Harv Eker, 2005 Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it Have you ever wondered why some people seem to get rich easily while others are destined for a life of financial struggle Is the difference found in their education intelligence skills timing work habits contacts luck or their choice of jobs businesses or investments The shocking answer is None of the above In his groundbreaking **Secrets of the Millionaire Mind** T Harv Eker states Give me five minutes and I can predict your financial future for the rest of your life Eker does this by identifying your money and success blueprint

We all have a personal money blueprint ingrained in our subconscious minds and it is this blueprint more than anything that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money, and if somehow you do, you will most likely lose it. The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and revise it to not only create success but more important, to keep and continually grow it. In Part II, you will be introduced to seventeen Wealth Files which describe exactly how rich people think and act differently than most poor and middle class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately, your current money blueprint will tend to stay with you for the rest of your life unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple: If you think like rich people think and do what rich people do, chances are you'll get rich too.

SUMMARY - Secrets Of The Millionaire Mind: Mastering The Inner Game Of Wealth By T. Harv Eker Shortcut Edition, 2021-06-04. Our summary is short, simple, and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you will learn that being rich is a legitimate, desirable goal, and many people want to become rich. Yet only a small minority achieve it, while others suffer from their financially unfulfilling lives. How do you explain this paradox? The truth is that becoming rich is not only by far a matter of relationships, knowledge, or even opportunities, as is too often believed; it is first and foremost a state of mind. Learning how to change it is the real secret to success. You will also learn that the material world is the product of one's inner world; that everyone is limited by his inner financial program; how to change this program; how to overcome obstacles; that quality management and wealth are linked to become better and to help others. It was after it was suggested to him to think like the rich that the author had a revelation. He, who had failed in his business start-ups without really knowing why, who was on the verge of bankruptcy, is now success incarnate; he is a multimillionaire. In *The Secrets of a Millionaire Mind*, he reveals his secrets of success and assures that anyone can achieve it just as quickly.
