rapid growth of foreign missions in the Church of England between 1850 and 1915 culminating at the height of the missionary enterprise in Britain Maughan's book bridges the gaps between religious cultural and imperial history to give a full picture of the movement's importance Maughan explores Anglicanism as a microcosm of the larger religious culture of Britain particularly in light of the expanding British empire This book provides a multidimensional reassessment of the power that foreign missions had to shape belief

institutions culture and practice not only within the Church of England but also in the broader culture of the time *The A to Z of Anglicanism* Colin Buchanan,2009-08-04 Anglicanism arguably originated in 1534 when Parliament passed the Act of Supremacy which transferred papal power over the Church of England to the king Today approximately 550 dioceses are located around the world not only in England but also everywhere that the British Empire s area of influence extended With an estimated total membership of about 75 million Anglicanism is one of the largest and most varied Christian denominations With such a long history and widespread flock it is not easy to keep track of the variations of a religious community that has not ceased adapting since its inception Hundreds of entries on significant persons and events concepts and institutions rituals and liturgy and national communities make this an invaluable reference for religious historians theologians and researchers Also included are an introduction a chronology that traces the church s evolution over time and a bibliography

Roland Allen Hubert J. B. Allen,1995 The absorbing story of an extraordinary man whose convictions have helped shape the worldwide Anglican Communion Roland Allen s radical questions about the church s approach to evangelism are a must read for those who serve as ordained and lay leaders in the 21st century Foreword by Lesslie Newbigin With Wm B Eerdmans Publishing Co

Edward Irving Reconsidered David Malcolm Bennett,2014-11-04 Samuel Taylor Coleridge called Edward Irving a minister of Christ after the order of Paul Edward Irving was a great preacher probably the best in Georgian Britain He was also a profound theologian and a caring pastor Yet it is a strange fact of history that this Paul like minister of Christ was eventually removed from the church he had made famous unfairly expelled from his denomination for heresy and at the end of his brief life was demoted in the sect that emerged from his ministry Towards the end of Irving s life charismatic gifts emerged in his church amidst great controversy He had already developed a theological rationale for such gifting and his extensive teaching on spiritual gifts is still widely consulted today Edward Irving was and is a controversial figure It is time that his life ministry and teaching were reconsidered Who was Edward Irving How did he live What made him outstanding What made him so controversial What is his legacy These are the questions answered in *Edward Irving Reconsidered* It is a compelling story as sad as it is powerful

Tentmaking Kurt T. Kruger,2020-09-29 Would it

surprise you to know that New Testament scholars missiologists and church planting authorities cannot agree on how to define tentmaking whether or not the church should be practicing it today or even why Paul did it in the first place It's true In Tentmaking the widespread confusion and overall disagreement within the church regarding Paul's self support are exposed Commonly held assumptions are removed from their entrenched positions and myths are debunked In their place Tentmaking offers an unadorned yet powerfully convincing presentation of Paul's own self disclosed reasons for intentionally selecting to support himself in some ministry contexts but not others This well researched book provides answers to crucial questions that currently surround tentmaking as well as a practical guide intended to lead to the recovery of biblical tentmaking within the church Readers who pick up this book should be prepared to embark on an engrossing journey that will reward them with clarity on the often misunderstood topic of Paul's tentmaking

The Priesthood of All Students

Timothée Joset, 2023-06-30 Drawing on archival records and firsthand accounts this work explores the history theology and missiology of the International Fellowship of Evangelical Students IFES It examines how IFES's commitment to immediacy mediation and participation are grounded upon a firm belief in the priesthood of all believers and a missional ecclesiology that presupposes God's involvement in all aspects of life including the university It traces the impact of diverse cultures and theologies upon the manifold expressions of mission IFES has engaged and the role of IFES in extending the presence of God's people in places and among ideologies where traditional church structures have limited access This book is a powerful reminder of the transformative impact created when believers whether students or otherwise participate in the missio Dei as faithful and creative witnesses in their own contexts Bearing relevance for all those interested in a Christian perspective on the university or the theological reverberations of student ministry it also offers a robust theological framework for understanding the legitimacy of parachurch organizations and lay ministry

Christian Ritualizing and the Baptismal

Process Susan Marie Smith, 2011-11-15 Most people even non Christians know that Christians gather for worship once a week and that they are right there to support each other when there is a baptism or a wedding or a funeral But what about other poignant vulnerable or life changing times How does the church help people handle changes that in the past in Christendom were considered secular Does the church have a role at retirement when one's ministry changes or when a family's children leave home and familiar patterns seem to grind to a halt Is there any rite possible for someone who is called to Christian ministry but not to ordination Or to someone whose vows are broken in divorce Christian Ritualizing and the Baptismal Process asserts that baptism marks the beginning of a process of participation in Christ's ministry so that no part of life can finally be considered secular Susan Marie Smith shows how every passage healing and ministry vocation is holy and she lays the groundwork needed for every church to create the rituals necessary to lament and celebrate the endings and beginnings that happen in every Christian life

Biographical Dictionary of Christian Missions Gerald H. Anderson, 1999

The book also features cross references throughout a bibliography accompanying each entry an elaborate appendix listing

biographies according to particular categories of interest and a comprehensive index BOOK JACKET Paradigm Wars
 Keith E. Eitel, 2000 Eitel uses Southern Baptist Mission history to call for a paradigm shift in contemporary mission and
 practice in the Southern Baptist Convention **Thomas Cochrane and the Dragon Throne** Andrew E. Adam, 2018-11-15
 In 1897 Tom Cochrane a young doctor arrived with his bride in Inner Mongolia China's northernmost territory Three years
 later after labouring single handedly in a mud floored dispensary he realized that his work was a drop in a sea of suffering A
 radical new approach was needed He was gripped by the vision of a Western medical college and teaching hospital in Peking
 In 1900 the Boxer uprising broke out Fanatics roamed the countryside crying Kill the foreigners Kill them before breakfast
 The Cochranes and their three little boys fled as thirty thousand Christians and hundreds of missionaries were butchered
 Undeterred Tom returned to Peking in 1901 to treat beggars and lepers in converted mule stables After bringing a major
 cholera epidemic under control he won allies at the imperial court With the help of the chief eunuch he gained the support of
 the dreaded Empress Dowager In 1906 Cochrane established the Union Medical College in Peking China's first Western
 medical school It still stands today a prestigious academic centre its missionary origins forgotten but it is one of countless
 seeds planted by Christians in China *Choosing the Kingdom* John A. Dally, 2008-01-01 Today the Christian faith is moving
 through one of the greatest sea changes in its two thousand year history and we can no longer assume we know exactly what
 kind of animal preaching is or ought to be Choosing the Kingdom is both a work of theology and a how to guide for preachers
 who want to rethink both the form and the content of their preaching to move a congregation from maintenance to mission
 As a post Christendom church reorients itself toward the mission of God what might preaching look like If we're truly living
 through one of the great sea changes in the history of the Christian faith can preaching remain the same Do we speak as
 bureaucrats in an imperial hierarchy anticipating automatic acceptance of our message or as servants of the reign of God
 bringing news of God's activity in history as fresh as today's headlines Is the announcement of the gospel a demand for
 submission or an invitation to wisdom Choosing the Kingdom explores these issues and offers an entirely new orientation to
 sermon preparation It offers concrete suggestions for a reconception of preaching for those whose imaginations have already
 been captured by the possibilities inherent in a missional identity
